The Urban Sketching Handbook: Drawing with a Tablet Uma Kelkar,2020-02-11 In Drawing with a Tablet: Easy Techniques for Mastering Digital Drawing on Location, readers will learn step by step how to create amazing drawings while on the go. In the sixth volume of the Urban Sketching Handbook series, popular artist and workshop instructor Uma Kelkar shows sketchers how to take their digital drawing to the next level. Whether you are new to sketching or wish to try the latest technology, this useful guide share expert tips and techniques for drawing on a tablet. With a focus on using the ProCreate tool, but with information that is relevant to other digital platforms, you will start with the basics, such as opening your file, choosing your resolution, determining your palette, and how to simplify your tools by creating a preferred set of brushes. The book also covers using layers and groups of layers, and shows you how to create a sketch from start to finish. Whether you are drawing at home, en plein air, on the go, or even at night, learn how to enliven your digital drawings and enhance your skills.

Draw and Paint Better with Krita Wesley Gardner,2022-05-31 Master the art of digital painting with the help of this full-color guide by learning how to implement blending layers, as well as use brushes, color wheels, and techniques using the power of the free tools provided by Krita Key Features Unlock the powerful tools offered by Krita to create customizable UIs Discover useful tips, tricks, and hacks to build compelling designs and speed up your digital workflow Learn how to use the brush tool and manage colors to create beautiful artwork Book DescriptionKrita is a free, open-source digital painting program with industry-leading functionality and a creative suite of tools able to bring any visual idea to life. It allows for a fast, clean approach to creating digital art, without the hassle of pay-to-play or subscription license fees, but just like all other art software, it takes time and effort to learn it. This book provides a comprehensive look into functional tools, visual problem-solving, and leading painting techniques using Krita to unleash your inner artist. You'll learn the functionality and tools of Krita for creating digital and print-quality work as well as explore manipulation toolsets, custom brush creation, overviews of color spaces, and layer management. As you progress, you'll get to grips with 'key styles' needed to make professional-grade digital art, through techniques such as photobashing, 3D paint-overs, and more traditional painting methods, along with covering how Krita handles these workflows. Next, you'll work through a few step-by-step art pieces using the skills and tools learned throughout the book. By the end of this Krita book, you'll have a solid understanding of the Krita work environment and be able to bring your artistic visions to life with a myriad of leading industry-standard techniques.What you will learn Use layers, layer management, and layer blending modes to make images pop Understand Krita's default workspace and customize it Understand the terminology of digital visual communication (dots per inch, resolution, and more) Explore color in a digital space, such as RGB profiles and Look-Up-Tables (LUTS) Discover the color wheel for painting and learn how digital color (light and alpha channels) works as opposed to traditional painting materials Focus on proper layer management for easy, non-destructive manipulation of art pieces quickly Who this book is forIf you're an artist wanting to take your artwork and portfolio to a professional level, then this book is for you. You'll need some experience using art creation software (ideally Krita, Photoshop, or Clip Studio Paint) before you jump in, but beginners willing to use external sources to keep up will find plenty of useful information. Artists looking to upgrade their skills for work in the entertainment industry will benefit the most from this digital art book.

Twilight Monk - Secrets of Kung Fulio (Illustrated) Chris Krubeck,Trent Kaniuga,2020-10-28 Contains over 70 Illustrations and sketches by the Author.It is a desperate time in the land of Speria. Rumors of villages destroyed by Dark Creatures echo across the land. The downtrodden survivors turn to the remnants of Moonken warriors at Crescent Isle, but their pacifist ways do not allow them to intervene. Raziel Tenza and Rin Torra are likely the worst Moonken to ever train at the monastery on the mystical shores of Crescent Isle. But when an insurgent gang of miscreants (The Red Cobras) threaten to run them out of town, they decide to team up and stand their ground. The only problem is... they stink at kung fu!With no fighting ability whatsoever, (but a whole lot of gusto!) they embark on an epic martial arts adventure in search of a shortcut to the ultimate badass Kung Fulio power of their ancestors. In their desperate struggle, they accidentally unleash raging Darksprites, get wrapped up in a legendary mystical heist, and discover secret powerful artifacts that will shape their destiny, and determine the fate of the Monks of Twilight.This book is part 1 of a series of Kung Fu action-adventure fantasy novels.

Interior Design Illustrated Christina M. Scalise,2014-08-06 In an age of reliance on CAD programs, the skill to express your creativity and vision with a hand-rendered drawing gives an interior designer a distinct advantage in communicating with clients and will set you apart from other designers. Developing strong hand visual communication skills without the aid of a computer are especially important to concept development in the interior design profession, and ideation flows rapidly when drawing manually. Building on the success of the First Edition, Interior Design Illustrated helps students develop this powerful marketing tool, making them invaluable to their employers. The step-by-step approach, with simple, uncomplicated illustrations and instructions that progress from beginner to intermediate skill levels, teaches students how to visualize interior space, perspective and details (such as pattern and texture) and to render their vision with markers and watercolors. Since the lessons are structured around small tasks, students will become proficient with one rendering skill before moving on to another. The text and numerous illustrations reinforce each other to make the lessons easily accessible to visual learners. The comprehensive coverage includes architectural features, wall and floor finishes, furniture, and design enhancements such as artwork, plants, tabletops, and accessories.

Creating a 3D Animated CGI Short: The Making of the Autiton Archives Fault Effect - Pilot Webisode Michael Scaramozzino,2010-02-17 Creating a 3D Animated CGI Short presents an insightful behind-the-scenes tour of the entire production process for 3D artists, animators, and independent filmmakers who are interested in creating their own CGI shorts as well as for those who are simply fans and enthusiasts of CGI films in general. This book presents detailed examples of every step of the production process; from initial concept through character design, set design, modeling, texturing, lighting, camera animation, character animation, lip sync, rendering, post-production, compositing, and all the way to film festival submissions and online web distribution. It truly has something for everyone interested in CGI films. Using readily available off-the-shelf hardware and software such as modo, LightWave 3D, FPrime, HD Instance, Peak, Shake, iMovie, iDVD, GarageBand and more, Creating a 3D Animated CGI Short shows how to produce a complete 3D animated CGI Short, including how to fund the production by taking on paid freelance projects along the way. Where other filmmaking books typically describe industry standard methodologies that are most effective for larger productions, this book shows how to drastically simplify and condense those processes and focus only on the essential elements that will enable a single artist or filmmaker to complete a CGI short on their own.
