📖 **Echo** Amit Pinchevski,2022-05-10 An exploration of echo not as simple repetition but as an agent of creative possibilities. In this volume in the MIT Press Essential Knowledge series, Amit Pinchevski proposes that echo is not simple repetition and the reproduction of sameness but an agent of change and a source of creation and creativity. Pinchevski views echo as a medium, connecting and mediating across and between disparate domains. He reminds us that the mythological Echo, sentenced by Juno to repeat the last words of others, found a way to make repetition expressive. So too does echo introduce variation into sameness, mediating between self and other, inside and outside, known and unknown, near and far. Echo has the potential to bring back something unexpected, either more or less than what was sent. Pinchevski distinguishes echo from the closely related but sometimes conflated reflection, reverberation, and resonance; considers echolalia as an active, reactive, and creative vocalic force, the launching pad of speech; and explores echo as a rhetorical device, steering between appropriation and response while always maintaining relation. He examines the trope of echo chamber and both destructive and constructive echoing; describes various echo techniques and how echo can serve practical purposes from echolocation in bats and submarines to architecture and sound recording; explores echo as a link to the past, both literally and metaphorically; and considers echo as medium using Marshall McLuhan's tetrad.

📖 **Messenger** Jeni Stepanek,2009-11-03 The moving tribute to the young man Oprah Winfrey called an inspiration-told by the woman who raised him. Mattie Stepanek's Heartsongs books were a phenomenon. Not only did they hit the bestseller lists, but the books-and Mattie himself- were a source of inspiration to many, and brought him major recognition. Jimmy Carter described young Mattie Stepanek as the most remarkable person I have ever known. In Messenger, Jeni Stepanek shares the inspiring story of her son's life. Mattie was born with a rare disorder called dysautonomic mitochondrial myopathy, and Jeni was advised to institutionalize him. Instead, she nurtured a child who transformed his hardships into a worldwide message of peace and hope. Though Mattie suffered through his disease, his mother's disabilities, and the loss of his three older siblings, he never abandoned his positive spirit. His heartsong- the word he used to describe a person's inner self-spread a philosophy that peace begins with an attitude and can spread to the entire world.

📖 [BERIT OLAM: 1 KINGS](#) JEROME T. WALSH,2021-11-20 The narratives of Solomon and Jeroboam, of Elijah and Ahab, have fascinated readers for millennia. Even apart from questions of historical authenticity, they are gripping stories of richly drawn characters caught up in the complex tale of God’s dealings with Israel. This study explores the narrative world created by 1 Kings’ ancient Israelite author: the people who inhabit it, the lives they live, the deeds they do, and the face of God who is revealed in their stories. An introduction explains the significance of 1 Kings as a historical narrative. Originally intended as a literal history, after centuries of writing and rewriting it is now as much a literary work as a historical one: the views of those who formed it can be discerned and studied. Walsh also explains how the rich traditions of Hebrew prose narrative and the Hebrew language itself affect our reading of 1 Kings.

Chatbots and voice user interfaces are two flavors of conversational UIs. Chatbots are real-time, data-driven answer engines that talk in natural language and are context-aware. Voice user interfaces are driven by voice and can understand and respond to users using speech. This book covers both types of conversational UIs by leveraging APIs from multiple platforms. We’ll take a project-based approach to understand how these UIs are built and the best use cases for deploying them. We’ll start by building a simple messaging bot from the Facebook Messenger API to understand the basics of bot building. Then we move on to creating a task model that can perform complex tasks such as ordering and planning events with the newly-acquired-by-Google Dialogflow and Microsoft Bot Framework. We then turn to voice-enabled UIs that are capable of interacting with users using speech with Amazon Alexa and Google Home. By the end of the book, you will have created your own line of chatbots and voice UIs for multiple leading platforms. Style and approach This is a practical book, where each chapter focuses on a chatbot project. The chapters take a step-by-step approach to help you build intelligent chatbots that act as personal assistants.

📖 [BUCKLEY, BATMAN & MYNDIE: ECHOES OF THE VICTORIAN CULTURE-CLASH FRONTIER](#) ,2021-01-01 Sounding 4 begins with the first narrative of squatter George Russell followed by an echo on magistrate, soldier and later Crown Lands Commissioner for the Western District ‘Flogger’ Fyans. Expansion west and north-west from Geelong soon causes the Colac tribal collapse and later the government-sanctioned revenge massacre of the Gadubanud Cape Otway clans. Then follows the dispossession timeline of the Geelong / Ballarat Wathaurong people and the extensive contributions by Ian D Smith on Aboriginal geography and languages of the west, with clan organization, mechanisms of dispossession, Aboriginal responses, a geography of disruption and Aboriginal perceptions of Europeans in 19th century Victoria. For contrast is a section sanitized ‘frontier’ profiles of prominent colonials controlling the countryside until largely replaced by the bankers and gold-diggers. Moving further west is an echo titled Winning & Losing the Grampians and the Glenelg River before a complete reproduction of Dr Jan Critchett’s Distant Field of Murder. Ian Clark and George Russell reveal how the western plains were taken over after the ‘vanishing’ of the Djab Wurrung clans around the Hopkins River. Echoes of the Kulin Sunset Country Settled and a Scottish Ark grounds at Ararat are settler versions largely from local history books of reminiscences by successful sheep and cattle pastoralists such as the Learmonth and Russell family dynasties. The sour joke that the Scots had the land, the Irish the pubs and the English the accent, does no justice to the role of guns, germs and money-making... Modern scholarship birthed echoes titled Frontier Mayhem in the Far West which include the tribal resistance of Jupiter, Cocknose, Roger, Doctor, Bumbletoe etc. defeated by the likes of Wathaurong guide Bon Jon with CCL Fyans and the mounted Wurundjeri and Bunurong members of Captain Dana’s Native Police. This is followed by Marie Fels on native police action and A. G. L. Shaw on frontier violence, with Dr Critchett’ overview on Framlingham Aboriginal Mission Station. Sounding 4 concludes with aftermath echoes titled King David, Dawson’s Informants & the Camperdown George Obelisk and echo 74: Hindsight on the Culture-clash Frontier. Part 1 of which is on Redmond Barry, Terra Nullius and the Bon Jon case and part 2 has historian Henry Reynolds challenging our national self-image.
