Reading in the Wild Donalyn Miller, 2013-11-04 In *Reading in the Wild*, reading expert Donalyn Miller continues the conversation that began in her bestselling book, *The Book Whisperer*. Based, in part, on survey responses from adult readers as well as students, *Reading in the Wild* offers solid advice and strategies on how to develop, encourage, and assess five key reading habits that cultivate a lifelong love of reading. Also included are strategies, lesson plans, management tools, and comprehensive lists of recommended books. Copublished with Editorial Projects in Education, publisher of *Education Week* and *Teacher* magazine, *Reading in the Wild* is packed with ideas for helping students build capacity for a lifetime of wild reading. When the thrill of choice reading starts to fade, it's time to grab *Reading in the Wild*. This treasure trove of resources and management techniques will enhance and improve existing classroom systems and structures. —Cris Tovani, secondary teacher, Cherry Creek School District, Colorado, consultant, and author of *Do I Really Have to Teach Reading?* With *Reading in the Wild*, Donalyn Miller gives educators another important book. She reminds us that creating lifelong readers goes far beyond the first step of putting good books into kids' hands. —Franki Sibberson, third-grade teacher, Dublin City Schools, Dublin, Ohio, and author of *Beyond Leveled Books* *Reading in the Wild*, along with the now legendary *The Book Whisperer*, constitutes the complete guide to creating a stimulating literature program that also gets students excited about pleasure reading, the kind of reading that best prepares students for understanding demanding academic texts. In other words, Donalyn Miller has solved one of the central problems in language education. —Stephen Krashen, professor emeritus, University of Southern California

Ditch That Textbook Matt Miller, 2015-04-13 Textbooks are symbols of centuries-old education. They're often outdated as soon as they hit students' desks. Acting by the textbook implies compliance and a lack of creativity. It's time to ditch those textbooks--and those textbook assumptions about learning In *Ditch That Textbook*, teacher and blogger Matt Miller encourages educators to throw out meaningless, pedestrian teaching and learning practices. He empowers them to evolve and improve on old, standard, teaching methods. *Ditch That Textbook* is a support system, toolbox, and manifesto to help educators free their teaching and revolutionize their classrooms.

Flip the System Australia Deborah M. Netolicky, Jon Andrews, Cameron Paterson, 2018-12-07 This is a book by educators, for educators. It grapples with the complexities, the humanity and the possibilities in education. In a climate of competing accountabilities and measurement mechanisms; corporate solutions to education

'problems'; and narratives of 'failing' schools, 'underperforming' teachers and 'disengaged' students; this book asks 'What matters?' or 'What should matter?' in education. Based in the unique Australian context, this book situates Australian education policy, research and practice within the international education narrative. It argues that professionals within schools should be supported, empowered and welcomed into policy discourse, not dictated to by top-down bureaucracy. It advocates for a flipping, flattening and democratising of the education system, in Australia and around the world. *Flip the System Australia: What matters in education* brings together the voices of teachers, school leaders and scholars in order to offer diverse perspectives, important challenges and hopeful alternatives to the current education system.

Student Participation in Online Discussions Khe Foon Hew, Wing Sum Cheung, 2012-06-13 The increasingly prevalent use of online- or blended-learning in schools universities has resulted in asynchronous online discussion forum becoming an increasingly common means to facilitate dialogue between instructors and students, as well as students and students beyond the boundaries of their physical classrooms. This proposed academic book contributes to the literature on asynchronous online discussions in the following three main ways: First, it reviews previous research studies in order to identify the factors leading to limited student contribution. Limited student contribution is defined as students making few or no postings, students exhibiting surface-level thinking or students demonstrating low-level knowledge construction in online discussions. It then identifies the various empirically-based guidelines to address the factors. Second, three potential guideline dilemmas that educators may encounter: (a) use of grades, (b) use of number of posting guideline, and (c) instructor-facilitation are introduced. These are guidelines where previous empirical research shows mixed results when they are implemented. Acknowledging the dilemmas is essential for educators and researchers to make informed decisions about the discussion guidelines they are considering implementing. Third, nine exploratory case studies related to student-facilitation and audio-based discussion are reported on and examined. Using students as facilitators may be an alternative solution to educators who wish to avoid the instructor-facilitation guideline dilemma. Using audio discussion would be useful for participants with poor typing skills or those who prefer talking to typing. The proposed book is distinctive in comparison to current competitor titles because all the findings and guidelines are empirically-based. Furthermore, the nine expanded case studies provided specifically address the issue of student/peer facilitation and audio-based discussion. Student/peer facilitation and audio discussion are two areas that hitherto received comparatively lesser attention compared to instructor facilitation and text-based discussion.

I Will Survive Gloria Gaynor,2014-03-11 *I Will Survive* is the story of Gloria Gaynor, America's Queen of Disco. It is the story of riches and fame, despair, and finally salvation. Her meteoric rise to stardom in the mid-1970s was nothing short of phenomenal, and hits poured forth that pushed her to the top of the charts, including *Honey Bee*, *I Got You Under My Skin*, *Never Can Say Goodbye*, and the song that has immortalized her, *I Will Survive*, which became a #1 international gold seller. With that song, Gloria heralded the international rise of disco that became synonymous with a way of life in the fast lane - the sweaty bodies at Studio 54, the lines of cocaine, the indescribable feeling that you could always be at the top of your game and never come down. But down she came after her early stardom, and problems followed in the wake, including the death of her mother, whose love had anchored the young singer, as well as constant battles with weight, drugs, and alcohol. While her fans always imagined her to be rich, her personal finances collapsed due to poor management; and while many envied her, she felt completely empty inside. In the early 1980s, sustained by her marriage to music publisher Linwood Simon, Gloria took three years off and reflected upon her life. She visited churches and revisited her mother's old Bible. Discovering the world of gospel, she made a commitment to Christ that sustains her to this day.
