Balanced Scorecard Strategy For Dummies Charles Hannabarger, Frederick Buchman, Peter Economy, 2011-02-09 A practical, easy-to-understand guide to Balanced Scorecard for busy business leaders The Balanced Scorecard method is an analysis technique designed to translate an organization's mission and vision statement and overall business strategies into specific, quantifiable goals, and to monitor the organization's performance in achieving these goals. Much less technology driven than other analysis approaches, it analyzes an organization's overall performance in four regards: financial analysis, customer service, productivity and internal analysis, and employee growth and satisfaction. Balanced Scorecard Strategy For Dummies breaks down the basics of Balanced Scorecard in simple language with practical, Dummies-style guidance on getting it done. This book covers all the basics of Balanced Scorecard for busy executives and managers-and does it without the high price tag of most professional level Balanced Scorecard guides.

A Course Called Scotland Tom Coyne, 2019-06-04 NEW YORK TIMES BESTSELLER * "One of the best golf books this century." —Golf Digest Tom Coyne's A Course Called Scotland is a heartfelt and humorous celebration of his quest to play golf on every links course in Scotland, the birthplace of the game he loves. For much of his adult life, bestselling author Tom Coyne has been chasing a golf ball around the globe. When he was in college, studying abroad in London, he entered the lottery for a prized tee time in Scotland, grabbing his clubs and jumping the train to St. Andrews as his friends partied in Amsterdam; later, he golfed the entirety of Ireland's coastline, chased pros through the mini-tours, and attended grueling Qualifying Schools in Australia, Canada, and Latin America. Yet, as he watched the greats compete, he felt something was missing. Then one day a friend suggested he attempt to play every links course in Scotland and qualify for the greatest championship in golf. The result is A Course Called Scotland, "a fast-moving, insightful, often funny travelogue encompassing the width of much of the British Isles" (GolfWeek), including St. Andrews, Turnberry, Dornoch, Prestwick, Troon, and Carnoustie. With his signature blend of storytelling, humor, history, and insight, Coyne weaves together his "witty and charming" (Publishers Weekly) journey to more than 100 legendary courses in Scotland with

compelling threads of golf history and insights into the contemporary home of golf. As he journeys Scotland in search of the game's secrets, he discovers new and old friends, rediscovers the peace and power of the sport, and, most importantly, reaffirms the ultimate connection between the game and the soul. It is "a must-read" (Golf Advisor) rollicking love letter to Scotland and golf as no one has attempted it before.
