It's time to begin the adventure of learning Spanish through simple and quick lessons you can listen to in your car! Estas pronto? Here's what you'll learn from the Spanish For Beginners book: Chapter 1: Learning Strategies Chapter 2: The Fundamentals of Spanish Chapter 3: Numbers, Colors, Time, and Date Chapter 4: Nouns and Articles Chapter 5: Pronouns Chapter 6: Verbs Chapter 7: Adjectives Chapter 8: Prepositions, Adverbs, and Conjunctions Chapter 9: Forming sentences Chapter 10: The Subjunctive & Imperative Mood Chapter 11: Making comparisons Chapter 12: Conversational phrases And much more! Here's what you'll learn from the Spanish Short Stories: The Spanish language is rich, full of small differences between the different countries. Things that might be one way in Argentina might be different in Spain or Mexico. But don't worry, with this book, you will have a firm grasp on the language, and you will be able to understand and have a conversation with any Spanish speaker. In this book, I will give you 20 short stories that will range from science fiction to romance, everything in between and sometimes even more. These stories will give you an entire picture of the Spanish language, and how to appreciate the subtlety of the language. After each story, there will be a questionnaire section where you will answer questions about the stories in Spanish. I really suggest to grab a blank page, and write down the answers, or the small assignments that you will be given (don't worry, they won't be long!). Remember to write them in Spanish, so you can practice and use the language. Also, in this section, you will find grammar and fun facts not just from the stories themselves, but from the inspirations behind them, and facts about living in a Spanish country. All these stories are written from my heart, and I deeply hope that you will find them funny, mysterious, romantic, or at least entertaining. Here's what you'll learn from the Spanish Language Lessons book: Traveling in Spanish countries can be hard. Believe me, I'm a frequent traveler, and I've been all around the world. I've been in Europe, Asia, and South America, and I have to say that of all the places that I've been, I've never found more caring and lovely people than in Spanish countries. Maybe it is their past, maybe is their language, but they are always available to give you a hand, talk to you, have fun, grab a drink, and generally have a good time. But the language barrier might be hard. You might find yourself trying to say something, and the interlocutor understanding another thing entirely. It might be quite frustrating, and then you end up using your fingers or pointing to what you want, and to be honest, it's quite ridiculous and a bit childish. That's why I'm writing this book, to help you on your travels, so if you want to take a trip to a Spanish Country, you won't find it hard to express yourself. And I will not just explain you some phrases in Spanish to ease your life in your trip, I will also teach the differences between countries, and how to travel from one place to another. So, if you were planning a trip, or maybe you are already in

one and found yourself in a problem, this is the book for you. I hope it helps you with anything that might arise on your trip. get your copy today

You can hold in your hands one of the most advanced and revolutionary method that was ever designed for quickly becoming conversational in a language. In creating this time-saving program, master linguist Yatir Nitzany spent years examining the twenty-seven most common languages in the world and distilling from them the three hundred and fifty words that are most likely to be used in real conversations. These three hundred and fifty words were chosen in such a way that they were structurally interrelated and, when combined, form sentences. Through various other discoveries about how real conversations work—discoveries that are detailed further in this book—Nitzany created the necessary tools for linking these words together in a specific way so that you may become rapidly and almost effortlessly conversant—now. If you want to learn complicated grammar rules, or to speak perfectly proper and precise Spanish, this book is not for you. However, if you need to actually hold a conversation while on a trip to a Spanish-speaking country, to impress that certain someone, or to be able to
