The Face And The Mask Robert Barr, 2015-07-08 This early work by Robert Barr was originally published in 1894 and we are now republishing it with a brand new introductory biography. "The Face And The Mask" consists of twenty-four delightful short stories. Robert Barr was born on 16th September 1849 in Glasgow, Scotland, but he and his parents emigrated to Upper Canada when he was just four years old. He attended Toronto Normal School to train as a teacher and this career path led him to become headmaster of the Central School of Windsor, Ontario. During his time as a headteacher he began to contribute short stories to the Detroit Free Press, a publication for whom he left the teaching profession to become a staff member in 1876. He wrote for them under the pseudonym "Luke Sharp", a name he found amusing on a sign reading "Luke Sharpe, Undertaker" that he used to pass on his daily commute to work. He eventually rose to the position of news editor at the publication. In 1881 he left Canada for London to establish a weekly English edition of the Detroit Free Press. He remained in England to found *The Idler*, a monthly magazine he collaborated on with the popular humourist Jerome K. Jerome. During the 1890's he began to increase his literary production, writing mainly in the popular crime genre of the day. The success of his contemporary, Arthur Conan Doyle, and his super sleuth, Sherlock Holmes,

inspired him to write the first Holmes parody "The Adventures of Sherlaw Kombs". Despite this jibe Barr and Doyle remained on very good terms. Robert Barr died from heart disease on October 21, 1912, at his home in Woldingham, a small village to the south-east of London.

Fear Dat New Orleans: A Guide to the Voodoo, Vampires, Graveyards & Ghosts of the Crescent City Michael Murphy, 2015-10-01 By the author of the acclaimed *Eat Dat*, a brand-new guide to New Orleans's scary side, from Voodoo rituals to historic cemeteries and haunted mansions *Fear Dat New Orleans* explores the eccentric and often macabre dark corners of America's most unique city. In addition to detailed histories of bizarre burials, ghastly murders, and the greatest concentration of haunted places in America, *Fear Dat* features a "bone watcher's guide" with useful directions of who's buried where, from Marie Laveau to Ruthie the Duck Girl. You'll also find where to buy the most authentic gris-gris or to get the best psychic reading. The Huffington Post tagged Michael Murphy's first book *Eat Dat*, about the city's food culture, the #1 "essential" book to read before coming to New Orleans. *New Orleans Living* called it "both reverent and irreverent, he manages to bring a sense of humor to serious eating—and that's what New Orleans is all about." In *Fear Dat*, Murphy brings similar insights and irreverence to New Orleans voodoo, vampires, graveyards, and ghosts.

Fire in His Blood Ruby Dixon, 2017-01-11 Years ago, the skies ripped open and the world was destroyed in fire and ash. Dragons - once creatures of legend - are the enemy. Vicious and unpredictable, they rule the skies of the ruined cities, forcing humanity to huddle behind barricades for safety. Claudia's a survivor. She scrapes by as best as she can in a hard, dangerous world. When she runs afoul of the law, she's left as bait in dragon territory. She only has one chance to survive - to somehow 'tame' a dragon and get it to obey her. Except the dragon that finds her is as wild and brutal as any other...and he's not interested in obeying. What he is interested in is a mate.

Dungeon Crawler Carl Matt Dinniman, 2020-09-21 The apocalypse will be televised! A man. His ex-girlfriend's cat. A sadistic game show unlike anything in the universe: a dungeon crawl where survival depends on killing your prey in the most entertaining way possible. In a flash, every human-erected construction on Earth--from Buckingham Palace to the tiniest of sheds--collapses in a heap, sinking into the ground. The buildings and all the people inside have all been atomized and transformed into the dungeon: an 18-level labyrinth filled with traps, monsters, and loot. A dungeon so enormous, it circles the entire globe. Only a few dare venture inside. But once you're in, you can't get out. And what's worse, each level has a time limit. You have but days to find a staircase to the next level down, or it's

game over. In this game, it's not about your strength or your dexterity. It's about your followers, your views. Your clout. It's about building an audience and killing those goblins with style. You can't just survive here. You gotta survive big. You gotta fight with vigor, with excitement. You gotta make them stand up and cheer. And if you do have that it factor, you may just find yourself with a following. That's the only way to truly survive in this game--with the help of the loot boxes dropped upon you by the generous benefactors watching from across the galaxy. They call it Dungeon Crawler World. But for Carl, it's anything but a game.

Daughter of Smoke & Bone Laini Taylor, 2011-09-27 The first book in the New York Times bestselling epic fantasy trilogy by award-winning author Laini Taylor Around the world, black handprints are appearing on doorways, scorched there by winged strangers who have crept through a slit in the sky. In a dark and dusty shop, a devil's supply of human teeth grown dangerously low. And in the tangled lanes of Prague, a young art student is about to be caught up in a brutal otherworldly war. Meet Karou. She fills her sketchbooks with monsters that may or may not be real; she's prone to disappearing on mysterious errands; she speaks many languages--not all of them human; and her bright blue hair actually grows out of her head that color. Who is she? That is the question that haunts her, and she's about to find out. When one of the strangers--beautiful, haunted Akiva--fixes his fire-colored eyes on her in an

alley in Marrakesh, the result is blood and starlight, secrets unveiled, and a star-crossed love whose roots drink deep of a violent past. But will Karou live to regret learning the truth about herself?

The Animated Film Encyclopedia Graham Webb, 2000 Animated films often bring to mind images of Saturday morning cartoons on television, but at one time, animated films, both long and short, were found mostly on the silver screen as part of the featured program. In 1977, George Lucas even specially requested a cartoon to open Star Wars-Duck Dodgers and the 24th Century, featuring Daffy Duck. In its rich history, cinematic animation has developed from silent monochrome images to sound-filled shorts that ran with newsreels and adventure serials-to animation sequences used to enliven commercials or live-action films-and finally to feature films like Fantasia and Cinderella. This encyclopedia covers all English language animation from the crucial first eighty years of its history. From the popular to the obscure, from Bugs to Mickey, from the short to the feature, nearly 7,000 items are covered. Each entry includes production information, date, running time, and a synopsis. Much of the information compiled here is rare. For example, character voices once considered anonymous are here identified, and animated films now lost because they were once considered expendable are here given the attention they deserve. A complete index allows multiple points of access.

How to Drive a Dragon Crazy G.A. Aiken, 2012-06-06 Sanity is overrated in

this “captivating, funny, exciting” fantasy adventure from the New York Times bestselling author of the Scarred Earth Saga (Smexy Books). Some things never go away, like vile enemies, bad ale, and annoying kin. But I thought I was finished with the one dragon I’d have done anything for: Éibhear the Blue, a big, gorgeous, blue-haired beast who thinks the world belongs to him. The world and, apparently, me. So if Éibhear wants to play the caring hero and travel into the most forsaken of Gods forsaken lands to protect the one woman who doesn’t need it—namely me—I’ll let him. Because while I’m trying to fulfill a ridiculous quest for a pushy god, I’m going to draw this overconfident warlord much too close, rekindle his fires, and enjoy every minute of his delicious defeat . . . Praise for the Dragon Kin Series “Aiken’s patented mix of bloodthirsty action, crazy scenarios and hilarious dialogue have made this series a truly unique pleasure.”—RT Book Reviews (4½ Stars) “A chest thumping, mead-hall rocking, enemy slaying brawl of a good book.”—All Things Urban Fantasy “Laugh-out-loud funny—I loved it!”—Thea Harrison, New York Times bestselling author A hot, hot series. --Library Journal

Seraphina Rachel Hartman, 2012-07-10 A new vision of knights, dragons, and the fair maiden caught in between . . . Four decades of peace have done little to ease the mistrust between humans and dragons in the kingdom of Goredd. Folding themselves into human shape, dragons attend court as ambassadors, and lend their rational, mathematical minds to universities as

scholars and teachers. As the treaty's anniversary draws near, however, tensions are high. Seraphina has reason to fear both sides. An unusually gifted musician, she joins the court just as a member of the royal family is murdered. While a sinister plot to destroy the peace is uncovered, Seraphina struggles to protect the secret behind her musical gift, one so terrible that its discovery could mean her very life. Seraphina's tortuous journey to self-acceptance will make a magical, indelible impression on its readers.

Beastly Bones William Ritter, 2015-09-22 "I've found very little about private detective R. F. Jackaby to be standard in the time I've known him. Working as his assistant tends to call for a somewhat flexible relationship with reality . . ." In 1892, New Fiddleham, New England, things are never quite what they seem, especially when Abigail Rook and her eccentric employer, R. F. Jackaby, are called upon to investigate the supernatural. First, members of a particularly vicious species of shape-shifters disguise themselves as a litter of kittens. A day later, their owner is found murdered, with a single mysterious puncture wound to her neck. Then, in nearby Gad's Valley, dinosaur bones from a recent dig go missing, and an unidentifiable beast attacks animals and people, leaving their mangled bodies behind. Policeman Charlie Cane, exiled from New Fiddleham to the valley, calls on Abigail for help, and soon Abigail and Jackaby are on the hunt for a thief, a monster, and a murderer. Beastly Bones, the second installment in

the series, delivers the same quirky humor and unforgettable characters as Jackaby, the book the Chicago Tribune called “Sherlock Holmes crossed with Buffy the Vampire Slayer.” A 2016 YALSA Best Fiction for Young Adults Title
