

Dr Checkers Draughts Game

Andrew Anderson,Robert MacCulloch

The History of Checkers (Draughts) Govert Westerveld,2013-06-26 The modern game of chess started around 1475 in Spain when the queen and bishop got a much more powerful move. It was called Mad Queen Chess. These new rules quickly spread throughout western Europe and in Spain. The enhanced move for the chess queen started after the coronation of the powerful queen of Spain Isabella I. The historical records duly note that Queen Isabella I was crowned with the sword of justice raised in front of her, and the sceptre and throne were given to her. This allusion to the real-world event is so clear within the Scachs d'Amor poem to Isabella's actual coronation that the inspiration of Queen Isabella for the new chess queen and powerful dama of the draughts game is unquestionable. The Spaniards like the Moors, played a game on the board of lines and called it alquerque. The game became modern draughts through being transferred to the chessboard around that time. This book is the result of at least 30 years investigations in the Spanish archives

A Complete Guide to the Game of Draughts ... James Lees,1892

The Literature of Checkers; Embracing All the Books, Pamphlets, and Magazines on the Game of English Draughts, Commonly Known As Checkers William Timothy Call,2013-09 This historic book may have numerous typos and missing text. Purchasers can usually download a free scanned copy of the original book (without typos) from the publisher. Not indexed. Not illustrated. 1908 edition. Excerpt: ... THE LITERATURE OF CHECKERS. I Willlam Payne. An Introduction to the Game of Draughts. London, 1756. Last page number, 67.. Present value, \$15. This is the first work on the game of checkers printed in the English language. It contains fifty games, fourteen critical situations, and twenty-four stroke problems. The dedication notice and preface were written by Dr. Samuel Johnson, the lexicographer; but his name does not appear. This book has held the respect of all succeeding checker authors and compilers. A reprint, bearing the same date as the original issue, was published in (perhaps) 1795. In the original the name of the author on the title page is followed by the line, Teacher of the Mathematics. In the reprint the word the is omitted from the line. In the fortysixth game of the original the word drawn does not appear at the end of the play. In the reprint it does appear. The tailpiece ornamenting page 59 of the original may be roughly described as a crown resting on a three-cornered table. The tailpiece to the same page of the reprint may also be roughly described as a bouquet supported by two birds. The reprint is worth \$10 a copy. 2 Hoyle's Games. The first edition of this perennial handbook, a treatise on the game of whist by Edmond Hoyle, was issued in 1742. The second and third editions were issued in the succeeding year, 1743. An article on chess appeared in the edition of 1761. In 1779 Hoyle's Games, revised and corrected by Charles Jones, opened its pages to the game of checkers for the first time, by reprinting a part of Payne's work, under headlines reading as follows: By permission of Mr. Payne; an extract from his game of draughts. Containing twenty select games, together with many critical situations for drawn...

Basic Checkers Richard L. Fortman,2010-06-01 Richard L. Fortman's classic 3-move checkers textbook revolutionized tournament and match play, and is still a standard reference for the serious player three decades later. This special reissue corrects typos in the original, using modern typesetting tools not available to Mr. Fortman in his day to achieve a clean and readable presentation.

Draughts Or Checkers for Beginners Henry Spayth,1866

R. D. Yates, Checker Player (Classic Reprint) William Timothy Call,2016-06-26 Excerpt from R. D. Yates, Checker Player Dr. Samuel Johnson, the lexicographer, wrote the dedication and preface to An Introduction to the Game of Draughts, by William 'payne, published in London in 1756. That book is the first book in English devoted exclusively to draughts, or checkers, as the game is called in America - the pioneer of a literature of checker analysis and play, embracing nearly two hundred different books and more than two dozen different periodicals. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
