Range Rats Roger Maltbie,Ron Salsig,1999 In the booming game of golf, says Tour Pro Roger Maltbie, practice does not make perfect, perfect practice makes perfect. Attacking a common complaint, this book shows golfers at all levels how to get their swings from the practice range to the golf course. And this book is for range rats, that enormous subculture of golfers who hang out on the practice ranges of America, people who leave the impression they would just as soon hit practice balls all day as play a round of golf. Range rats learn' the game by experimenting and by sharing ideas with fellow golfers addicted to hours and hours on the public and private ranges of America. (In Japan the driving range is practically a way of life.) This unique golf book offers detailed charts, along with important practice.range tips, so that players at any level may keep records of every round over a reasonable period, thereby monitoring bad habits and negative tendencies the golfer can now easily spot and correct on the range. The appeal of this book is that it will deal strictly with practicing and practice-range matters -- untapped territory with enormous potential. This book does not deal with intricate swing tips or difficult golf theories. It deals with practicing only, and docs so in a lively, anecdotal way. Maltbie also gives us inside information on how big-name Tour pros practice. He offers specifics on how amateurs can adapt and actually improve their games -- by practicing the right way and the right things. The idea of this book is to lower scores by helping golfers to find out exactly what is wrong, then practicing to fix the problems. It works!

Balls! Gail W. Braman,2000-09-30 Read what the golf critics are saying about BALLS!: * THE GOLF COLLECTORS SOCIETY BULLETIN - 3/2001 Gail W. Braman has written BALLS! (Confessions of a Rural Golf Course Owner). This is the story of the insanely odd and crazy people who frequent a nine-hole golf course beside Route 100 in Rochester, Vermont. The stories are so nearly unbelievable that one would think that the book is fiction, but I can personally vouch for the authenticity because I lived just a few miles from the course and have heard the inane questions and observed the outrageous behavior first hand... I have been hearing about this book for years and the fact that it is finally in print, despite the odds inherent in the publishing world, is a testament to the chutzpah and perseverance of Gail Braman. She owned the course, and as such interacted with the people, recorded her astute observations when it was all over and got it down on paper. Youll enjoy the tale. -Bob Labbance, Editor * GOLF BUSINESS(Natl Golf Course Owners Assoc)- 2/2001 Gail Braman made the mistake of telling her recently retired husband that she didnt want him home for lunch. So, he went out and purchased a nine-hole golf course in rural Rochester, Vermont. Braman captures this nine-year adventure as golf course owners. Through the pages of this account, youre invited inside their world as inexperienced golf course owners, where you learn what really happens behind the scenes through humorous vignettes and anecdotes. * HEARTHSTONE REVIEW (Duly Noted) - 4/01 A little investment property in bucolic Vermont, a pleasant summer-time diversion. That was the plan anyway. Before opening day was flooded out. Before the backhoes cleaning up the debris inflicted further damage. Before the discouraging financial realities set in, running a remote homespun golf course overshadowed by two tony resorts (The Hertz and Avis to their little 9-hole Rent A Wreck). The claustrophobic Vermont golf season didnt help. Nor did the vagaries of New England weather, a shortage of tourist center bathrooms or characters straight from central casting. For nearly a decade

it sure made life interesting for Herb and Gail Braman.

Death on the Driving Range Brian Ball,2014-03-25 Off-duty Police Constable Arthur Root is playing a round at Wolver, his local golf club. However, he soon finds himself back on duty when a JCB driver working there digs up the body of a man. Root protects the excavated area as a crime scene. The man had been murdered, and is identified as Roger Hancock, a former member of the club. When there is a second brutal murder, involving many members of the golf club – Root himself becomes implicated...
