The Restless Gerty Dambury, 2018-01-22 This lyrical novel, structured like a Creole quadrille, is a rich ethnography bearing witness to police violence in French Guadeloupe. Narrators both living and dead recount the racial and class stratification that led to a protest-turned-massacre. Dambury's English debut is a vibrant memorial to a largely forgotten atrocity, coinciding with the government's declassification of documents pertaining to the incident.

Muzzy Comes Back Diana Webster, 1989

The Riddle and the Knight Giles Milton, 2013-10-08 Part travelogue/part historical mystery about the most famous traveler--and chronicler-- in medieval Europe. Giles Milton's first book, *The Riddle and the Knight*, is a fascinating account of the legend of Sir John Mandeville, a long-forgotten knight who was once the most famous writer in medieval Europe. Mandeville wrote a book about his voyage around the world that became a beacon that lit the way for the great expeditions of the Renaissance, and his exploits and adventures provided inspiration for writers such as Shakespeare, Milton, and Keats. By the nineteenth century however, his claims were largely discredited by academics. Giles Milton set off in the footsteps of Mandeville, in order to test his amazing claims, and to restore Mandeville to his rightful place in the literature of exploration. Erudite, witty and adventurous (*The Mail on Sunday*), *The Riddle and the Knight* is a brilliant piece of detective work.

You need to learn the science of people. As a human behavior hacker, Vanessa Van Edwards created a research lab to study the hidden forces that drive us. And she's cracked the code. Just like knowing the formulas to use in a chemistry lab, or the right programming language to build an app, *Captivate* provides simple ways to solve people problems. You'll learn, for example... · How to work a room: Every party, networking event, and social situation has a predictable map. Discover the sweet spot for making the most connections. · How to read faces: It's easier than you think to speed-read facial expressions and use them to predict people's emotions. · How to talk to anyone: Every conversation can be memorable—once you learn how certain words generate the pleasure hormone dopamine in listeners. When you understand the laws of human behavior, your influence, impact, and income will increase significantly. What's more, you will improve your interpersonal intelligence, make a killer first impression, and build rapport quickly and authentically in any situation—negotiations, interviews, parties, and pitches. You'll never interact the same way again.

Red Shambhala Andrei Znamenski, 2012-12-19 Many know of Shambhala, the Tibetan Buddhist legendary land of spiritual bliss popularized by the film, Shangri-La. But few may know of the role Shambhala played in Russian geopolitics in the early twentieth century. Perhaps the only one on the subject, Andrei Znamenski's book presents a wholly different glimpse of early Soviet history both erudite and fascinating. Using archival sources and memoirs, he explores how spiritual adventurers, revolutionaries, and nationalists West and East exploited Shambhala to promote their fanatical schemes, focusing on the Bolshevik attempt to use Mongol-Tibetan prophecies to railroad Communism into inner Asia. We meet such characters as Gleb Bokii, the Bolshevik secret police commissar who tried to use Buddhist techniques to conjure the ideal human; and Nicholas Roerich, the Russian painter who, driven by his otherworldly Master and blackmailed by the Bolshevik secret police, posed as a reincarnation of the Dalai Lama to unleash religious war in Tibet. We also learn of clandestine activities of the Bolsheviks from the Mongol-Tibetan Section of the Communist International who took over Mongolia and then, dressed as lama pilgrims, tried to set Tibet ablaze; and of their opponent, Ja-Lama, an "avenging lama" fond of spilling blood during his tantra rituals.

The Fall of Heaven Andrew Scott Cooper, 2016-08-02 An immersive, gripping account of the rise and fall of Iran's glamorous Pahlavi dynasty, written with the cooperation of the late Shah's widow, Empress Farah, Iranian revolutionaries and US officials from the Carter administration. In this remarkably human portrait of one of the twentieth century's most complicated personalities, Mohammad Reza Pahlavi, Andrew Scott Cooper traces the Shah's life from childhood through his ascension to the throne in 1941. He draws the turbulence of the post-war era during which the Shah survived assassination attempts and coup plots to build a modern, pro-Western state and launch Iran onto the world stage as one of the world's top five powers. Readers get the story of the Shah's political career alongside the story of his courtship and marriage to Farah Diba, who became a power in her own right, the beloved family they created, and an exclusive look at life inside the palace during the Iranian Revolution. Cooper's investigative account ultimately delivers the fall of the Pahlavi dynasty through the eyes of those who were there: leading Iranian revolutionaries; President Jimmy Carter and White House officials; US Ambassador William Sullivan and his staff in the American embassy in Tehran; American families caught up in the drama; even Empress Farah herself, and the rest of the Iranian Imperial family. Intimate and sweeping at once, *The Fall of Heaven* recreates in stunning detail the dramatic and final days of one of the world's most legendary ruling families, the unseating of which helped set the stage for the current state of the Middle East.

Law, Labour, and Empire Maria Fusaro, 2015-05-05 Seafarers were the first workers to inhabit a truly international labour market, a sector of industry which, throughout the early modern period, drove European economic and imperial expansion, technological and scientific development, and cultural and material exchanges around the world. This volume adopts a comparative perspective, presenting current research about maritime labourers across three centuries, in the Mediterranean Sea and the Atlantic and Indian Oceans, to understand how seafarers contributed to legal and economic transformation within Europe and across the world. Focusing on the three related themes of legal systems, labouring conditions, and imperial power, these essays explore the dynamic and reciprocal relationship between seafarers' individual and collective agency, and the social and economic frameworks which structured their lives.

Twelve Years a Slave Solomon Northup, 2013-01-04 Filmatized in 2013 and the official recipient of three Oscars, Solomon Northup's powerful slave narrative 'Twelve Years a Slave' depicts Northup's life as he is sold into slavery after having spent 32 years of his life living as a free man in New York. Working as a travelling musician, Northup goes to Washington D.C, where he is kidnapped, sent to New Orleans, and sold to a planter to suffer the relentless and brutal life of a slave. After a dozen years, Northup escapes to return to his family and pulls no punches, as he describes his fate and that of so many other black people at the time. It is a harrowing but vitally important book, even today. For further reading on this subject, try 'Uncle Tom's Cabin' by Harriet Beecher Stowe. Solomon Northup (c.1807-c.1875) was an American abolitionist and writer, best remembered for his powerful race memoir 'Twelve Years a Slave'. At the age of 32, when he was a married farmer, father-of-three, violinist and free-born man, he was kidnapped in Washington D.C and shipped to New Orleans, sold to a planter and enslaved for a dozen years. When he gained his freedom, he wrote his famous memoir and spent some years lecturing across the US, on behalf of the abolitionist movement. 'Twelve Years a Slave' was published a year after 'Uncle Tom's Cabin' by Harriet Beecher Stowe and built on the anti-slavery momentum it had developed. Northup's final years are something of a mystery, though it is thought that he struggled to cope with family life after being freed.

Teaching as an Act of Love Richard Lakin, 2007-11 Richard Lakin's collection is geared to teachers, principals, parents, and all those concerned with making schools more loving and effective for each child. He presents a close look at his school staff working together to create both a caring, challenging learning environment and a real partnership between school and home. In today's high stakes and test obsessed world, *Teaching as an Act of Love* encourages teachers as they remember why they entered teaching in the first place—to zero in on the individual child, the whole child and encourage the love of learning. In the 55 informative and optimistic pieces in the book, Richard proposes more personalized smaller caring schools of choice, where the child comes first, where bureaucracy, testing and NCLB are minimized and where a loving school climate and kindness prevail

The Performing Style of Alexander Scriabin Professor Anatole Leikin, 2013-01-28 When Alexander Nikolayevich Scriabin's music was performed during his lifetime, it always elicited ecstatic responses from the listeners. Wilhelm Gericke, conductor of the Vienna opera, rushed backstage after one of Scriabin's concerts and fell on his knees crying, 'It's genius, it's genius...'. After the composer's death in 1915, however, his music steadily lost the captivating appeal it once held. The main reason for this drastic change in the listeners' attitude is an enormous gap existing between the printed scores of Scriabin's music and the way the composer himself played his works. Apparently, what Scriabin's audiences heard at the time was significantly different from, and vastly superior to, modern performances that are based primarily on published scores. Scriabin recorded nineteen of his compositions on the Hupfeld and Welte-Mignon reproducing pianos in 1908 and 1910, respectively. Full score transcriptions of the piano rolls, which are included in the book, provide many substantial features of Scriabin's performance: exact pitches and their timing against each other, rhythms, tempo fluctuations, articulation, dynamics and essential pedal application. Using these transcriptions and other historical documents as the groundwork for his research, Anatole Leikin explores Scriabin's performing style within the broader context of Romantic performance practice.

Happy Heartwood Day David Kirk, 2008 On Heartwood Day in Sunny Patch, all the bugs have a big party and give and receive gifts, except for Dragon, who needs to learn how to share.

Rebel Music Hisham Aidi, 2014-12-02 In this pioneering study, Hisham Aidi—an expert on globalization and social movements—takes us into the musical subcultures that have emerged among Muslim youth worldwide over the last decade. He shows how music—primarily hip-hop, but also rock, reggae, Gnawa and Andalusian—has come to express a shared Muslim consciousness in face of War on Terror policies. This remarkable phenomenon extends from the banlieues of Paris to the favelas of Rio de Janeiro, from the park jams of the South Bronx to the Sufi rock bands of Pakistan. The United States and other Western governments have even tapped into these trends,

using hip hop and Sufi music to de-radicalize Muslim youth abroad. Aidi situates these developments in a broader historical context, tracing longstanding connections between Islam and African-American music. Thoroughly researched, beautifully written, Rebel Music takes the pulse of a revolutionary soundtrack that spans the globe.
