Uncovering the Logic of English: A Common-Sense Solution to America's Literacy Crisis Denise Eide,2011-01-27 English is so illogical! It is generally believed that English is a language of exceptions. For many, learning to spell and read is frustrating. For some, it is impossible... especially for the 29% of Americans who are functionally illiterate. But what if the problem is not the language itself, but the rules we were taught? What if we could see the complexity of English as a powerful tool rather than a hindrance? --Denise Eide Uncovering the Logic of English challenges the notion that English is illogical by systematically explaining English spelling and answering questions like Why is there a silent final E in have, large, and house? and Why is discussion spelled with -sion rather than -tion? With easy-to-read examples and anecdotes, this book describes: - the phonograms and spelling rules which explain 98% of English words - how English words are formed and how this knowledge can revolutionize vocabulary development - how understanding the reasons behind English spelling prevents students from needing to guess The author's inspiring commentary makes a compelling case that understanding the logic of English could transform literacy education and help solve America's literacy crisis. Thorough and filled with the latest linguistic and reading research, Uncovering the Logic of English demonstrates why this systematic approach should be as foundational to our education as 1+1=2.

Dreyer's English Benjamin Dreyer,2020-08-04 NEW YORK TIMES BESTSELLER • A sharp, funny grammar guide they'll actually want to read, from Random House's longtime copy chief and one of Twitter's leading language gurus NAMED ONE OF THE BEST BOOKS OF THE YEAR BY O: The Oprah Magazine • Paste • Shelf Awareness "Essential (and delightful!)"—People We all write, all the time: books, blogs, emails. Lots and lots of emails. And we all want to write better. Benjamin Dreyer is here to help. As Random House's copy chief, Dreyer has upheld the standards of the legendary publisher for more than two decades. He is beloved by authors and editors alike—not to mention his followers on social media—for deconstructing the English language with playful erudition. Now he distills everything he has learned from the myriad books he has copyedited and overseen into a useful guide not just for writers but for everyone who wants to put their best prose foot forward. As authoritative as it is amusing, Dreyer's English offers lessons on punctuation, from the underloved semicolon to the enigmatic en dash; the rules and nonrules of grammar, including why it's OK to begin a sentence with "And" or "But" and to confidently split an infinitive; and why it's best to avoid the doldrums of the Wan Intensifiers and Throat Clearers, including "very," "rather," "of course," and the dreaded "actually." Dreyer will let you know whether "alright" is all right (sometimes) and even help you brush up on your spelling—though, as he notes, "The problem with mnemonic devices is that I can never remember them." And yes: "Only godless savages eschew the series comma." Chockful of advice, insider wisdom, and fun facts, this book will prove to be invaluable to everyone who wants to shore up their writing skills, mandatory for people who spend their time editing and shaping other people's prose, and—perhaps best of all—an utter treat for anyone who simply revels in language. Praise for Dreyer's English "Playful, smart, self-conscious, and personal . . . One encounters wisdom and good sense on nearly every page of Dreyer's English."—The Wall Street Journal "Destined to become a classic."—The Millions "Dreyer can help you . . . with tips on punctuation and spelling. . . . Even better: He'll entertain you while he's at it."—Newsday

The American Heritage Book Of English Usage Editors of the American Heritage Di,1996-09-09 For the first time, the editors of the acclaimed American Heritage(R) Dictionary have applied their efforts to word usage as its own subject. The result is this practical guide that includes chapters on grammar, style, diction, gender, social groups, pronunciation, word formation, science terms, and a subject and a word index.

Crazy English Richard Lederer,2010-05-11 In what other language, asks Lederer, do people drive on a parkway and park in a driveway, and your nose can run and your feet can smell? In CRAZY ENGLISH, Lederer frolics through the logic-boggling byways of our language, discovering the names for phobias you didn't know you could have, the longest words in our dictionaries, and the shortest sentence containing every letter in the alphabet. You'll take a bird's-eye view of our beastly language, feast on a banquet of mushrooming food metaphors, and meet the self-reflecting Doctor Rotcod, destined to speak only in palindromes.

English Around the World Edgar W. Schneider,2010-12-20 The global spread of English has had widespread linguistic, social and cultural implications, affecting the lives of millions of people around the world. This textbook provides a lively and accessible introduction to world Englishes, describing varieties used in places as broad-ranging as America, Jamaica, Australia, Africa and Asia, and setting them within their historical and social contexts. Students are guided through the material with chapter previews and summaries, maps, timelines, lists of key terms, discussion questions and exercises, and a comprehensive glossary, helping them to understand, analyse and compare different varieties of English, and apply descriptive terminology. The book is accompanied by a useful web site, containing textual and audio examples of the varieties introduced in the text, and links to related sources of interest. Providing essential knowledge and skills for those embarking on the study of world Englishes, this is set to become the leading introduction to the subject.

The Cambridge History of the English Language Richard M. Hogg,Norman Francis Blake,Robert Burchfield,Roger Lass,Suzanne Romaine,1992 Volume 5 covers the dialects of England since 1776, the historical development of English in the former Celtic-speaking countries, and English other countries.

The Elements of English Stan Malless,Jeff McQuain,2014-08-18 Stan Malles and Jeff McQuain have written this brief, yet very important glossary in the spirit of E.D. Hirsch's bestselling Cultural Literacy. Here is a dictionary of basic terms for literature, composition, and grammar that every American, no matter their age, needs to know. Perfect for home and classroom use, The Elements of English is simple to use, unintimidating to read and easy to understand. Each area of language arts is divided into its own section, and a comprehensive index is also included. Each entry is concise, yet explained very clearly. Examples are listed to illustrate meanings, as are reminders, hints, and tips that further define and elucidate the terms. The Elements of English has been used very successfully in classrooms across the country. This revised and expanded edition includes new entries plus three additional appendices. This is a little book that fills a big need, and it deserves a wide distribution and readership.

I Hate English! Ellen Levine,Steve Björkman,1995-09-01 When her family moves to New York from Hong Kong, Mei Mei finds it difficult to adjust to school and learn the alien sounds of English.

Mysteries of English Grammar Andreea S. Calude,Laurie Bauer,2021-09-30 Despite a history of hundreds of years of research analysing aspects of English grammar, there are still open problems which continue to baffle language researchers today. Such 'grammar mysteries' arise for a number of reasons: because the language is changing; because different speakers of the language adhere to distinct norms and thus introduce and maintain variation in the system; because there are differences between the grammar of spoken and written English. This book illuminates some of the complexities of the subject, the areas where new discoveries await and why it matters. Through a series of accessible and engaging case studies on various aspects of grammar, from multiple negation to possession, the authors present grammar as an intellectual challenge. This book brings out into the open questions about language usage to which we still do not have good answers in a bid to make variation overt and to revel in the mystery of the English language. Both aimed at the interested general reader and the beginning student of English

language and linguistics, this is a fresh take on grammar.

The English Language Charles Leslie Wrenn,1962

So You Really Want to Learn English Book 1 Susan Elkin,2005-08-26 Offers a set of answers to the exercises in So You Really Want to Learn English 1. This title is suitable for a teacher or parent looking for a textbook course to inspire a love of reading whilst also covering the fundamentals of grammar, spelling and punctuation. It suitable pupils working at Key Stage 3 and towards Common Entrance at 13+.

English for Life 1 Cecil Gray,1993 A four-book course satisfying all language needs for lower secondary to CSEC examination level.

Mastering English Pramod K Chaudhari,2020-09-15 This is one of the rare books on English which covers every aspect of the language—vocabulary, pronunciation, grammar and punctuation. It will open a new chapter in the learning process of every student. English is not so easy to learn as claimed by certain fly-by-night teaching centres, but every effort has been made in this book to understand the nuances of the language—and fast. English is one of the richest languages. It has borrowed extensively from all the major languages in the world, including Hindi. Mantra, chutney, dosa, etc have now become English words. A separate list of foreign words is given in this book. Twenty students have ‘left’ the class means gone out of the class. Twenty students are ‘left’ in the class means remained in the class. ‘That’s life’ means bad/hard life while ‘This is the life’ means good life. A fat chance or a slim chance have the same meaning. Such oddities have been explained in the book quite clearly. This book will be useful not only for students but for all who want to learn English from A to Z and want to use the language with authority.

English for Everyone: Level 1: Beginner, Course Book DK,2016-06-28 Our Course Book (Level 1) is a great reference guide to introduce English for beginners including key language skills, grammar, and vocabulary. Ideal for English test preparations or ESL lesson plans, the Course Book uses visual teaching methods to introduce the English language, reinforced through a variety of exercises and examples when used alongside our Practice Book (Level 1). From introducing yourself and talking about your home, city, and hobbies to expanding your vocabulary and understanding grammar rules, this is a completely comprehensive introduction to learning English. Whether you are looking for ESL teaching materials, or a structured program for adults to learn English as a second language, the English for Everyone Course Books provide: - Sample language examples: New language topics are introduced in context using clear, illustrated, and color-coded explanations - Supporting audio: Extensive English-speaking audio materials integrated into every unit, giving vital oral and listening practice. (All supplementary audio is available on the DK English for Everyone website and IOS/Android App). - Sentence formation guides: Visual break downs of English grammar, showing learners how to recreate even complex English sentences - Visual English vocabulary cues: Lists of useful English words and common phrases with visual aids are available throughout the book - Personalized learning: Write-on lines encourage ESL learners to write their own prompts and translations where needed to help customize English language learning The English for Everyone Level 1 resources cover the skills and topics required for all major global English-language exams and reference frameworks including: - CEFR: A1 - TOEFL (test paper): 0-250 - TOEFL (computer-based test): 0-30 - TOEFL (online test): 0-10 - IELTS: 0-2.5 - TOEIC: 0-200 English for Everyone is a series of guides and practice books that supports English learning for adults from a beginner level, to intermediate, and advanced practical English. Offering an easy-to-follow format that offers guidance for both teaching English as a second or foreign language, and a self-study approach with resources available to improve English speaking, reading, and writing.

The New Oxford Book of English Prose John Gross,1998 This is a unique anthology. Drawing on the full range of English prose, wherever it has been written, it illustrates the growth, development, and resources of the language from the legends of Sir Thomas Malory to the novels of Kashuo Ishiguro. In the process it reveals a variety of achievements which no other language can match. The book represents an enormous diversity of men and women - from John Bunyan to John Updike, from Brendan Behan to Chinua Achebe, from Dorothy Wordsworth to Patrick White. As the centuries progress, American writers increase their presence, and by the twentieth century there are contributions from India, Australia, Canada, Nigeria, the Caribbean and many other parts of the world. The selection is no less remarkable for its breadth in terms of subject-matter and treatment. Fiction is generously represented, but many other kinds of writing have also been drawn on: letters, diaries, and memoirs; history and philosophy; criticism and reportage; sermons and satire; travel-books; reflections on art, science, politics and sport. There are classic and well-loved passages, and also a great deal that is unfamiliar. John Gross has chosen with consummate skill to produce a volume that is both a testimonial to English prose and an endless source of pleasurable browsing.

Introducing English Language Louise Mullany,Peter Stockwell,2015-07-30 Routledge English Language Introductions cover core areas of language study and are one-stop resources for students. Assuming no prior knowledge, books in the series offer an accessible overview of the subject, with activities, study questions, sample analyses, commentaries and key readings – all in the same volume. The innovative and flexible ‘two-dimensional’ structure is built around four sections – introduction, development, exploration and extension – which offer self-contained stages for study. Each topic can also be read across these sections, enabling the reader to build gradually on the knowledge gained. *Introducing English Language*: is the foundational book in the Routledge English Language Introductions series, providing an accessible introduction to the English language contains newly expanded coverage of morphology, updated and revised exercises, and an extended Further Reading section comprehensively covers key disciplines of linguistics such as historical linguistics, sociolinguistics and psycholinguistics, as well as core areas in language study including acquisition, standardisation and the globalisation of English uses a wide variety of real texts and images from around the world, including a Monty Python sketch, excerpts from novels such as Virginia Woolf’s *To the Lighthouse*, and news items from *Metro* and the BBC provides updated classic readings by the key names in the discipline, including Guy Cook, Andy Kirkpatrick and Zoltán Dörnyei is accompanied by a website with extra activities, project ideas for each unit, suggestions for further reading, links to essential English language resources, and course templates for lecturers. Written by two experienced teachers and authors, this accessible textbook is an essential resource for all students of the English language and linguistics.

Diminutives in English Klaus P. Schneider,2012-10-24 That English has no diminutives is a common myth. The present study shows, however, that English does possess diminutives, and not only analytic but also synthetic diminutive markers. Analytic markers include, first and foremost, little, as well as other adjectives from the same word field, whereas the inventory of synthetic markers comprises suffixes as, for instance, -ie, -ette, -let, -kin, -een, -s, -er, -poo and -pegs. These markers are examined from a grammatical and a pragmatic perspective in an integrative formal-functional framework. The grammatical perspective involves phonological, morphological and semantic features, while the pragmatic perspective involves pragmalinguistic as well as sociopragmatic features on the levels of the speech act and larger interactive units in dialogue. The findings reveal that English diminutive suffixes are, in fact, among the most productive suffixes of the English language. While the suffixes share a number of features, each has developed its own profile, specifically regarding semantic and pragmatic features. In everyday conversation, there is a division of labour between the synthetic and the analytic type of formation concerning the communicative functions of diminutives and their distribution in discourse. The choice of formal device and its function depend crucially on pragmatic factors, notably on the illocution, the interactive status, the realisation strategy, and the politeness value of the utterances in which

diminutives are employed, and also on the relationship between the interlocutors.

Singing and Communicating in English Kathryn LaBouff,2007-12-21 From the Foreword by Renee Fleming: Kathryn LaBouff has developed an approach to singing in the English language which is wonderfully user-friendly, and which has surely saved much wear and tear on my voice. It is a technique that has empowered me with the knowledge and skills to bring a text to life and to be able to negotiate all of the sounds of the language with the least amount of effort. I have found her clever and extremely creative use of substitute consonants or combinations of consonants in creating clear diction utterly delightful because they are surprising and because they work. These techniques have been equally useful when singing in foreign languages. We sopranos are not usually known to have good diction, particularly in our high range. I found that working with Kathryn improved my ability to be understood by an enormous percentile of the audience with much less vocal fatigue than I would have experienced if left to my own devices. I have often told my colleagues enthusiastically of her interesting solutions to the frustrating problems of diction. I am thrilled that her techniques are now in print for all to benefit from them. In *Singing and Communicating in English*, internationally renowned diction coach Kathryn LaBouff provides singers with an accessible guide to the principles of English diction they need to communicate the text successfully. Her thorough and much sought-after technique clarifies the physiology of speech, emphasizes the studied practice of careful and articulate pronunciation, and focuses on the study of English cadence. Covering aspects of phonetics from vowels to diphthongs to fricatives, the book includes multiple practical exercises in International Phonetic Alphabet (IPA) transcriptions, helpful diagrams, and pronunciation drills, each chosen from the most essential English art song and operatic repertoire. In addition to standard American and British English, a variety of regional dialects and accents are covered in depth. A companion website features a full range of vowel/consonant drills, poems read aloud by the author and by theater and voiceover actor John Keating, as well as an exercise answer key, and publishers' lists to help the singer locate a vast array of English language works for performance. This book is an invaluable resource for all vocalists (both professional and aspiring), diction instructors, teachers, and coaches, and choral directors. VISIT THE COMPANION SITE AT www.oup.com/us/singinginenglish

An Historical Syntax of the English Language Museo Di Roma,2023-05-08 Frederik Theodor Visser's *An Historical Syntax of the English Language*, published in four massive volumes between 1963 and 1973, is certainly one of the cornerstones of research in English linguistics. Visser's achievements can hardly be overestimated. Before the advent of modern corpus linguistics, he compiled a remarkable wealth of detailed philological data from all periods of English and combined this with current grammatical analyses of his time. This has made this publications an indispensable resource for anyone investigating the history of English syntax. This reproduction of Visser's volumes is more than welcome, and timely, as the volumes have been out of print for quite some time and were sometimes a little bit difficult to navigate. Having a searchable and easy-to- use online version, although maybe not perfect, available now means a revival for scholarship that celebrates its fiftieth birthday without losing any of its relevance.

Navigating English Grammar: A Guide to Analyzing R Eal Language, 2nd Edition A Lobeck,2024-04-18

English Introduction

In this digital age, the convenience of accessing information at our fingertips has become a necessity. Whether its research papers, eBooks, or user manuals, PDF files have become the preferred format for sharing and reading documents. However, the cost associated with purchasing PDF files can sometimes be a barrier for many individuals and organizations. Thankfully, there are numerous websites and platforms that allow users to download free PDF files legally. In this article, we will explore some of the best platforms to download free PDFs. One of the most popular platforms to download free PDF files is Project Gutenberg. This online library offers over 60,000 free eBooks that are in the public domain. From classic literature to historical documents, Project Gutenberg provides a wide range of PDF files that can be downloaded and enjoyed on various devices. The website is user-friendly and allows users to search for specific titles or browse through different categories. Another reliable platform for downloading English free PDF files is Open Library. With its vast collection of over 1 million eBooks, Open Library has something for every reader. The website offers a seamless experience by providing options to borrow or download PDF files. Users simply need to create a free account to access this treasure trove of knowledge. Open Library also allows users to contribute by uploading and sharing their own PDF files, making it a collaborative platform for book enthusiasts. For those interested in academic resources, there are websites dedicated to providing free PDFs of research papers and scientific articles. One such website is Academia.edu, which allows researchers and scholars to share their work with a global audience. Users can download PDF files of research papers, theses, and dissertations covering a wide range of subjects. Academia.edu also provides a platform for discussions and networking within the academic community. When it comes to downloading English free PDF files of magazines, brochures, and catalogs, Issuu is a popular choice. This digital publishing platform hosts a vast collection of publications from around the world. Users can search for specific titles or explore various categories and genres. Issuu offers a seamless reading experience with its user-friendly interface and allows users to download PDF files for offline reading. Apart from dedicated platforms, search engines also play a crucial role in finding free PDF files. Google, for instance, has an advanced search feature that allows users to filter results by file type. By specifying the file type as "PDF," users can find websites that offer free PDF downloads on a specific topic. While downloading English free PDF files is convenient, its important to note that copyright laws must be respected. Always ensure that the PDF files you download are legally available for free. Many authors and publishers voluntarily provide free PDF versions of their work, but its essential to be cautious and verify the authenticity of the source before downloading English. In conclusion, the internet offers numerous platforms and websites that allow users to download free PDF files legally. Whether its classic literature, research papers, or magazines, there is something for everyone. The platforms mentioned in this article, such as Project Gutenberg, Open Library, Academia.edu, and Issuu, provide access to a vast collection of PDF files. However, users should always be cautious and verify the legality of the source before downloading English any PDF files. With these platforms, the world of PDF downloads is just a click away.

FAQs About English Books

What is a English PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a English PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a English PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a English PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a English PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
