Dragon's Ice: Book 1 Marion Artwood,2021-06-01 After a terrible accident, Freya wakes up in an unfamiliar place. Well, actually Freya isn't even her name but everyone calls her that now. Her hair is snowy-white now and when she is scared she can freeze things... Saved by a mysterious stranger, she finds herself in a new reality with mages, swords, knights, and dragons, where she has to survive and find a way home. And this is not easy since she pays attention to the wrong knight at a tournament without knowing his true identity and also meets with a certain piece of a prince (not prince charming at all). Enrolled into the Royal Academy of Magical Arts, she finds out that both of them are there as well and refuse to leave her alone. But can fire melt a heart of ice? And can true ice bring relief to a dragon?

The Ice Dragon George R. R. Martin,2014-10-21 The Ice Dragon is an enchanting tale of courage and sacrifice for young readers and adults by the wildly popular author of the #1 New York Times bestselling Song of Ice and Fire series, George R.R. Martin. Lavish illustrations by acclaimed artist Luis Royo enrich this captivating and heartwarming story of a young girl and her dragon. In the world of A Song of Ice and Fire the ice dragon was a creature of legend and fear, for no man had ever tamed one. When it flew overhead, it left in its wake desolate cold and frozen land. But Adara was not afraid. For Adara was a winter child, born during the worst freeze that anyone, even the Old Ones, could remember. Adara could not remember the first time she had seen the ice dragon. It seemed that it had always been in her life, glimpsed from afar as she played in the frigid snow long after the other children had fled the cold. In her fourth year she touched it, and in her fifth year she rode upon its broad, chilled back for the first time. Then, in her seventh year, on a calm summer day, fiery dragons from the North swooped down upon the peaceful farm that was Adara's home. And only a winter child—and the ice dragon who loved her—could save her world from utter destruction. This new edition of The Ice Dragon is sure to become a collector's item for fans of HBO's megahit Game of Thrones. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Ember and the Ice Dragons Heather Fawcett, 2019-10-01 A stunning middle grade fantasy about a girl who used to be a dragon and her adventure to save her new home—from Even the Darkest Stars author Heather Fawcett. Perfect for fans of the Nevermoor and His Dark Materials series. Ember St. George is a dragon. At least she was before her adoptive father—a powerful but accident-prone Magician—turned her into a human girl to save her life. Unfortunately, Ember's growing tendency to burst into flames at certain temperatures—not to mention her invisible wings—is making it too dangerous for her to stay in London. The solution: ship Ember off to her aunt's research station in frigid Antarctica. Though eccentric Aunt Myra takes getting used to, Ember quickly feels at home in a land of ice storms, mischievous penguins, and twenty-four-hour nights. She even finds herself making friends with a girl genius called Nisha and a mysterious orphan named Moss. Then she discovers that Antarctica is home to the Winterglass Hunt, a yearly tradition in which rare ice dragons are hunted for their jeweled scales. Furious, Ember decides to join the hunt to sabotage it from the inside. But being an undercover dragon isn't easy—especially among dragon hunters. Can a twelve-year-old fire dragon survive the dangers that come her way in the Antarctic wilderness and protect the ice dragons from extinction?
