**Course in Nepali** David Matthews,2013-01-11 Nepali has also been adopted by peoples of the Himalayan region who belong to different linguistic groups, and is now understood throughout the whole of Nepal, the Darjeeling region of West Bengal, Sikkim, Bhutan and parts of Tibet, where it has functioned as a language of trade and commerce for well over two centuries. The aim of this course, which covers the whole grammar and all the constructions of modern Nepali, is to present a full description of both the spoken and written forms of modern standard Nepali, and to enable the student to understand, speak and read most types of Nepali he or she is likely to encounter. The earlier lessons concentrate mainly on the spoken style, and the conversation passages whilst the later lessons concern religious, political and literary topics. Nepal is a land which already provides great enjoyment to the increasing number of visitors from the west. A knowledge of the language leads to a deeper understanding of the culture of its people, and the object of A Course in Nepali is to provide the means of learning it without much difficulty. Earlier editions of this course have been the standard book for students at the School of Oriental and African Studies, and it is without question the established market leader.

**The Tutor of History** Manjushree Thapa,2001 The Tutor of History is an ambitious social saga, a compelling tale of idealism, love and alienation, set in contemporary Nepal caught between tradition and modernity. The events of the novel unfold against the backdrop of a campaign for parliamentary elections in the bustling roadside town of Khaireni Tar. At its heart the book is about four main characters: Giridhar Adhikari, the chairman of the People's Party's district committee, who suffers from a serious alcohol addiction and strange, violent manias; Rishi Parajuli, a lonely, under-employed bachelor and disillusioned communist who gives private tuitions in history to disinterested middle-class boys; Om Gurung, a former British Gurkha determined to bring love into every life in his hometown; and Binita Dahal, a reclusive young widow who runs a small tea shop and is careful not to demand of life more than the meagre pleasures it brings her. As the election campaign reaches its peak, the crisis in each character's life mounts, and the eventual rigging of the elections becomes a metaphor for the flawed, imperfect choices that ordinary people must make to get by in a world beyond their control. significant new voice from the Subcontinent. The first major novel in English to emerge from Nepal.

**Colloquial Nepali** G. G. Rogers,2006 Colloquial Nepali is a reprint of an excellent introduction to spoken Nepali. It is a very useful primer on the colloquial idiom of Nepali, for, while the formal and written variety of the language has received a great deal of attention from scholars, there is much less literature devoted exclusively to the spoken form even today. The first few chapters are devoted to the phonetics of Nepali sounds followed by lessons on grammar

(along with English-Nepali translation exercises). Finally there is an extremely useful list of more than 1500 commonly used words in Nepali with, of course, their English translations. The author has not forgotten to introduce the learner to some of the more frequently used idioms and slang in Nepali. A very useful teach-yourself book on spoken Nepali.

**Narratives of Marginalized Identities in Higher Education** Santosh Khadka,Joanna Davis-McElligatt,Keith Dorwick,2018-07-27 This book features theorized narratives from academics who inhabit marginalized identity positions, including, among others, academics with non-normative genders, sexualities, and relationships; nontenured faculty; racial and ethnic minorities; scholars with HIV, depression and anxiety, and other disabilities; immigrants and international

students; and poor and working-class faculty and students. The chapters in this volume explore the ways in which marginalized identities fundamentally shape and impact the academic experience; thus, the contributors in this collection demonstrate how academic outsiderism works both within the confines of their college or university systems, and a broader matrix of community, state, and international relations. With an emphasis on the inherent intersectionality of identity positions, this book addresses the broad matrix of ways academics navigate their particular locations as marginalized subjects.

**International Perspectives on Teaching English in Difficult Circumstances** Kuchah Kuchah,Fauzia Shamim,2018-11-17 This book offers a holistic practitioner and research-based perspective on English Language Teaching and teacher education in difficult circumstances. In addition to extending the current conceptualization of 'difficult circumstances' in ELT to include the broader policy issues that may affect ELT in low-to-mid income countries, the book focuses on the challenges faced by practitioners and learners in contexts of confinement, conflict and special education. The chapters in this collection examine the challenges and problems that emerge from the complex current ELT environment, and present examples of contextualized inquiry-based strategies and interventions to address these challenges. Underlining the need to extend the boundaries of the discipline of ELT to include teaching-learning in less privileged contexts, this wide-ranging volume will appeal to students, scholars and practitioners of English Language Teaching.
