Wolff,1989 This dictionary is meant primarily as a tool for English speakers who need to know Indonesian and who deal with Indonesian writings. On the other hand we have confined the listing of dialectal forms only to those likely to be widely known...The dictionary should also be useful to Indonesians who wish to learn English equivalents of Indonesian words, but it has not been developed primarily for that purpose, because many English words can only be defined by a sequence of Indonesian words. from Introduction.
