Multimodal Signals: Cognitive and Algorithmic Issues Anna Esposito,Amir Hussain,Maria Marinaro,Raffaele Martone,2009-02-27 This book constitutes the thoroughly refereed post-conference proceedings of the COST Action 2102 and euCognition supported international school on Multimodal Signals: Cognitive and Algorithmic Issues held in Vietri sul Mare, Italy, in April 2008. The 34 revised full papers presented were carefully reviewed and selected from participants' contributions and invited lectures given at the workshop. The volume is organized in two parts; the first on Interactive and Unsupervised Multimodal Systems contains 14 papers. The papers deal with the theoretical and computational issue of defining algorithms, programming languages, and determinist models to recognize and synthesize multimodal signals. These are facial and vocal expressions of emotions, tones of voice, gestures, eye contact, spatial arrangements, patterns of touch, expressive movements, writing patterns, and cultural differences, in anticipation of the implementation of intelligent avatars and interactive dialogue systems that could be exploited to improve user access to future telecommunication services. The second part of the volume, on Verbal and Nonverbal Communication Signals, presents 20 original studies devoted to the modeling of timing synchronisation between speech production, gestures, facial and head movements in human communicative expressions and on their mutual contribution for an effective communication.

Fluency and Reading Comprehension in Typical Readers and Dyslexic Readers: Volume II Manuel Soriano-Ferrer,Simone Aparecida Capellini,Giseli Donadon Germano,2024-03-06 This Research Topic is the second edition of Fluency and reading comprehension in typical readers and dyslexics readers: Volume I This Second Edition Research Topic is focused on the characterization of the reading-writing difficulties and their comorbidities and in the analysis of evidence-based recommendations for early interventions and treatment of these difficulties within the fields of neuropsychology, speech-language pathology, and educational psychology. Reading involves decoding and comprehension components, and to become efficient it requires a large number of cognitive and linguistic processes. Among those, decoding failures can have different origins, such as deficits in phonological and/or visual processing. In addition, a child with reading difficulties might also have problems in the acquisition of writing and handwriting performance. This is an important point to be discussed, as reading and writing both suffer interference from vocabulary acquisition, linguistic skills, memory skills, reading and writing practices, and literacy methods. These processes become important only when the professional needs to deal with students presenting learning difficulties. Difficulty in using the knowledge of conversion rules between grapheme-phoneme to word reading construction or phoneme-grapheme for writing can be identified in schoolchildren with dyslexia, dysgraphia, and dysortography, being a specific learning disorder with a neurological etiology. In addition, there is established evidence of a speech-language processing basis, students with specific learning disabilities can show a range of cognitive difficulties (e.g., rapid naming, executive functioning, working memory). These presented difficulties interfere in their learning process, impairing their learning development.

Innovative Practices in Early English Language Education David Valente,Daniel Xerri,2023-02-08 This book shines a light on novel and less familiar domains of early English language education for children aged 3 to 12, in mainstream and out-of-school settings. Enveloping the volume is the making of creative connections to wider educational philosophies which extend beyond the confines of a narrow linguistic lens. In reconciling the theory-practice divide in English language education, each chapter presents a synthesis of research issues leading to a practical showcase of ideas. Organised in two main parts, the first focuses on innovations within classroom practice, curriculum development, and child-centred assessment, exploring areas which

have either received insufficient attention and/or have been reimagined through fresh perspectives. The second part explores innovations in pre- and in-service teacher education contexts and focuses on lesser-known and/or underexplored topics, including bridging general and language education, multilingualism, in-depth learning, metacognition, and pragmatics. This is a timely publication for teacher educators and practitioners alike.

Down with Love Kate Meader, 2023-02-09 The cynical divorce lawyer and the hearts-and-flowers wedding planner could be the perfect match . . . If you ever get married, remember my name: Max Henderson. In my line of work, you acquire a certain perspective on supposedly everlasting unions. . . . 1. Pre-nups are your friend. 2. The person you married is not the person you're divorcing. 3. And I hope you didn't spend much on the wedding because that was one helluva waste of hard-earned cash, wasn't it? But some guys are willing to take a chance. Like my brother, who thinks he's going to ride off into the sunset with the woman of his dreams in a haze of glitter on unicorns. And the wedding planner—the green-eyed beauty who makes a living convincing suckers to shell out thousands of dollars on centerpieces—is raking it in on this matrimonial monstrosity. The thing is, Charlie Love is not unlike me. We're both cogs in the wedding-industrial complex. As the best man, I know her game—and I can play it better than her. But after one scorching, unexpected kiss, I'm thinking I might just want to get played.

Although George Smiley (code name: Max) is officially retired, he's summoned to identify the body now bearing Moscow Centre's bloody imprimatur. As he works to unearth his friend's fatal secrets, Smiley heads inexorably toward one final reckoning with Karla—his dark "grail." Quarantine Jean-Pierre Martinez, 2021-08-21 Four strangers find themselves forcefully quarantined in what turns out to be an abandoned theater. Seated behind an imaginary two-way mirror, they are observed by another group of people (the audience). The allegedly contaminated strangers consider the situation. What virus are they contaminated with? What will happen to them? How and when will all this end? Little by little, we learn that this huis-clos takes place in a near future where Big Brother reigns supreme, and that the reason for this quarantine may not be entirely medically

motivated. 4 characters (male or female)

Bunny Mona Awad, 2019-06-11 NATIONAL BESTSELLER Soon to be a major motion picture Jon Swift + Witches of Eastwick + Kelly 'Get In Trouble' Link + Mean Girls + Creative Writing Degree Hell! No punches pulled, no hilarities dodged, no meme unmangled! O Bunny you are sooo genius! —Margaret Atwood, via Twitter A wild, audacious and ultimately unforgettable novel. —Michael Schaub, Los Angeles Times Awad is a stone-cold genius. —Ann Bauer, The Washington Post The Vegetarian meets Heathers in this darkly funny, seductively strange novel from the acclaimed author of 13 Ways of Looking at a Fat Girl and Rouge We were just these innocent girls in the night trying to make something beautiful. We nearly died. We very nearly did, didn't we? Samantha Heather Mackey couldn't be more of an outsider in her small, highly selective MFA program at New England's Warren University. A scholarship student who prefers the company of her dark imagination to that of most people, she is utterly repelled by the rest of her fiction writing cohort—a clique of unbearably twee rich girls who call each other Bunny, and seem to move and speak as one. But everything changes when Samantha receives an invitation to the Bunnies' fabled Smut Salon, and finds herself inexplicably drawn to their front door—ditching her only friend, Ava, in the process. As Samantha plunges deeper and deeper into the Bunnies' sinister yet saccharine world, beginning to take part in the ritualistic off-campus Workshop where they conjure their monstrous creations, the edges of reality begin to blur. Soon, her friendships with Ava and the Bunnies will be brought into deadly collision. The spellbinding new novel from one of our most fearless chroniclers of the female experience, Bunny is a down-the-rabbit-hole tale of loneliness and belonging, friendship and desire, and the fantastic and terrible power of the imagination. Named a Best Book of 2019 by TIME, Vogue, Electric Literature, and The New York Public Library

Merry Cherry Christmas Keira Andrews, 2024-02-03 A nice boy gets naughty... Redheaded freshman Jeremy Cherry Rourke is certainly living up to his childhood nickname, although still being inexperienced is the least of his concerns. After coming out, his parents barely talk to him. He hasn't made any friends at university. Worst of all, he's about to spend Christmas completely alone in an empty dorm. Jeremy clearly needs a fairy godfather, so football captain Max Pimenta takes him under his wing to help him find his dating groove. But Jeremy's wound way too tight. He's too vulnerable. Max can't trust some random guy with him. He needs to take care of Jeremy himself and introduce him to no-pressure exploration. It's not about romance or feelings—he's just doing the kid a favor. Max is definitely not falling for this lonely, beautiful boy. No way. And it's not like he can leave Jeremy all alone for the holidays. He'll bring him home to his family's maple syrup farm—strictly as friends since his parents have rules. No more fooling around. No more eager, breathless fun. No more making Jeremy shiver and blush with suggestive whispers in his ear. No more sweeter-than-sugar kisses. All nice. No more naughty. But Jeremy's sleeping right across the hall, and Max wants him for himself. The twelve days of Christmas will last an eternity if they don't break the rules. Shhh. No one has to know... *Merry Cherry Christmas* is a feel-good holiday MM romance from Keira Andrews featuring a nervous nerd and protective jock, opposites attracting, first times, and of course a happy ending.
