The Wrath of Darth Maul Ryder Windham,2012 One of the most feared villains

of all time. One of the most iconic characters of the Star Wars saga. One incredible story.

The Sharp Empire Ii TYLER JOHNS,2013-06-12 Tyler McKenzie Johns is an excellent story creator. He is a true man of genius. He created this story with monsters and villains that he made up in his past like somebody evil killing the purple dinosaur on TV, Barney, evil knights fighting the dragons of the PBS Kids show Dragon Tales, and monsters abducting the puppet lions of another PBS Kids show called Between the Lions. For this story, he created characters as animals only he would know things about, like prehistoric therapsids (half mammal, half reptile) and cassowaries, which are large black-feathered-bodied birds with blue heads with bony crests on top; those birds are related to ostriches and emus (ratites).

All You Puppets DL Neyland,2023-12-07 It wasn't the conversation Claire Elsworth expected. Her ship departed with only her husband and daughter onboard. Claire had kissed them goodbye, and they vanished from time and space. Claire tapped her fingers, thinking the inconceivable. The man from Interstellar Gateways rambled on, relentless in probing Claire. Let me ask you...what is the most important thing in your life? Your leadership continues a legacy of service to humanity. It also makes you the richest, most influential, and frankly, the most important person alive. But I think you could step aside, step away, even disappear, and your corporation would still be the driver in the universe. He stared at her, unblinking, waiting

for her reaction. Claire deflected, tossing her head and spiking back, No matter, we thrive because the Tribes came together for all of us. Ah, perhaps, the man muttered. He licked his lips and looked sheepish, looking over his shoulder to see who was near. He leaned across the table and whispered, How far would you go to find them? Would you even travel in time? And there it was, the impossible. Had her husband and daughter slipped into the past? And now they were asking her to leave it all behind, take a leap of faith into the past? Claire couldn't have known the time loop began generations before. An anthropologist, a geneticist, an astrophysicist, and a slobbering bulldog searching for clues among skeletons and DNA. Evidence of people who were living outside of their own birth-timelines. Impossible genetic links of yet-unborn descendants becoming their own ancestors. Who were all the puppets, living in a Mobius Strip of life and death, free will, fate, and predestination?

The City of Dying a Williams, 2012-09-01 The novel takes place in a futuristic world within the fictional City of Dion. The story centers over a looming civil war that threatens humanity, previously decimated by an ancient war perpetuated by an evil race known as the Sedi Ans. Rebel factions and secret organizations fight to seize control of the ailing kingdom while the illegitimate king hides in fear for his life. A mercenary, who discovers she has mysterious powers, must help the reluctant king discover his inner strength to accept his father's responsibilities as the rightful heir to the

Ancestral Birthright while trying to discover the truth about her own past. Together they must unite him with the lost Ancestral Birthright that has shunned society, to protect the kingdom from the prophesized end of civilization. However, the prophecy proclaims that the Sons of Sedi an will consume the kingdom and possess the Ancestral Birthright for themselves. Sedi an s half-breed progeny threatens to resurrect the ancient war to fulfill prophecy.
