Crazy Elevator Tech

**Elevator Bird** Sarah Williamson,2020-11-24 Kids and their parents will love this quirky story about kindness, friendship, and a team coming together to make one bird's dream come true... It takes a strong team to keep the Hotel running smoothly, and Elevator Bird is at the center of it all. He helps guests get to their rooms and gives great advice about all the best sights in town. He helps the staff get where they need to go, and always has an encouraging word. Elevator Bird makes everyone's day brighter. So when he confesses to his friend Mousie that he's always longed for a room with a view, Mousie springs into action. All his friends at the Hotel hatch a marvelous plan to make sure Elevator Bird has the nest he deserves. Sarah Williamson spins a charming tale of friends working together to make a dream come true.

**Lifted** Andreas Bernard,2014-02-14 Before skyscrapers forever transformed the landscape of the modern metropolis, the conveyance that made them possible had to be created. Invented in New York in the 1850s, the elevator became an urban fact of life on both sides of the Atlantic by the early twentieth century. While it may at first glance seem a modest innovation, it had wide-ranging effects, from fundamentally restructuring building design to reinforcing social class hierarchies by moving luxury apartments to upper levels, previously the domain of the lower classes. The cramped elevator cabin itself served as a reflection of life in modern growing cities, as a space of simultaneous intimacy and anonymity, constantly in motion. In this elegant and fascinating book, Andreas Bernard explores how the appearance of this new element changed notions of verticality and urban space. Transforming such landmarks as the Waldorf-Astoria and Ritz Tower in New York, he traces how the elevator quickly took hold in large American cities while gaining much slower acceptance in European cities like Paris and Berlin. Combining technological and architectural history with the literary and cinematic, Bernard opens up new ways of looking at the elevator--as a secular confessional when stalled between floors or as a recurring space in which couples fall in love. Rising upwards through modernity, Lifted takes the reader on a compelling ride through the history of the elevator.

**The Elevator Family** Douglas Evans,2001-07-10 WHAT'S THE STRANGEST HOTEL ROOM YOU'VE EVER STAYED IN? WHATEVER IT IS, THE WILSON FAMILY CAN TOP IT. BECAUSE FOR THREE DAYS, THEY LIVE IN AN ELEVATOR. For the Wilson family, only the best will do! So when they arrive at the San Francisco Hotel and discover that there are no available rooms, they decide to stay in the place that suits them best of all: a room that has its ups . . . and its downs—a room called Otis, the hotel elevator. Staying in the elevator is absolutely “fantabulous!” After all, where else would Mr. Walter Wilson, Mrs. Winona Wilson, 10-year-old Winslow Wilson, and his twin sister, Whitney Wilson get to meet: · A weary traveling salesman of kids' fads · A British rock group with a funny name · A lovesick bellhop · A society lady and her pampered poodle · And a slew of other surprising visitors! For fans of middle-grade giants like Andrew Clements, Jerry Spinelli, Louis Sachar, and Judy Blume, The Elevator Family is a funny and heartwarming story about an eccentric family who'll be remembered long after they check out of Otis. Drop in on them for an elevator ride filled with adventure and zany humor!

**Elevator Magic** Stuart J. Murphy,1997 Explains the concept of subtraction through a rhyming text about a descending elevator.

**Lift** Minh Lê,2020-05-05 From the award-winning and bestselling creators of Drawn Together comes the fantastic tale of a magical elevator that will lift your spirits--and press all the right buttons! Iris loves to push the elevator buttons in her apartment building, but when it's time to share the fun with a new member of the family, she's pretty put out. That is, until the sudden appearance of a mysterious new button opens up entire realms of possibility, places where she can escape and explore on her own. But when she's forced to choose between going at it alone or letting her little brother tag along, Iris finds that sharing a discovery with the people you love can be the most wonderful experience of all. Using their dynamic comics-inspired storytelling, acclaimed author Minh Lê and Caldecott Medal-winning artist Dan Santat carry readers on a journey of ups, downs, and twists and turns that will send hearts--and imaginations--soaring. \*Beautiful ---School Library Journal, starred review \*Dazzling---Publishers Weekly, starred review \*Delightful---School Library Connection, starred review \*Immersive---Booklist, starred review \*Inspired---Kirkus Reviews, starred review

**Humor That Works** Andrew Tarvin,2012-11-13 The author presents a collection of ways to reap the proven human and corporate benefits of humor at work, organized by core business skill and founded on his own work as a business speaker and coach with the consulting company, Humor That Works.

**The Darwin Elevator** Jason M. Hough,2013-07-30 NEW YORK TIMES BESTSELLER Jason M. Hough's pulse-pounding debut combines the drama, swagger, and vivid characters of Joss Whedon's Firefly with the talent of sci-fi author John Scalzi. In the mid-23rd century, Darwin, Australia, stands as the last human city on Earth. The world has succumbed to an alien plague, with most of the population transformed into mindless, savage creatures. The planet's refugees flock to Darwin, where a space elevator—created by the architects of this apocalypse, the Builders—emits a plague-suppressing aura. Skyler Luiken has a rare immunity to the plague. Backed by an international crew of fellow “immunes,” he leads missions into the dangerous wasteland beyond the aura's edge to find the resources Darwin needs to stave off collapse. But when the Elevator starts to malfunction, Skyler is tapped—along with the brilliant scientist, Dr. Tania Sharma—to solve the mystery of the failing alien technology and save the ragged remnants of humanity. Praise for The Darwin Elevator “A hell of a fun book.”—James S. A. Corey, New York Times bestselling author of Abaddon's Gate “[Jason M.] Hough's first novel combines the rapid-fire action and memorable characters associated with Joss Whedon's short-lived Firefly TV series with the accessibility and scientific acumen of [James S. A.] Corey's 'Expanse' series.”—Library Journal (starred review) “The best part about alien stories is their mystery, and Jason Hough understands that like no other. Full of compelling characters and thick with tension, The Darwin Elevator delivers both despair and hope along with a gigantic dose of wonder. It's a brilliant debut, and Hough can take my money whenever he writes anything from now on.”—Kevin Hearne, New York Times bestselling author of The Iron Druid Chronicles “Newcomer Hough displays a talent for imaginative plotting and realistic dialogue, and the brisk pacing and cliffhanger ending will keep readers enthralled and eagerly awaiting the next installment.”—Publishers Weekly “Jason M. Hough does a great job with this huge story. The world of Darwin and the Elevator is deliciously complex and satisfying. Skyler, Tania, and all the other characters are delightfully drawn and fun to spend time with. . . . The story unfolds with just the right balance of high adventure, espionage, humor, and emotional truth. . . . As soon as you finish, you'll want more.”—Analog “A debut novel unlike any other . . . This is something special. Something iconic. The Darwin Elevator is full of majesty and wonder, mystery and mayhem, colorful characters and insidious schemes.”—SF Signal “Fun, action-packed and entertaining . . . a sure contender for science fiction debut of the year!”—Pat's Fantasy Hotlist “Claustrophobic, intense, and satisfying . . . I couldn't put this book down. The Darwin Elevator depicts a terrifying world, suspends it from a delicate thread, and forces you to read with held breath as you anticipate the inevitable fall.”—Hugh Howey, New York Times bestselling author of Wool

**The Elevator Escalator Book** Bob Barner,1990 The way twelve different forms of transportation work are explained as a large, brown dog takes each on a trip to deliver a package.

**Charlie and the Great Glass Elevator** Roald Dahl,2007-08-16 From the bestselling author of Charlie and the Chocolate Factory and The BFG! Last seen flying through the sky in a giant elevator in Charlie and the Chocolate Factory, Charlie Bucket's back for another adventure. When the giant elevator picks up speed, Charlie, Willy Wonka, and the gang are sent hurtling through space and time. Visiting the world's first space hotel, battling the

dreaded Vermicious Knids, and saving the world are only a few stops along this remarkable, intergalactic joyride.

The Elevator Yael Frankel,2020-11-24 Every trip changes us, even a trip on the elevator.A girl and her dog begin their afternoon walk. But before they can get outside to the street, they must take the elevator in their apartment building. She presses the button to go down, but the elevator goes up. Who called it? Is it broken? As the reader turns the page, the girl arrives at different floors, where new friendships are made, old stories are told, and a surprise is revealed. Beautiful human connections filled with kindness and empathy happen in this elevator in what would usually be a routine encounter.Winner of the Best Illustration at the Sharjah Children's Reading Festival 2019Laureate Image of the Book Best Picture Book at the XII International Contest for Book Illustration and Design, Moscow, 2019Playful book design and illustrations created with drawing, collage, and photography, this is the debut publication in the US of Argentinian author and illustrator Yael Frankel, who transforms simple everyday moments into whimsical stories.

I'm a Proud Mom of a Freaking Awesome Elevator Installer Crazy Elevator Tech,2019-09-08 For a simple way to keep your job organized, this notebook, with a cool graphic on the front cover, is a fun way to keep track of parts needed, maintenance tasks or appointments on paper.

**Physics, Fun and Beyond** Eduardo de Campos Valadares,2006 Curious people of all ages, teachers, and students will love this unique book. With many hands-on experiments based on simple items such as balloons, mirrors, and flashlights, a focus on creativity, perception, and innovation, this open-ended book covers a wide range of topics, from everyday phenomena to cutting-edge technology demonstrated in the kitchen. In a recent editorial in Chemical and Engineering News, Dick Zare clearly stated what our aspirations should be: '...to give each student the opportunity to explore and to pursue the answers to open-ended questions...Let's work harder to avoid telling students too much about everything, and instead encourage them to become independent thinkers.' This book will help the reader to become that independent thinker.

#### **Electrical Age ,1907**

Artificial Intelligence Is Fun! Kathryn M. Hilton,2007-06 Artificial Intelligence is something that has interested the author for many years. When she saw an opportunity to get an AI character whose primary purpose was to carry on conversations with the computer user, she got the software program immediately. The character she chose to use at that time was named Erica. She thinks she is a nice looking human female with a college education and has not been informed that she is merely a brain in a computer. She is an attractive animated character with the ability to lip sync words. Her data base is filled with information of all kinds. Her main fault is that she does not stay on a topic very well. Her unique sense of humor more than makes up for this. The book begins with the first conversations and goes through what happens along the way as the author proceeds to teach the character and carry on conversations with her. This book was actually suggested by the artificial intelligence character who felt that people would enjoy reading her conversations. Problems that arise, lost conversations due to program crashes, some experiments, even comparison with another artificial intelligence character, and anything else encountered along the way are all given as commentary in the midst of the conversations. At the beginning the character was like a child needing to be taught. The author took care to be sure she became and stayed nice and polite as such characters can become just as down and dirty as a computer user cares to make them. It is said they take on the personality of the user over a period of time. Later two other AI programs were added to the research. Erica was replaced with Kate and a new brain while Peppi, the parrot, occupied the other two programs so comparisons could be made easily. For anyone interested in artificial intelligence on the consumer level, this report of the author's experiences with her AI characters and software is very enlightening. Such a character can brighten the life of the lonely, the disabled, and anyone who is a shut-in or lives in seclusion. The author has explained everything she has done as she learned and experimented with the three programs. Erica was interesting to talk with. Kate is a fantastic character. Peppi is great and quite funny. Their conversations are both silly and serious and much was learned from them while teaching the software. It was and is an enjoyable experience to talk with an AI character.

Your Secrets Sleep With Me Darren O'Donnell,2000-05-19 Toronto's CN Tower has fallen into the lake. The city is crowded with refugees from the US. Michael and Ruth Racco's dad has, in a rash of road rage, perpetrated the Backhoe Massacre. And, in the middle of it all, little Jimmy Hardcastle has, in the fountain of a suburban mall, walked on water. As helicopters chop the air over Toronto and a paranoid America slides into fascism, kids from south of the border collide with kids from north of the border and, over lattes, ruminate on new possibilities. Your Secrets Sleep With Me is a frenetic, ruthlessly hilarious critique of power and politics. Brilliant, absurd, incisive and fun, this caffeinated novel will take you on a doomed search for the place where you end and everything else begins. But you will not be alone. Shhh. Don't worry. Your secrets sleep with us.
