Junius Brutus Booth Stephen M. Archer, 2010-08-20 In this, the first thoroughly researched scholarly biography of British actor Junius Brutus Booth, Stephen M. Archer reveals Booth to have been an artist of considerable range and a man of sensitivity and intellect. Archer provides a clear account of Booth's professional and personal life and places him in relationship to his contemporaries, particularly Edmund Kean and William Charles Macready. From 1817 to 1852 Junius Brutus Booth toured throughout North America, enjoying a reputation as the most distinguished Shakespearean tragedian on the American continent. Still, he yearned for success on the British stage, a goal he never attained. His public image as a drunken, dangerous lunatic obscured a private life filled with the richness of a close and loyal family. The worldwide fame assured for the Booth family of actors by John Wilkes Booth's bone-shattering leap from the President's box had eluded Junius Brutus Booth throughout his lifelong exile in America. But from that event until today, no American family of actors has stimulated such scrutiny as the Booths. Eight years of research, pursuing Booth from Amsterdam to San Francisco, has resulted in an accurate, fascinating narrative that both records and illuminates the actor's life.

Mr Charles Booth's Inquiry Rosemary O'Day,1993-07-01 Charles Booth's pioneering survey, *Life and Labour of the People in London*, published in 17 volumes between 1889 and 1903, was a landmark in empirical social investigation. His panorama of London life has dominated all subsequent accounts: its scope, precision and detail make it an unrivalled source for the period. Mr. Charles Booth's Inquiry is the first systematic account of the making of the survey, based upon an intensive examination of the huge Booth archive. This contains far more material than was eventually published, in particular on women, work, religion, education, housing and social relations, as well as on poverty. While the book acknowledges the leading role of Booth himself, it highlights the significance of the contributions of his associates, including Beatrice Potter (Webb), Octavia Hill, Llewellyn Smith and G.H. Duckworth. *Life and Labour of the People in London* is a founding text of both social history and modern sociology. It has however

commonly been misunderstood and frequently misused. Mr. Charles Booth's Inquiry sets the survey in perspective and demonstrates the richness of the Booth archive and its potential for modern scholarship in both history and the social sciences.
