The Beginning Dr. Dino J. Pedrone,2019-05-10 A young man walks along a road leading to the Sea of Galilee. Messiahs were plentiful in the first century. In Judaism, the idea of Messiah referred to “a king appointed by the Almighty.” After the Hasmonean kingdom in the first century and the Roman-Jewish wars in the first two centuries, the idea of a Messiah expanded. The Messiah was considered to be “the individual who would deliver the Jewish people from the Roman Empire,” thus ushering in the golden age of Messiah. Now here comes another. A leader of a Jewish sect was crucified, and there were those who claimed he rose from the grave. It does sound a little preposterous. Messiahs could fill volumes with their plans and heroics, but the

obvious questions are, Where are they now? Where are their followers? A man who gathers twelve apparent misfits of society and leads them while he teaches, heals, delivers evil spirits, and raises some from the dead is certainly unique. Is he one of the many self-proclaimed Messiahs, or is he different? The faith that this man founded today represents nearly one-third of the world's population. The Beginning details how this movement started. From a small group called The Way to the conversion of a vitriolic Pharisee to meetings with well-known political activists the story begins. So snuggle up; get a nice, warm drink; and follow The Beginning—the early story of Christianity.

Dinosaurs and the Bible Brian Thomas, 2015-08-01 People of all ages are fascinated by dinosaurs. And they have a lot of questions about them too: When and where did dinosaurs live? Are they mentioned in the Bible? What does the fossil evidence tell us about dinosaurs? There are some people who say dinosaurs lived

millions of years ago, long before humans. But if the Bible is correct when it talks about God's creation of the world and universe, then dinosaurs and people both lived on the earth at the same time. Dinosaurs and the Bible explores the historical, scriptural, and fossil evidence about dinosaurs, and shares what we can know after many years of thoughtful, careful research.

American Pope Sean Swain Martin,2021-10-15 As arguably the most influential voice in American Catholicism, the vision that Scott Hahn offers in his works, read by millions of Catholics throughout the world, is one of the most formative in American Catholicism. His numerous books and public speaking engagements are shaping the American Catholic Church in a uniquely powerful manner. This work demonstrates that the Catholic vision that Hahn claims to be providing his audience is, in fact, always quite different from the one he actually presents. What he coins as Catholic faithfulness is instead a straightforward and damning Catholic fundamentalism. As this vision is delivered to millions of the faithful who look to Hahn as a trustworthy guide to an authentic life of Catholic faith, American Pope acts as a critical analysis of his work.
