Dancing to the Drum Machine Dan LeRoy, 2022-10-06 Dancing to the Drum Machine is a never-before-attempted history of what is perhaps the most controversial musical instrument ever invented: the drum machine. Here, author Dan LeRoy reveals the untold story of how their mechanical pulse became the new heartbeat of popular music. The pristine snap of the LinnDrum. The bottom-heavy beats of the Roland 808. The groundbreaking samples of the E-MUSP-1200. All these machines-and their weirder, wilder-sounding cousins-changed composition, recording, and performance habits forever. Their distinctive sounds and styles helped create new genres of music, like hip hop and EDM. But they altered every musical style, from mainstream pop to heavy metal to jazz. Dan LeRoy traces the drum machine from its low-tech beginnings in the Fifties and Sixties to its evolution in the Seventies and its ubiquity in the Eighties, when seemingly overnight, it infiltrated every genre of music. Drum machines put some drummers out of work, while keeping others on their toes. They anticipated virtually every musical trend of the last five decades: sequencing, looping, sampling, and all forms of digital music creation. But the personalities beneath those perfect beats make the story of drum machines a surprisingly human one-told here for the very first time.

Conversations with Women in Musical Theatre Leadership Amanda Wansa Morgan, 2023-10-27 Most writers, composers, librettists, and music directors who make their careers in musical theatre do so without specific training or clear pathways to progress through the industry. *Conversations with Women in Musical Theatre Leadership* addresses that absence by drawing on the experiences of these women to show the many and varied routes to successful careers on, off, and beyond Broadway. *Conversations with Women in Musical Theatre Leadership* features 15 interviews with Broadway-level musical theatre music directors, directors, writers, composers, lyricists, stage managers, orchestrators, music arrangers, and other women in positions of leadership. Built around extensive interviews with women at the top of their careers in the creative and leadership spheres of musical theatre, these first-hand accounts offer insight into the jobs themselves, the skills that they require, and how those skills can be developed. Any students of musical theatre and stagecraft, no matter what level and in what setting from professional training to university and conservatory study, will find this a valuable asset.

critiques de ces oiseaux qu on met en
cage babelio - Jan 30 2023
web jun 2 2017 ces quatre sujets
assez délicats vont être traités de
manière délicate et réaliste sans
jugement en tout impartialité mais il
y a aussi des moments drôles tendres
dans cette histoire tout n est pas si
noir des lueurs d espoirs sont semées
un peu partout au travers des pages
