The High Cost of Free Parking Donald Shoup,2017-10-20 One of the American Planning Association's most popular and influential books is finally in paperback, with a new preface from the author on how thinking about parking has changed since this book was first published. In this no-holds-barred treatise, Donald Shoup argues that free parking has contributed to auto dependence, rapid urban sprawl, extravagant energy use, and a host of other problems. Planners mandate free parking to alleviate congestion but end up distorting transportation choices, debasing urban design, damaging the economy, and degrading the environment. Ubiquitous free parking helps explain why our cities sprawl on a scale fit more for cars than for people, and why American motor vehicles now consume one-eighth of the world's total oil production. But it doesn't have to be this way. Shoup proposes new ways for

cities to regulate parking – namely, charge fair market prices for curb parking, use the resulting revenue to pay for services in the neighborhoods that generate it, and remove zoning requirements for off-street parking. Such measures, according to the Yale-trained economist and UCLA planning professor, will make parking easier and driving less necessary. Join the swelling ranks of Shoupistas by picking up this book today. You'll never look at a parking spot the same way again.

High Cost of Free Parking Donald Shoup, 2021-02-25 Off-street parking requirements are devastating American cities. So says the author in this no-holds-barred treatise on the way parking should be. Free parking, the author argues, has contributed to auto dependence, rapid urban sprawl, extravagant energy use, and a host of other problems. Planners mandate free parking to alleviate congestion, but end up distorting transportation choices, debasing urban design, damaging the economy, and degrading the environment. Ubiquitous free parking helps explain why our cities sprawl on a scale fit more for cars than for people, and why American motor vehicles now consume one-eighth of the world's total oil production. But it doesn't have to be this way. The author proposes new ways for cities to regulate parking, namely, charge

fair market prices for curb parking, use the resulting revenue to pay for services in the neighborhoods that generate it, and remove zoning requirements for off-street parking.

Double-Parked, with Tosca Ellen Kaufman, 2021-05-14 Ellen Kaufman's *Double-Parked, with Tosca* navigates the natural and the manmade—often with an eye on their strained juxtaposition—or unravels the complex dynamics of the physical, social, and political. Kaufman can go from elegizing an Elizabethan old dress past to the environmentally conscious now [when] the polar caps / undress themselves. She weaves the history of early settlements and their challenges and triumphs over the sometime inhospitable land; or negotiates the melding and mismatch of cultures in her native New York City. Kaufman's poems assert their claim inside violence, indifference, and exclusion. This surefooted second collection is a fitting special honoree for the 2019 Able Muse Book Award.

PRAISE FOR DOUBLE-PARKED, WITH TOSCA Ellen Kaufman's poems pierce the reader the way a needle pierces fabric. With a stunningly precise apprehension of the real, she stitches immigration histories and the intimacies of family life, cityscapes and suburban developments, the recent past and the perilous future. She has the power to shapeshift, too, so that we

experience, as if from inside, the hidden life of a retired battleship, an algae bloom, a bird nesting in a traffic light. Marked by grief, endurance, and the truths of beauty made manifest, these are essential poems. - Jennifer Barber, author of *Works on Paper*

Ellen Kaufman's absolutely terrific second book can fearlessly slash through pretext, but also cohere unlikely pairs through the X-ray delicacy of an ace metaphorist. She can use he wanted to get laid as a refrain in a satisfyingly avenging villanelle, and also see how a beret looks like a fluffy flounder, and a chandelier handed down through generations rattles like a skeleton. A tick can alternate stanzas with its host, and an orchestra can create a landscape from its instruments. Kaufman uses form-including a masterful crown of sonnets about her father's end of life-and the speaker herself takes form in persona poems of NYC landmarks; of the USS Intrepid, she writes, the old moon / shuttle Discovery perches / like an aphid on a rose leaf. I bet you never heard that before! And so you will feel about this whole body of poems. Kaufman's wit, her craft, her vision-this book celebrates their collaboration. - Jessica Greenbaum, author of *Spilled and Gone*

As a young person, the best poem I ever read in my life was a Petrarchan sonnet by Ellen Kaufman-before I even knew what a Petrarchan

sonnet was. Now, in reading Ellen Kaufman's newest book, Double-Parked, with Tosca, I immediately see everything I want poetry to be: imaginative, evocative, observant, musical, filled with sound and living breath, and brilliant. I can't recommend this book and this author enough. - Nicholas Samaras, author of American Psalm, World Psalm ABOUT THE AUTHOR: Ellen Kaufman's first collection, House Music, was a finalist for the Able Muse Book Award (Able Muse, 2013). A poem from that book won the Morton Marr Poetry Prize awarded by Southwest Review, where it also appeared. Her poems have also been published by Beloit Poetry Journal, Carolina Quarterly, Epoch, Hampden-Sydney Poetry Review, the New Yorker, Poetry Northwest, Salamander, Shenandoah, the Yale Review, and other literary magazines. Twice a MacDowell Fellow (2009 and 2013), she holds an AB from Cornell, and MFA and MSLS degrees from Columbia University. Formerly a poetry reviewer for Library Journal, she now reviews for Publishers Weekly. She lives near Straus Park in upper Manhattan.

Grounders Leonard Love Matlick, 2022-04-30 Grounders are cop slang for easy open and solved cases. A husband kills his wife, a bar-fight with a knife or a gun, cases quickly solved in two or three days. Cops love this and get credit for promotion for easily solving cases. In Grounders the NYPD cops find that this murder of a cook is much more than a simple grounder. It involves the Chinese Tong gangs in NYC, Peruvian rebels who want to overthrow their government by using “magic rocks” that were left from an alien civilization like Stargate in Machu-Picchu, and a love story between a detective and a Tong leader’s granddaughter. Grounders combines everything; murder, love, greed, drugs, and rebels amid the backdrop of detectives trying to solve a murder mystery. Leonard Love Matlick is an engineer, writer, and life-coach. He works designing and maintaining NYPD police precincts. He has previously published Cops lie! and The success and confidence manual.

QED, Queen's Experiments in Detection Ellery

Queen, 2015-07-28 The legendary detective investigates the death of a chrysanthemum king, as well as fourteen other mysteries in this short story collection. When Godfrey Mumford retired to focus

on his chrysanthemums, he was worth a little over \$5 million. A decade later, his family gathered for his birthday, he delivers shocking news: Thanks to poor investments on behalf of his financial manager, every penny is gone. The house is mortgaged, the stocks are sold—the only valuable item remaining is a priceless chrysanthemum pendant that once belonged to the emperor of Japan. It is Mumford's prized possession, and it will be his doom. Soon after Mumford is paralyzed by a stroke, he is found murdered. The bizarre death catches the eye of world-famous detective Ellery Queen, who will unravel the mystery of this novella, Mum's the Word, with the same elegance that he brings to each of the stories in this marvelous collection.
