Climate-smart Agriculture Sourcebook Food and Agriculture Organization (FAO), 2014 Climate-smart agriculture, forestry and fisheries (CSA), contributes to the achievement of sustainable development goals. It integrates the three dimensions of sustainable development (economic, social and environmental) by jointly addressing food security and climate challenges. It is composed of three main pillars: sustainably increasing agricultural productivity and incomes; adapting and building resilience to climate change; reducing and/or removing greenhouse gases emissions, where possible. The purpose of the sourcebook is to further elaborate the concept of CSA and demonstrate its potential, as well as limitations. It aims to help decision makers at a number of levels (including political administrators and natural resource managers) to understand the different options that are available for planning, policies and investments and the practices that are suitable for making different agricultural sectors, landscapes and food systems more climate-smart. This sourcebook is a reference tool for planners, practitioners and policy makers working in agriculture, forestry and fisheries at national and subnational levels. -- Back cover.

The Entrepreneur's Growth Startup Handbook David N. Feldman, 2013-08-07 An accessible guide to handling the unforeseeable consequences of becoming an entrepreneur in today and tomorrow's economy The spirit of an entrepreneur is often characterized as one of unbridled passion and a sense of fearlessness. But what about the consequences of choosing to become an entrepreneur? The occupational hazards associated with this endeavor range from maintaining focus, balancing work with your personal life, and finding good partners to burnout and boredom. Despite the abundance of entrepreneurial guides written, few focus on the essential aspect of dealing with the unexpected personal and professional costs of starting and financing a business.

This new book will help you answer these tough questions. Engaging and informative, this book skillfully examines what usually goes wrong on the road to entrepreneurship, revealing what business owners regret and what you can do to address these issues. Along the way, it provides an overview of the personality traits and qualities that make success in entrepreneurship more likely, and also explores how the weight of wearing the entrepreneurial hat can affect you. Covers the seven principal obstacles that can arise at any level in the entrepreneurial game Filled with the valuable insights of an author who has experience as an entrepreneur and as a corporate attorney representing hundreds of entrepreneurs over his twenty-six year legal career Touches on issues associated with everything from the nerve-wrecking start-up phase to the disenchanted later stages when success does not necessarily guarantee personal or professional contentment If you're looking for a better way to manage and minimize some of the most prominent problems you'll face as an entrepreneur, look no further than this book.

The Garden of Eros Oscar Wilde, 2014-12-25 Oscar Fingal O'Flahertie Wills Wilde (16 October 1854 - 30 November 1900) was an Irish writer and poet. After writing in different forms throughout the 1880s, he became one of London's most popular playwrights in the early 1890s. Today he is remembered for his epigrams, his novel *The Picture of Dorian Gray*, his plays, and the circumstances of his imprisonment and early death. Wilde's parents were successful Anglo-Irish Dublin intellectuals. Their son became fluent in French and German early in life. At university, Wilde read Greats; he proved himself to be an outstanding classicist, first at Dublin, then at Oxford. He became known for his involvement in the rising philosophy of aestheticism, led by two of his tutors, Walter Pater and John Ruskin. After university, Wilde moved to London into fashionable cultural and social circles. As a spokesman for aestheticism, he tried his hand at various literary activities: he published a book of poems, lectured in the United States and Canada on the new English Renaissance in Art, and then returned to London where he worked prolifically as a journalist. Known for his biting wit,

flamboyant dress and glittering conversation, Wilde became one of the best-known personalities of his day. At the turn of the 1890s, he refined his ideas about the supremacy of art in a series of dialogues and essays, and incorporated themes of decadence, duplicity, and beauty into his only novel, *The Picture of Dorian Gray* (1890). The opportunity to construct aesthetic details precisely, and combine them with larger social themes, drew Wilde to write drama. He wrote *Salome* (1891) in French in Paris but it was refused a licence for England due to the absolute prohibition of Biblical subjects on the English stage. Unperturbed, Wilde produced four society comedies in the early 1890s, which made him one of the most successful playwrights of late Victorian London. At the height of his fame and success, while his masterpiece, *The Importance of Being Earnest* (1895), was still on stage in London, Wilde had the Marquess of Queensberry prosecuted for libel. The Marquess was the father of Wilde's lover, Lord Alfred Douglas. The charge carried a penalty of up to two years in prison. The trial unearthed evidence that caused Wilde to drop his charges and led to his own arrest and trial for gross indecency with other men. After two more trials he was convicted and imprisoned for two years' hard labour. In 1897, in prison, he wrote *De Profundis*, which was published in 1905, a long letter which discusses his spiritual journey through his trials, forming a dark counterpoint to his earlier philosophy of pleasure. Upon his release he left immediately for France, never to return to Ireland or Britain. There he wrote his last work, *The Ballad of Reading Gaol* (1898), a long poem commemorating the harsh rhythms of prison life. He died destitute in Paris at the age of 46.

The Way Back F. H. Buckley, 2016-04-26 The promise of America is that, with ambition and hard work, anyone can rise to the top. But now the promise has been broken, and we've become an aristocracy where rich parents raise rich kids and poor parents raise poor kids. We've been told that the changes are structural, that there's nothing we can do about this. But that doesn't explain why other First World countries are beating us hands down on the issue of mobility. What's different about America is our politics. An ostensibly progressive New Class of comfortably rich professionals, media leaders, and academics has shaped the contours of American politics and given us a country of fixed economic classes. It is supported by the poorest of Americans, who have little chance to rise, an alliance of both ends against the middle that recalls the Red Tories of parliamentary countries. Because they support an aristocracy, the members of the New Class are Tories, and because of their feigned concern for the poor, they are Red Tories. *The Way Back* explains the revolution in American politics, where political insurgents have challenged the complacent establishment of both parties, and shows how we can restore the promise of economic mobility and equality by pursuing socialist ends through capitalist means.

From the Mixed-Up Files of Mrs. Basil E. Frankweiler E.L. Konigsburg, 2010-12-21 Now available in a deluxe keepsake edition! A Time Best YA Book of All Time (2021) Run away to the Metropolitan Museum of Art with E. L. Konigsburg's beloved classic and Newbery Medal-winning novel *From the Mixed-Up Files of Mrs. Basil E. Frankweiler*. When Claudia decided to run away, she planned very carefully. She would be gone just long enough to teach her parents a lesson in Claudia appreciation. And she would go in comfort—she would live at the Metropolitan Museum of Art. She saved her money, and she invited her brother Jamie to go, mostly because he was a miser and would have money. Claudia was a good organizer and Jamie had some ideas, too; so the two took up residence at the museum right on schedule. But once the fun of settling in was over, Claudia had two unexpected problems: She felt just the same, and she wanted to feel different; and she found a statue at the Museum so beautiful she could not go home until she had discovered its maker, a question that baffled the experts, too. The former owner of the statue was Mrs. Basil E. Frankweiler. Without her—well, without her, Claudia might never have found a way to go home.
