Professional Image Editing Made Easy with Affinity Photo Jeremy Hazel, 2023-05-31 Utilize Jeremy Hazel's vast Affinity Photo expertise to confidently solve problems in your photo edits by

understanding the workflow structure and arming yourself with the most effective photo editing techniques in Affinity Photo Key Features Learn to use masking, selection, brushes, blend mode, and color tools in the photo editing workflow Unveil advanced personas used in the editing pipeline like tone mapping, liquification, and more Create your own brushes and build your artistic pallet in Affinity Photo Book DescriptionIn this book, you'll explore the Affinity Photo program through practice-based learning as you make popular photo edits, learning the tools and techniques in conjunction with the workflow concept. Instead of comprehensive description of the tools, you'll learn through practical application and understand why they work, not just how they work. This is neither a technical manual nor a workbook but a project-based hybrid approach that provides a deeper understanding of how to use each tool to achieve your goal. Starting with the fundamentals of navigating the interface, understanding layers, and making your first edit, this Affinity Photo book gradually increases the complexity of projects. You'll go from single-layer edits, composites, and RAW development to putting together a complex composition using the tools that you've learned along the way. Additionally, you'll learn the best practices used by expert photo editors for a flawless finish. By the end of this book, you'll have a good body of work, be able to evaluate the edits you want to make, and achieve desired results with Affinity Photo.What you will learn Develop a repeatable methodology for use in your photo editing style Understand the most frequently utilized techniques by professional editors Compete a body of work for use and reference in future projects Develop your own libraries of assets, macros and tone mapping presets for your style Recreate popular editing styles utilized in print and film Recondition older family photos Understand and deconstruct other editing styles to expand your knowledge Who this book is forIf you are a beginner to any form of photo editing or are a Photoshop user switching from Adobe, this book is for you. This

book is also for small business owners who want to do brand-specific editing on stock photos but have limited experience in photo editing. Beginner-level editors, photographers, and people looking to get into product photography and advertising will be able to make the most out of this book.

Photo Editing Margaret Brown, 2016-07-21 Photo Editing is filled with concise, easy to follow advice on everything from the basics of fixing and optimising your photos, through to special tricks, editing raw files, and how to prepare your best shots for large, high-quality prints. This handy guide explains how all image editors provide a workspace with menu bars and toolbars for accessing the adjustments. Although their layout may be a little different, in essence most of them operate similarly and are easy to use. Photo Editing shows you the best ways to adjust and optimise your photos, including how to resize, crop, retouch, convert to monochrome, fix contrast, brightness, colour, use layers, filters, and effects. This guide shows you how to take control of the many ways to improve and perfect your photos.

Photoshop Edward Bailey, Professor of Business Communications Edward Bailey, 2015-09-23 Did you ever want to learn how to make your photos stand out? ** Get this book by Amazon Best Selling Author Edward Bailey ** Do you think Photoshop is too complicated for you? If you answered YES to both questions, then this book is perfect for you. You can make your photos stand out and you can do it easily. This book will help you realize that the photo-editing processes in Photoshop aren't complicated and you can edit your images like a pro. Whenever we look through magazines or browse some websites, we see photos of high quality. These photos didn't always look perfect. They started as ordinary photos taken by a person who wanted to point something out or to capture some beauty or simply to take a picture of someone else or even themselves. Yes, these photographs were edited. The only reason they look perfect to you is because the photographer or graphic designer wanted to make the focus of the photo stand out or to express his or her creativity. If you ever wondered how amazing it would be to actually make your own images look like that, then this book

is the ideal solution for you. The book teaches you how to edit images using the same techniques as professional editors and photographers. People usually get discouraged whenever they hear or read the word professional.
