The Rust Programming Language (Covers Rust 2018) Steve Klabnik,Carol Nichols,2019-09-03 The official book on the Rust programming language, written by the Rust development team at the Mozilla Foundation, fully updated for Rust 2018. The Rust Programming Language is the official book on Rust: an open source systems programming language that helps you write faster, more reliable software. Rust offers control over low-level details (such as memory usage) in combination with high-level ergonomics, eliminating the hassle traditionally associated with low-level languages. The authors of The Rust Programming Language, members of the Rust Core Team, share their knowledge and experience to show you how to take full advantage of Rust's features-- from installation to creating robust and scalable programs. You'll begin with basics like creating functions, choosing data types, and binding variables and then move on to more advanced concepts, such as: Ownership and borrowing, lifetimes, and traits Using Rust's memory safety guarantees to build fast, safe programs Testing, error handling, and effective refactoring Generics, smart pointers, multithreading, trait objects, and advanced pattern matching Using Cargo, Rust's built-in package manager, to build, test, and document your code and manage dependencies How best to use Rust's advanced compiler with compiler-led programming techniques You'll find plenty of code examples throughout the book, as well as three chapters dedicated to building complete projects to test your learning: a number guessing game, a Rust implementation

of a command line tool, and a multithreaded server. New to this edition: An extended section on Rust macros, an expanded chapter on modules, and appendixes on Rust development tools and editions.

Anthem Ayn Rand,2019-11-20 Anthem is a novel by the brilliant American writer Ayn Rand. Born and educated in Russia, Rand emigrated to the United States in 1926. Having anticipated the dangers of communism, Rand developed a philosophical system she called objectivism. According to her system, as opposed to communist collectivism, human individuality, freedom, and talent are proclaimed the biggest good. In Anthem, Rand describes a dystopian society where the concept of individuality is eliminated. The novel tells about the young man known as Equality 7-2521, who rebels by doing secret scientific research, which the government forbade. When his activity is discovered, he flees into the wilderness with the girl he loves. Together they plan to establish a new society based on rediscovered individualism.

The Howling Gary Brandner,2011-08-01 Karyn and her husband Roy had come to the peaceful California village of Drago to escape the savagery of the city. On the surface Drago appeared to be like most small rural towns. But it was not. The village had a most unsavory history. Unexplained disappearances, sudden deaths. People just vanished, never to be found.--From back cover.

After the Revolution Robert Evans,2022-05-10 What will the fracturing of the United States look like? After the Revolution is an edge-of-your-seat answer to that question. In the year 2070, twenty years after a civil war and

societal collapse of the old United States, extremist militias battle in the crumbling Republic of Texas. As the violence spreads like wildfire and threatens the Free City of Austin, three unlikely allies will have to work together in an act of resistance to stop the advance of the forces of the white Christian ethnostate known as the Heavenly Kingdom. Our three protagonists include Manny, a fixer that shuttles journalists in and out of war zones and provides footage for outside news agencies. Sasha is a teenage woman that joins the Heavenly Kingdom before she discovers the ugly truths behind their movement. Finally, we have Roland: A US Army vet kitted out with cyberware (including blood that heals major trauma wounds and a brain that can handle enough LSD to kill an elephant), tormented by broken memories, and 12,000 career kills under his belt. In the not-so-distant world Evans conjures we find advanced technology, a gender expansive culture, and a roving Burning Man-like city fueled by hedonistic excess. This powerful debut novel from Robert Evans is based on his investigative reporting from international conflict zones and on increasingly polarized domestic struggles. It is a vision of our very possible future.

Creating EPUB E-books Using EPUB Editors and Converters Dr. Hidaia Mahmood Alassouli, 2020-11-02 Creating E-books in epub format is very important to sell E-books in electronic book stores. Most publishing and distribution E-book stores will not accept the epub format document for E-book if it includes any warnings or errors when validated and that is a very big

challenge to all authors. I devoted this book to evaluate some tools that can be used for creating, validating and editing E-books to be in proper Epub format without errors. Personally, I suggest the following guidelines for preparing E-book in Epub format.

- Write the document in Microsoft word as .docx file. Make sure to properly setup the h1 headings and h2 headings and h3 headings on each section of the document as these data are the most important data used by the Epub management software to convert the document to epub format.
- Convert the Microsoft document to Epub format using Calibre E-book management software. Add all required metadata and the cover and also create a table of contents when converting the file.
- Using any Epub reader, check if the layout of epub document according to the headings you made on the word document is good and comfortable to any reader.
- Validate the epub document to see if it has errors and warnings using the website <http://validator.idpf.org>.
- Then try to troubleshoot and identify the exact location of the errors detected by the epub validator on the epub document by tracing the code view of the epub document using Sigil epub editor. Then, modify the word document to eliminate the errors. And reconvert the word document to epub format using Calibre E-book management software. Validate the updated epub document for any errors again.

This book contains the following sections:

1. Some online publishing and distribution stores
2. Epub Validators
3. Creation Epub file through online websites
4. Common software's to convert a file to Epub format
5. Converting document to Epub format using

Calibre software 6. Editing Epub documents using Sigil Epub Editor

You Will Bow Down Nicholas Bella, 2020-06-28 Dominic: I don't even recognize my best friend, Dante, anymore. Especially not after what he did to me. Turning me into some vampire/wolf monster. I don't even know what to do next and I'm still hungry. God, I can't do this... I can't kill innocent people for food. What am I going to do? Noel: Waking up tonight, I've got a few things on my mind. First things first, I've got a sexually frustrated brother in the dungeon who's probably going out of his mind with the need to release. I promised I wouldn't make him wait, so I won't. But after that... Theoden has left the fate of the prisoner in our cell, Jules, up to me. He's a friend of mine, I recruited him, but now I'm supposed to decide if he lives or dies. I can't help but feel that this is a test, one I can't fail. Deacon: Oh, the look on Theoden's face when he realized that I outsmarted him. I bet that doesn't happen often, if at all. In the end, I have more territory that I don't have to share. I did it all without jeopardizing my alliance with him. Now, we just have to see what Laurent and Akio will do next. Kendrick: I must say, things are turning out to be very interesting. I didn't expect to have to deal with the female Alpha mate of Laurent when I took him out. But she is proving to be fiesty and I like that in a woman. This tournament to decide who gets to keep this territory may prove to be one of the most entertaining things I've seen in a long time. Still, regardless of the outcome... I've already decided that this entire colony is mine for the taking. Theoden: Something isn't right and I don't like when things don't go according to how

I expect them to. There should have been an attack on Josef's territory from Laurent and Akio, but nothing. Are they pulling back now that they know Deacon betrayed Selena or is there something else at play? I don't like the unknown and Josef and I need to figure out just what in the hell is going on and fast. Warning: This dark fantasy series is highly addictive, and fans have complained that it's all they can think about, oftentimes re-reading each book until their next fix. Be further warned: This serial contains strong adult content not meant for sensitive eyes as each episode will be filled with dark, twisted, violent, raunchy and steamy scenes between powerful, sexy men that will either offend you or get ya revved up. This series will not be pulling any punches, and it won't apologize for hurting your feelings, either. You'll find no fluff and ruffles here. The vampires are not misunderstood, hopeless romantics looking for love. The werewolves are not cute and cuddly and the dragons aren't the ones from your childhood. This is NOT a romance.

The Painted Veil William Somerset Maugham, 1925 Kitty Fane's affair with Assistant Colonial Secretary Townsend is interrupted when she is taken from Hong Kong by her vengeful bacteriologist husband to work in a cholera epidemic.

Flipped Wendelin Van Draanen, 2003-05-13 A classic he-said-she-said romantic comedy! This updated anniversary edition offers story-behind-the-story revelations from author Wendelin Van Draanen. The first time she saw him, she flipped. The first time he saw her, he ran. That was the second grade, but not much has changed by the seventh. Juli says: "My Bryce. Still walking around with my first kiss." He says: "It's been six years of strategic avoidance and social discomfort." But in the eighth grade everything gets turned upside down: just as Bryce is thinking that there's maybe more to Juli than meets the eye, she's thinking that he's not quite all he seemed. This is a classic romantic comedy of errors told in alternating chapters by two

fresh, funny voices. The updated anniversary edition contains 32 pages of extra backmatter: essays from Wendelin Van Draanen on her sources of inspiration, on the making of the movie of *Flipped*, on why she'll never write a sequel, and a selection of the amazing fan mail she's received. Awards and accolades for *Flipped*: SLJ Top 100 Children's Novels of all time IRA-CBC Children's Choice IRA Teacher's Choice Honor winner, Judy Lopez Memorial Award/WNBA Winner of the California Young Reader Medal "We flipped over this fantastic book, its gutsy girl Juli and its wise, wonderful ending." – The Chicago Tribune "Van Draanen has another winner in this eighth-grade 'he-said, she-said' romance. A fast, funny, egg-cellent winner." – SLJ, Starred review "With a charismatic leading lady kids will flip over, a compelling dynamic between the two narrators and a resonant ending, this novel is a great deal larger than the sum of its parts." –Publishers Weekly, Starred review
