In Praise of Stay-at-Home Moms Dr. Laura Schlessinger, 2009-04-07 They number in the millions and they are incredibly important to families and to our society, yet they are underappreciated, little respected, and even controversial. Who are they? They are the stay-at-home moms. These are women who know in their hearts that staying home to raise their children is the right choice for the whole family. Some do it from the outset of their marriages, while others make the difficult transition from career-driven women to homemakers. Either way, it is a choice that is incredibly rich and rewarding, not to mention challenging. Now Dr. Laura, building on principles developed during her long career as a licensed marriage and family therapist, provides a wealth of advice and support, as well as compassion and inspiration, to women as they navigate the wonders and struggles of being stay-at-home moms. Learn how: to hold your head high and deal with naysayers; to see the benefits of being home not only for your children but also for your marriage; to understand the changes you see in yourself; to realize that the sacrifices you endure now will make for lasting bonds and a stronger family, in addition to a more cohesive community. *In Praise of Stay-at-Home Moms* is a special book, a profound and unique understanding of how important it is for mothers to raise their own children.

The Power of Perception Shawn Andrews, 2017-12-18 *The Power of Perception: Leadership, Emotional Intelligence and the Gender Divide* serves as a practical guide to educate women, men and organizations on the barriers that keep women from fully contributing in the workplace. These include differences in leadership style and emotional intelligence, gender bias and stereotypes, breadwinner and caregiver responsibilities, and differences in gender culture which show up every day at work and home. *The Power of Perception* also explores significant changes in global demographic trends and how our youngest generations are impacting the workplace. *The Power of Perception* clearly illustrates the reasons that we don't see more women leading our global businesses. It has nothing to do with women's skills and competencies and everything to do with perceptions of women as leaders, as workers, as mothers, and as wives. These perceptions have a significant impact on promotion for many women. Perception is reality—and it's powerful. *The Power of Perception* provides personal stories of women's journeys, real-world examples, and is based on the author's own research as well as that of many others. Every chapter includes practical, easy-to-apply strategies, summary points, and reflection questions to empower women, men, and organizations to fully leverage talent and diversity.

Dr. Laura Vickie L. Bane, 2011-04-01 Dr. Laura Schlessinger is the hottest thing to hit national radio since Rush Limbaugh. Sixty thousand people call in to *The Dr. Laura Show* every day to get abused and berated for admitting their flaws and imperfections. Nearly twenty million people tune in across the country to listen to the humiliation, and more than 2.5 million have bought one of her bestsellers—with the latest book hitting bookstores this September. Dr. Laura has been the subject of countless articles, including features in *Vanity Fair* and *New York* magazine. And she recently announced that she has signed an exclusive deal for an hour-long, daily, innovative daytime TV program showcasing her unique insights into today's issues and problems, which will begin airing in the fall of 2000. Catering to a nearly spellbound cult following, Dr. Laura has built a veritable media empire by spreading moral wisdom and commonsense advice. But what the enchanted public doesn't know is that Schlessingers' own life is a labyrinth of contradictions—from her own divorce (she openly and adamantly chastises divorcees on the air) to her estrangement for her sister and mother (she is known for her supposedly emphatic adherence to family). And is the doctor really a licensed physician? Find out what classmates, colleagues, patients, and pals have to say about the real Dr. Laura! This book turns the tables on America's number-one moral drill sergeant and professional perfectionist, revealing the personal inconsistencies that define the guru himself.

A Word for Life Devotions Dr. Bernard A. Jones,2016-05-26 It was that great worshipper David that said, In Thy Presence is fullness of joy, at thy right hand there are pleasures for evermore (Ps. 16:11). A good devotional will help you get in the presence of God. This devotional will enhance your time of devotion, your special time with the Lord away from your local church. In order to worship God, you must first know God. A Word for Life Devotions will give you the knowledge and the understanding that is needed to really worship God. Each topic is designed to address specific times and places in our lives when it looks like we are far from God, when it looks like God has abandoned us. A good devotional will reveal God in your situation and calamity. God is with his children in good and in bad times, but occasionally we need a little help hearing from God. These devotions will help you hear from God through his word. Our quiet time with God should be a time of peace no matter the conflicts around us. Each of these devotions will help you see yourself in specific situations, causing you to properly adjust and realign your life. Each of these devotions ends in prayer, reminding us to take everything to God in prayer, to pray without ceasing. These devotions will help you get into Gods presence, know God in a powerful way, worship God in spirit and in truth, and help you end your devotion in earnest prayer to God. This devotional will minister to every season of your life. Most of these devotions are quoted from the King James Version of the Bible. However, some of the difficult scripture are quoted from the Amplified and Common English Bibles. If at all possible, keep this devotional with you at all times.
