Following close on the heels of *The Mark of Nerath*, Don Bassingthwaite picks up the action and takes the characters into the eye of a new kind of Dungeons & Dragons® adventure... Imprisoned in the void of a ruined universe by vengeful gods, Tharizdun—the Chained God, the Elder Elemental Eye—shares his exile with the Progenitor, a pool of liquid crystal that is all that remains of the Abyss that destroyed his universe. Enter our heroes Albanon, Shara and Uldane—all three adventurers readers will know from *The Mark of Nerath*. They thought their quests were over and done with, but danger still burns like the embers of a smoldering fire in the tall grass. The Progenitor was locked safely away, guarded by Albanon's dead master, but early on our heroes realize it was stolen and released in the presence of the green dragon Vestapalk as he fell at Shara's sword. Now, alerted to the danger of the liquid crystal by a mysterious cleric who claims allegiance to an order that has protected the substance for time immemorial, they must go in search of the dragon's body, to ensure his demise has not been exaggerated. What they discover has consequences that could change the world... From the Paperback edition.

Upon Dragon's Breath Trilogy Ava Richardson, Upon Dragon's Breath Trilogy. Dragons of Wild In a time of darkness, unlikely heroes will rise. The once-peaceful kingdom of Torvald has been ravaged by evil magic, forcing Riders to forget their dragons and their noble beasts to flee to the wilds. Now, anyone who dares to speak of dragons is deemed insane and put to death. Into this dark and twisted land, Saffron was born sixteen years ago. Blessed with the gift of dragon affinity, she has been forced into a life of exile, secretly dreaming of a normal life and the

family she lost. Scholarly and reclusive, Bower is the son of a noble house on the brink of destruction. His mission is to fulfill a mysterious prophecy and save his kingdom from the rule of the evil King Enric, but all he wants is to be left alone. When he meets Saffron, Bower gains a powerful ally—but her magic is too wild to control. Their friendship might just have the power to change the course of history, but when the Dark Mage King Enric makes Saffron a tempting offer, their alliance will be shaken to the core. *Dragons of Kings* The battle for Torvald begins. As the young heir of a noble house fallen into decay, Bower has reluctantly shouldered the mantle he was born with—that of Torvald's rightful king. It is his destiny to throw off the shackles of King Enric and lead his people to freedom, or so he's been told. With the help of the wild and untamed Dragon Rider Saffron, he hopes to unite his downtrodden people. It will take an uneasy alliance with a rogue band of Dragon Riders and their charismatic leader, Ryland, to challenge the Dark Mage king, but distrust threatens to tear apart the force that he's risked everything to build. Now, on the eve of battle, Bower will have to fulfill a mystical prophecy and become the leader he was born to be, or risk his future kingdom falling apart. Surrounded on all sides by deadly foes, he must face not only the evil king, but his deep doubts about himself. *Dragons of Dark* Saffron's resolve will be tested as the fate of a kingdom hangs in the balance. Young Dragon Rider Saffron and her faithful comrade, the rightful king Bower, have survived their first battle, but the war for Torvald is far from over. She warns the scholarly prince they must take action and adapt for the sake of their people, while their enemy—and her relative—King Enric waits in the wings. The powerful mage knows orphaned Saffron wishes for a family above all, and his offer to make her his heir may be too tempting to refuse. As both dragons and Riders struggle to return to the ways of old, from before the land fell into darkness, the evil king undermines their every move with spies and sabotage. Bower

knows their efforts are doomed without a final assault against the palace, but Saffron has doubts. Risking everything in a single attack isn't what concerns her—it's what victory may mean. She knows she must overcome her Maddox nature to save her people. Toppling the ruthless Enric means an end to one deadly threat, but will she be able to resist the temptation to use her wild magic to seize power for herself?
