Hey, I'm Marty. I Drive the Bus! Book Ii Martin Molinaro,2010-09-28 Marty is a Professional Bus / Shuttle Driver and has been driving for many years. His occupation is one that puts him up front and personal with a special sector of our society; Bus Passengers. Over the years he has accumulated an assortment of short stories while driving a city transit bus; he wishes to share these stories with you. Many of these stories are serious while others are mind boggling, hilarious or just make you say, Oh my gosh; what were they thinking. He has written this book using the following parameters: there are no swear words in this book (He doesnt need to use profanity to get his point across); he does not identify any ethnic backgrounds of the people in his stories (Marty wants people to view people without prejudice and bias) and lastly he was honest and told the truth to the best of his ability (By doing this he has found out that people dont like the truth and will go to extremes to avoid it.) Martys writings are unique because he writes like he talks. He does this so that he can relate to anybody who has ever told a story. The stories that he tells are inspirational, motivational and humorous. He has become a Master Story Teller and shares his stories with all who will listen. So get on board; Put your fare in the box; Grab a seat and be prepared for the ride of your life! HEY, I'M MARTY. I DRIVE THE BUS! BOOK I is currently being sold worldwide.

How to Drive the Golf Ball As Far As You Possibly Can Ian Hardie,2013-12 There are probably just about as many opinions about how to hit your golf ball further as there are golfers in the world but the reality is most of them either don't work or if they do they only add a little distance and generally create massive slices for most golfers When most golfers want to hit the ball further they do things that instinctively seem like they would work like; Tensing up and getting all 'manly and aggressive' ready to hit the ball so hard that if the cover stays on it - it's going to be hit into next week sometime! Then as they have heard that the best way to hit the golf ball further is to get the club moving faster, their entire swing gets faster The last thing they do is another thing that you would think was instinctively right They take the club further back than normal on their backswing the idea being that the further it has to come back to the ball - the more time they will have to generate speed and therefore hit the golf ball further Seems logical right? It doesn't actually work like that How to drive the golf ball as far as you possibly can - without buying a new driver or doing any exercises Is a simple easy to follow step by step guide which will allow you to develop your driving by firstly providing you with an understanding of just what you need to do, then giving you a bunch of different experiences to apply to your game, all of which will allow you to develop your ability - to drive the golf ball as far as you possibly can And before you start thinking this is all about elite level golfers who can already hit the golf ball 'for miles' and just want to hit it further again That's not entirely correct either As in actual fact, the golfers who can benefit the most from driving the ball as far as they possibly can are the golfers who hit the ball a relatively short distance compared to other golfers, consider a golfer that currently hits the ball 80 yards off the tee and then has a fairway wood distance of 60 yards Let's imagine that over the period of a few weeks our intrepid golfer, takes the information inside this book, works on it a bit and manages to add 20 yards to their drive It's not as difficult as you may think Also bear in mind that the 20 yards they add to their drive should also directly add (you'll understand why that happens when you read the book) another 10 yards to their fairway shot What difference do you think that can make to their game? A couple of shots better a round, maybe three or four at best? You'd be wrong if you guessed that low and even if you went way out on a limb and said a stupid number like say 10 shots - you're still going to be too low How about 22 shots better per round? Impossible? No, it's actually quite easily achievable as you can read about in the book The mind-set of trying to drive the golf ball as far as you possibly can, not only helps the elite golfer score a few shots better a round - it can dramatically transform any golfer's game - even if they are what would be considered to be a short hitter to begin with So is this all about elite golfers, testosterone, manliness and ego? In actual fact those are the golfers that will get the least help from this book The golfers who are going to get the best outcome from following my advice are those who don't hit too far for a start and it makes no difference whether you are old or young, new or experienced, male or female Everyone can change their game and scores by driving as far as you possibly can by following the six main basic points that the book covers then blending them with some controls and fine adjustments that will allow you to keep the golf ball on the golf course while you are driving it much further, as well as few other handy ideas that will then allow you to really take your new found distance and turn into a major advantage to your game on the golf course Better golf performance as a result of driving the golf ball as far as you possibly can Now that's a good outcome!
