Amazing Adventures of A Nobody Leon

Logothetis,2012-01-25 Tired of his disconnected life and uninspiring job, Leon Logothetis leaves it all behind - job, money, home, even his cell phone - and hits the road with nothing but the clothes on his back and five dollars in his pocket, relying on the kindness of strangers and the serendipity of the open road for his daily keep. Along the way, Leon offers up the intriguing and charming tales gathered along his one - of - a - kind journey riding in trains and buses and big rigs and classic cars; sleeping on streets and couches and firehouses; meeting pimps and preachers, astronauts and single moms, celebrities and homeless families, veterans and communists. Each day of his journey, we catch sight of the invisible spiritual underpinning of society in these stories of companionship - and sheer adventure - that prove that the kind, good soul of mankind has not been lost.

Circular Design for Fashion ELLEN MACARTHUR

FOUNDATION. PUBLISHING,2021-12 At heart, this book aims to inspire fearless innovators committed to spearheading the future of fashion. It is for all of us looking to make a positive impact in an industry that we love and care about. It is increasingly acknowledged that the practice of design is not exclusive to designers, nor is it found only in studios. The materials, garments, services, shows, supply chains and stores that make up the fashion industry all work the way they do because of innumerable design decisions, made by creatives all over the world. Circular design goes far beyond rethinking single products or services, it has the potential to redefine how the entire fashion system operates. It's a chance for anyone in the fashion industry - regardless of job title - to support the shift to a circular economy where, by design, waste and pollution are eliminated, products and materials are circulated, and nature is regenerated. Circular design is a pioneering practice of design. It is the creative opportunity of the coming decade for the creatives, innovators,

and pioneers who seek to reshape the fashion industry.
