

Egyptian Figures Lwp

William H. Peck

Female Figurines from the Mut Precinct Elizabeth A. Waraksa, 2009 Elizabeth A. Waraksa examines the ceramic female figurines excavated by John Hopkins at the Precinct of Mut in Luxor, Egypt between 2001 and 2004. The figurines date from the New Kingdom to the Late Period (ca. 1550-332 BCE). Ceramic figurines are frequently overlooked by archaeologists, art historians, and social historians because they lack the aesthetic qualities usually associated with Egyptian art. However, the Hopkins-excavated figurines display features that mark them as standardized ritual objects. Waraksa argues that ceramic female figurines were produced in workshops, utilized by magician/physicians in healing rituals, and regularly snapped and discarded at the end of their effective lives. This is a new, broader interpretation for objects that have previously been considered as toys, dolls, concubine figures, and - most recently - votive fertility figurines. - Publisher's website

A Guide to the Third and Fourth Egyptian Rooms British Museum. Department of Egyptian and Assyrian Antiquities, Harry Reginald Hall, 1904

Fecundity Figures John Baines, 2001 Fecundity figures, personifications of non-sexual fertility, played a significant role in ancient Egyptian religious art.

Royal Bronze Statuary from Ancient Egypt Marsha Hill, 2004 Egyptian bronze statuary has proven particularly intractable to chronological investigations. This study exploits clues offered by bronze royal statuettes to make identifications

or stylistic assignments. A fuller understanding of the artistic milieu and role of small royal bronze statuary results.

Bronze Priests of Ancient Egypt from the Middle Kingdom to the Graeco-Roman Period Barbara Mendoza, 2008 A California doctoral dissertation examining the bronze statues of non-royal figures. The catalogue includes 289 located examples and a further 50 from published sources. The author considers the changes in the figures over time, their changing types, stance, iconography, size, composition, and their inscriptions.

Egyptian Sculptures in the British Museum British Museum. Department of Egyptian and Assyrian Antiquities, 1914

Clay Figurines in Context Gianluca Miniaci, Cristina Alù, Camilla Saler, Vanessa Forte, 2024-09-30 Since prehistory, ancient Egyptians crafted figurines depicting humans, animals, and other subjects. However, scholars have largely overlooked the category of clay figurines, both fired and unfired, due to the perceived lack of value of the material and variable preservation of their organic material composition. Despite this, clay figurines offer a unique glimpse into ancient peoples' ideas, gestures, and attitudes, particularly when shaped by hand. Their prevalence, malleability, and portability make them accessible to people of all economic and social backgrounds. This volume focuses on Egyptian clay figurines from the Bronze Age, ranging from approximately 2100 to 1550 BC, and also includes examples from the neighboring countries of Nubia and the Levant, as they are the

most immediate corresponding partners in terms of diffusion and entanglement of material culture. The papers in this volume aim to examine previously under- or unexplored topics relating to clay figurines, such as their archaeological context, manufacturing techniques, technological processes, classification, agency, and social significance. Additionally, two sections of the volume will be dedicated to comparative material from the 4th and 3rd millennium BC and the Late Bronze Age.

Dawn of Egyptian Art Diana Craig Patch, Marianne Eaton-Krauss, Susan J. Allen, 2011 This catalogue is published in conjunction with the exhibition 'The Dawn of Egyptian Art' on view at the Metropolitan Museum of Art, New York from April 10 to August 5, 2012--T.p. verso.

Ancient Egyptian Prisoner Statues Tara Prakash, 2022-08-01 During the Old Kingdom, the ancient Egyptians constructed elaborately decorated mortuary monuments for their pharaohs. By the late Old Kingdom (ca. 2435-2153 BCE), these pyramid complexes began to contain a new and unique type of statue, the so-called prisoner statues. Despite being known to Egyptologists for decades, these statues of kneeling, bound foreign captives have been only partially documented, and questions surrounding their use, treatment, and exact meaning have remained unanswered. **Ancient Egyptian Prisoner Statues**-the first comprehensive analysis of the prisoner statues-addresses this gap, demonstrating that the Egyptians conceived of and used the prisoner statues differently over time as a response to contemporary social,

cultural, and historical changes. In the process, the author contributes new data and interpretations on topics as diverse as the purpose and function of the pyramid complex, the ways in which the Egyptians understood and depicted ethnicity, and the agency of artists in ancient Egypt. Ultimately, this volume provides a fuller understanding of not only the prisoner statues but also the Egyptian late Old Kingdom as a whole.

Egyptian Statues and Statuettes Metropolitan Museum of Art (New York, N.Y.), Herbert E. Winlock, 1937

Models of Daily Life in Ancient Egypt Herbert E. Winlock, 1955

Proportion and Style in Ancient Egyptian Art Gay Robins, Ann S. Fowler, 1994 She also considers for the first time how, in general, the use of a grid system influenced composition as a whole. Numerous line drawings of paintings and reliefs with superimposed grids, either derived from actual grid traces surviving on monuments, or calculated according to the systems used by the Egyptians themselves, illustrate the text.

Egyptian Draped Male Figures, Inscriptions and Context Aleksandra Andrea Warda, 2012

Gifts for the Gods Marsha Hill, Deborah Schorsch, Metropolitan Museum of Art (New York, N.Y.), 2007 Throughout their long history, the ancient Egyptians crafted exquisite statues of bronze, copper, silver and gold as offerings to their gods and for use in temples and shrines. This title focuses on the art and significance of Egyptian metal statuary, presenting insights and

up-to-date information on this precious work.

Egyptian Predynastic Anthropomorphic Objects

Ryna Ordynat, 2018-03-31 The aim of this study is to examine Anthropomorphic objects from the Egyptian Predynastic in terms of their original context to determine what role they played in Predynastic burials. A database comprising all provenanced anthropomorphic Predynastic objects has been composed in order to conduct a detailed analysis.

Splendors of Ancient Egypt William H. Peck, 1997

Mummy portraits, tomb sculptures, and jewellery representing ancient Egyptian gods and goddesses, powerful rulers, and ordinary labourers come alive in this illustrated book. Concise descriptions of each work of art give essential information on the land, the people, the religion, and the afterlife.

The Bronze Figurines of the Petrie Museum from

2000 BC to AD 400 Elena Tiribilli, 2018-06-25
Catalog of bronze figures in the Petrie Museum of Egyptian Archaeology. The museum houses 510 statuettes or fragments of statuettes made of bronze. Most of them represent Egyptian gods, but there are also Hellenistic and Roman figures.

Symposium on Tomato Production on Arid Land, Cairo, Egypt, December 9-15, 1984 Adel S. El-Beltagy, 1986

Egyptian Art A&I Jaromir Malek, 1999-07-22
