Echo Summit Paul DeWitt & Dorothy De Mare, 2014 Echo Summit played a major role in early California and Nevada history. Beginning in the early 1850s, fortune-seekers rushed westward over Echo Summit in search of gold in El Dorado County. The discovery of silver and gold in Virginia City in 1859 reversed the travel eastward. After 1869, travel over Echo Summit was reduced to a trickle. Today, Echo Summit is a major route to the south Lake Tahoe basin. There are sites along the summit ridge, like Echo Lake, Berkeley Echo Lake Camp, and Echo Summit Lodge, that have contributed to the history of Echo Summit.

Track in the Forest Bob Burns, 2018-10-02 The 1968 US men's track and field team featured such legends as Tommie Smith, Bob Beamon, Al Oerter, and Dick Fosbury and they won 12 gold medals and set six world records at the Mexico City Games, one of the most dominant performances in Olympic history. The Black Power protest of Tommie Smith and John Carlos on the victory stand in Mexico City remains a most enduring images of the games. A 400-meter track carved out of the Eldorado National Forest above Lake Tahoe played a role in molding that juggernaut. To acclimate US athletes for the elevation of Mexico City, the training camp and final Olympic selection was held at Echo Summit near the California-Nevada border. On a track in which hundreds of trees were left on the infield to minimize environmental impact, four world records fell—more than have been set at any US meet since. But the Vietnam War was raging, Martin Luther King Jr. and Robert Kennedy were assassinated, and a group of athletes from San Jose State had been threatening to boycott the

Mexico City Games to protest racial injustice. Informed by dozens of interviews and the deep knowledge of sports journalist and track enthusiast Bob Burns, this is the story of how in one of the most divisive years in American history, a California mountaintop provided an incomparable group of Americans shelter from the storm.

Tahoe Rim Trail Tim Hauserman,2012-08-07 The 165-mile Tahoe Rim Trail is considered one of the world's premier trails. Accessible by hikers, equestrians, skiers and mountain bikers (for the non-wilderness portions), it winds completely around spectacular Lake Tahoe, the highest and largest alpine lake in North America. The trail crosses through six counties, three national forests, and two states and was completed in 2001 largely by volunteer labor. The best-selling Tahoe Rim Trail has been revised to reflect the latest conditions and routing of the trail and includes information for over 20 miles of new trail. Updated topographic maps depict the entire route, along with the easy (and fun) to read trail directions, the book includes fascinating information on the plants and animals you'll see along the trail, plus essential advice for planning a hike on the TRT, whether it's a day's outing or a 2-week circuit of the entire lake. The first and only how-to guide to

this popular trail, it is the official guidebook of the Tahoe Rim Trail Association, whose mission is to improve, maintain and promote the trail.

Lost Ski Areas of Tahoe and Donner Ingrid P. Wicken, 2020-11-09 At the beginning of the twentieth century, Lake Tahoe and the Donner Summit region became California's first developed winter sports areas. Plentiful snowfall and newly built highways opened up the summer playground for visitors year-round, and skiing flourished. The Sierra Ski Club formed in 1925, attracting members eager to experience everything the mountains had to offer. People flocked to the slopes, visiting places like Clair Tappaan Lodge in Soda Springs, boasting one of the summit's earliest ski tows, and the Yuba Gap Lodge, a pioneer in night skiing. Join Ingrid P. Wicken, award-winning author and ski historian, as she recounts the fascinating beginnings of this celebrated ski hub.
