Beginning Learner's Ukrainian Dictionary Lisa Shilova,Matthew Aldrich,2022-06-07 The Beginning Learner's Ukrainian Dictionary is, as its name implies, designed for beginning learners of the Ukrainian language. Bonus: Access to audio tracks to download and stream from the publisher's website. The dictionary is meant to be more than a reference in which to look up unknown words. It is a study tool to expand your lexicon and build a solid base in both vocabulary and grammar. You are encouraged to read through entry after entry, study the structure of the example sentences, notice the inflections of nouns, adjectives, and verbs, and practice your listening skills and pronunciation while listening to the accompanying audio tracks. Three Indexes: English-Ukrainian Quick Lookup; Common Ukrainian Names; Grammar Terms The dictionary has been adapted from our book The Beginning Learner's Russian Dictionary, which is based on the official Lexical Minimum for the standardized test that includes 780 items that learners are expected to know at the A1 level. To these, the names of countries, common Ukrainian personal names, and grammatical terms have been added, bringing the total number of headwords in the dictionary to over 1,000. This dictionary offers many advantages for beginning learners over other Ukrainian-English dictionaries. It offers a reader-friendly, uncluttered layout. Only senses appropriate to the A1 level appear in the entries. Grammatical information is presented clearly in tables along with invaluable usage notes. Example sentences contain only A1-level vocabulary found in the dictionary. (Beginning learners may find other dictionaries overwhelming, as entries contain multiple senses, many of which are uncommon and make it difficult to determine which sense is intended. Such dictionaries present limited grammatical information, often in abbreviated form, under the assumption that the reader is proficient in Ukrainian grammar. Likewise, example sentences may contain too many higher-level vocabulary words to be of use to beginning learners.)

Ukrainian Vocabulary Book Pinhok Languages,2022-05-01 Ukrainian vocabulary book + Ukrainian dictionary This Ukrainian vocabulary book contains more than 3000 words and phrases which are grouped by topic to make it easier for you to pick what to learn first. On top of that, the index in the second half of the book provides you with a basic Ukrainian-English as well as English-Ukrainian dictionary which makes this a great resource for learners of all levels. What you can expect from this book: This Ukrainian learning resource is a combination of Ukrainian vocabulary book and a two-way basic Ukrainian dictionary: Part 1 - Topic based Ukrainian vocabulary book: This is the main part of the book and represents a list of chapters each containing Ukrainian vocabularies for a certain topic. The Ukrainian vocabularies in the chapters are unsorted on purpose to separate remembering them from a defined alphabetical order. You can start at any chapter and dive directly into the topics that interest you the most. Part 2 - Basic English-Ukrainian dictionary: The index in the second half of the book can be used as a basic Ukrainian dictionary to look up words you have learned but can't remember or learn new words you need. Part 3 - Basic

Ukrainian-English dictionary: Easy to use and with just the right amount of words, this third part finishes off with a second index that allows you to look for Ukrainian words and directly find the English translation. How to use this Ukrainian vocabulary book: Not sure where to start? We suggest you first work your way through the verbs, adjectives and phrases chapters in part one of the book. This will give you a great base for further studying and already enough vocabulary for basic communication. The Ukrainian dictionaries in part two and three can be used whenever needed to look up words you hear on the street, English words you want to know the Ukrainian translation for or simply to learn some new words. Some final thoughts: Vocabulary books have been around for centuries and as with so many things that have been around for some time, they are not very fashionable and a bit boring, but they usually work very well. Together with the basic Ukrainian dictionary parts, this vocabulary book is a great resource to support you throughout the process of learning Ukrainian and comes in particularly handy at times when there is no internet to look up words and phrases.
