Sidewalk Oracles Robert Moss,2015-09-15 Synchronicity is when the universe gets personal. Through this book of games and enchanting stories, you'll learn how to monitor the play of coincidence and the symbolic resonance of incidents in daily life in order to tap into the deeper logic of events, receive extraordinary counsel, and have wonderful fun. You will be invited to become a kairomancer: someone who is poised to catch the messages in special moments when synchronicity is in play — and to take action to seize the opportunities those moments present. To be a kairomancer, you need to trust your feelings as you walk the roads of this world, to develop your personal science of shivers, and to recognize in your gut and your skin that you know far more than you hold on the surface of consciousness. This is a way of real magic, which is the art of bringing gifts from a deeper

world into this one. Follow it, and you will put a champagne fizz of enchantment into your everyday life.

Sleep and Combat-Related Post Traumatic Stress Disorder Eric Vermetten, Anne Germain, Thomas C. Neylan, 2017-11-29 There are few clinical problems in the sleep medicine field that are more challenging than the sleep difficulties experienced by individuals suffering from post-traumatic stress disorder (PTSD). This book offers a unique, complete resource addressing all the basic concepts and clinical applications in sleep medicine in settings where combat-related PTSD is commonplace. Authored by leading international experts in the field of sleep/military medicine, *Sleep and Combat-Related Post Traumatic Stress Disorder* is organized in six sections and provides a broad perspective of the field, from the established theories to the most recent developments in research, including the latest neuroscientific perspectives surrounding sleep and PTSD. The result is a full assessment of sleep in relation to combat-related PTSD and a gold standard volume that is the first of its kind. This comprehensive title will be of great interest to a wide range of clinicians -- from academics and clinicians working within or in partnership with the military health care system to veteran hospital physicians and all health personnel who work with war veterans.

Can I Have a Cell Phone for Hanukkah? Sharon Duke Estroff, 2008-11-19 How do you

help your child choose between mandatory baseball practice and Hebrew school? How can you plan a birthday party (not to mention bar or bat mitzvah party!) for your child without sacrificing your values, sanity, and pocketbook? How can you keep peace on the homework homefront? And how do you deal with Santa envy--let alone the entire month of December? As any modern Jewish parent knows, balancing family traditions and the realities of contemporary culture can be incredibly challenging. Answering questions both old and new, Jewish and secular, internationally syndicated parenting columnist and award-winning Jewish educator and mother of four, Sharon Duke Estroff illuminates the ways that Jewish tradition can be used to form a lasting, emotional safety net for modern families. Can I Have a Cell Phone for Hanukkah? is an instant classic.
