Gary Crosby, Ross Firestone

Literature and Honour Thorstein Norheim,

Grand Hotel Europa Ilja Leonard Pfeijffer, 2022-06-14 Longlisted for the 2023 DUBLIN Literary Award [Grand Hotel Europa] calls to mind Nabokov, Tom Wolfe, Baudrillard, Umberto Eco, Wes Anderson . . . [a novel of] incorrigible high spirits. –Rand Richards Cooper, The New York Times Book Review A sweeping, atmospheric novel about European identity, centered on a hotel that encapsulates the continent's manifold contradictions. The love of my life lives in my past. Despite the alliteration it's a terrible line to have to write. I don't want to come to the conclusion, just as the hotel I'm staying in and the continent it is named after, that the best times are behind me and that I've little more to expect of the future than living off my past. A writer takes up residence in the stately but decaying Grand Hotel Europa in order to contemplate where things went wrong with Clio—an art historian and the love of his life. His recollections take him back to when they first met in Genoa, his wanton visits to her in Venice, and their dulcet trips to Malta, Palmaria, Portovenere, and the Cinque Terre in their thrilling search for the last painting made by Caravaggio. Meanwhile, he becomes fascinated by the mysteries of the Grand Hotel Europa and the memorably eccentric characters who inhabit it, all of whom seem to hail from a halcyon era. All the while, globalization is laying claim to even this place, where a sense of lost glory hangs sulkily in the air. Grand Hotel Europa is Ilja Leonard Pfeijffer's masterly novel of the old continent, where there's so much history that there hardly seems space left for a future. Cinematic, lyrical, and brimming with humor, this is a novel about the European condition, which like the staff and residents of the Grand Hotel Europa may have already seen its best days.

The Golden Cage Hilde Bruch M.D., 2001-05-02 First published more than twenty years ago, with almost 150,000 copies sold, The Golden Cage is still the classic book on anorexia nervosa, for patients, parents, mental health trainees, and senior therapists alike. Writing in direct, jargon-free style, often quoting her patients' descriptions of their own experience of illness and recovery, Bruch describes the relentless pursuit of thinness and the search for superiority in self-denial that characterizes anorexia nervosa. She emphasizes the importance of early diagnosis and offers guidance on danger signs. Little-known when this groundbreaking book was first published, eating disorders have become all too familiar. Sympathetic and astute, The Golden Cage now speaks to a new generation.

The Jealousy Man and Other Stories Jo Nesbo, 2021-10-05 A dark, thrilling collection of stories probing twisted minds and vengeful hearts from a true master of suspense. Jo Nesbo is the consummate mystery writer, and his talent for hair-raising suspense and shocking twists are on full display in this inventive and harrowing collection of stories. A detective with a nose for jealousy is on the trail of a man suspected of murdering his twin; a bereaved father must decide whether vengeance has a place in the new world order after a pandemic brings about the collapse of society; a woman finally overcomes her intimacy issues through a dark encounter with her Peeping Tom neighbour; a hired assassin pits his wits against his greatest adversary, another assassin, in a

dangerous fight for survival; and an instantly electric connection between passengers on a flight to London may spell romance, or something much more sinister. Contained in this collection are stories of insatiable avarice, unscrupulous lovers, and heartrending fate. With Nesbo's gift for outstanding atmosphere and complex characters, this is a veritable crime lover's delight.

Honor James Bowman, 2007 From the earliest records of human civilization until the dawn of the twentieth century, and in widely separated cultures throughout the world, the story of honor was inseparable from the story of mankind. Today, an acquaintance with the concept of honor is indispensable to understanding the culture of the Islamic world and its sense of grievance against the West, where honor has been disregarded or actively despised for three-quarters of a century. James Bowman draws from an wealth of sources across many centuries to illuminate honor's curious history in our own culture, and he discovers that Western honor was always different from that found elsewhere. Its idiosyncratic qualities derived partly from the classical tradition but mainly from the Judeo-Christian heritage, whose emphases on individual morality and, more recently, on sincerity and authenticity in private and personal life have acted as continual challenges to the traditional notion of honor as it is still maintained in other parts of the world. These challenges to honor and the accommodations with it that they ultimately produced are a fundamental theme in our own culture's distinctive history; and the eventual collapse of the honor culture in the West is the background against which the War on Terror and the Clash of Civilizations ought to be seen.--Jacket.

The Language of Silence Ernestine Schlant, 2004-11-23 Focusing on individual authors from Heinrich Boll to Gunther Grass, Hermann Lenz to Peter Schneider, *The Language of Silence* offers an analysis of West German literature as it tries to come to terms with the Holocaust and its impact on postwar West German society. Exploring postwar literature as the barometer of Germany's unconsciously held values as well as of its professed conscience, Ernestine Schlant demonstrates that the confrontation with the Holocaust has shifted over the decades from repression, circumvention, and omission to an open acknowledgement of the crimes. Yet even today a 'language of silence' remains since the victims and their suffering are still overlooked and ignored. Learned and exacting, Schlant's study makes an important contribution to our understanding of postwar German culture.

The God of Small Things Arundhati Roy, 2011-07-27 The beloved debut novel about an affluent Indian family forever changed by one fateful day in 1969, from the author of *The Ministry of Utmost Happiness* NEW YORK TIMES BESTSELLER • MAN BOOKER PRIZE WINNER Compared favorably to the works of Faulkner and Dickens, Arundhati Roy's modern classic is equal parts powerful family saga, forbidden love story, and piercing political drama. The seven-year-old twins Estha and Rahel see their world shaken irrevocably by the arrival of their beautiful young cousin, Sophie. It is an event that will lead to an illicit liaison and tragedies accidental and intentional, exposing "big things [that] lurk unsaid" in a country drifting dangerously toward unrest. Lush, lyrical, and unnerving, *The God of Small Things* is an award-winning landmark that started for its author an esteemed career of fiction and political commentary that continues unabated.

Brock-Utne,2013-05-28 Authored by "a superb clinician and award-winning teacher,"* *Near Misses in Pediatric Anesthesiology, Second Edition* is a thorough updating and significant expansion of this popular case book in the newest anesthesiology subspecialty to be approved by the American Board of Medical Specialties. Dr. Brock-Utne's latest case book provides a pediatric complement to his bestselling *Case Studies of Near Misses in Clinical Anesthesia* (Springer, 2012) and *Clinical Anesthesia: Near Misses and Lessons Learned* (Springer, 2008). * Jay B. Brodsky, MD, from the Foreword.

Translating Poetry André Lefevere,1975 His book investigates the problems and possibilities in the translation of literature, especially poetry. The investigation is based on a comparison between Catullus' sixty-fourth poem and English translations of it published between 1870 and 1970. Several strategies for translating are analyzed, and their comparative merits and faults are discussed. The book also tries to describe the position translation and translation studies should occupy in the wider context of the study of comparative literature. --from publisher description.

The Literature Workshop Sheridan D. Blau,2003 In this groundbreaking book, Sheridan Blau introduces the literature workshop as the most effective approach to solving many of the classic instructional problems that perplex beginning and veteran teachers of literature. Through lively re-creations of actual workshops that he regularly conducts for students and teachers, Blau invites his readers to become active participants in workshops on such topics as: helping students read more difficult texts than they think they can read where interpretations come from the problem of background knowledge in teaching classic texts how to deal with competing and contradictory interpretations what's worth saying about a literary text balancing respect for readers with respect for texts and intellectual authority ensuring that literary discussions are lively and productive how to develop valuable and engaging writing assignments. Each workshop includes reflections on what transpired and a discussion of the workshop's rationale and outcomes in the larger context of an original and practice-based theory of literary competence and instruction.

Pulmo Marina Aurel,2011 *Pulmo Marina* is a film and it is a publication. It is the story of a living creature that was raised for display behind a window in the tank of an aquarium. Then it has been filmed and projected onto the big screen and now it is fractioned in discrete units printed on paper. It is the story of a living form which is always the same, always different. It is the first book in the series *In Alphabetical Order*.

Conquering Irritable Bowel Syndrome Nicholas J. Talley,2014-01-05 Provides information on symptoms, causes, and treatments of irritable bowel syndrome (IBS).

White Noise Don DeLillo,1999-06-01 A brilliant satire of mass culture and the numbing effects of technology,

White Noise tells the story of Jack Gladney, a teacher of Hitler studies at a liberal arts college in Middle America. Jack and his fourth wife, Babette, bound by their love, fear of death, and four ultramodern offspring, navigate the rocky passages of family life to the background babble of brand-name consumerism. Then a lethal black chemical cloud, unleashed by an industrial accident, floats over their lives, an airborne toxic event that is a more urgent and visible version of the white noise engulfing the Gladneys—the radio transmissions, sirens, microwaves, and TV murmurings that constitute the music of American magic and dread.

Photography and Surrealism David Bate, 2020-08-12 David Bate examines automatism and the photographic image, the Surrealist passion for insanity, ambivalent use of Orientalism, use of Sadean philosophy and the effect of fascism of the Surrealists. The book is illustrated with a wide range of surrealist photographs.

Surreal Digital Photography Barry Huggins, Ian Probert, 2004 Surreal Digital Photography covers the use of digital imaging software to turn digital photographs into artistic works through montage or colour enhancements. It demonstrates the techniques involved through practical projects, many of which produce a surrealist end result. The book is broken down to cover landscape, portrait, and studio photography, and the methods involved can be used to create amazing results from any digital photos. Creative showcase sections also highlight the best work from dynamic digital artists, with breakdowns to show the behind-the-scenes work. The book combines practical techniques with a more artistic approach to digital imaging, where it's not just about fixing problems or creating realistic results, but about exercising the imagination and being more playful with your photography.

Going My Own Way Gary Crosby, Ross Firestone, 1984-04-12

Handbook of American Film Genres Wes D. Gehring, 1988-06-22 Handbook of American Film Genres provides scholarly introductory overviews of various types of films, lists significant examples of each genre, and recommends sources to consult for additional information. Eighteen genres are covered divided into five different categories: action/adventure, comedy, the fantastic, songs and soaps, and nontraditional. Each category is then divided into more diverse sections such as comedy: screwball, parody, clown etc. ... Each chapter includes a historical/analytical overview, a bibliographic overview, and then concludes with a chronologically arranged, highly selective filmography, citing from 10 to 15 major examples of the genre with brief lists of credits. ... One of the strengths of this guide is its coverage of more genres than other standard studies. ... Handbook of American Film Genres covers foreign films as well, it makes a valuable contribution to film scholarship, and it will be a useful acquisition for libraries that support serious film study.
