**Media & Entertainment Law** Ursula Smartt, 2019-11-12 The fourth edition of Media and Entertainment Law has been fully updated, analysing some of the most recent judgments in media law from across the United Kingdom, such as *Cliff Richard v the BBC*, *Max Schrems v Facebook* and the Irish Information Commissioner, developments on the 'right to be forgotten' (NT1 and NT2) and *ABC v Daily Telegraph* (Sir Philip Green). The book's two main themes are freedom of expression and an individual's right to privacy. Regulation of the communication industries is covered extensively, including discussion of the print press and its online editions following Leveson, traditional broadcasting regulations for terrestrial TV and radio as well as media activities on converged devices, such as tablets, iPads, mobile phone devices and 'on demand' services. Intellectual property law (specifically copyright) in the music and entertainment industries is also explored in the book's later chapters. Also new to this edition are sections on: A focus on freedom of expression: its philosophical foundations; the struggles of those who have fought for it; and the varied ways in which the courts interpret freedom of expression regarding the taking and publishing of photographs. The 'right to be forgotten', data breaches, and the General Data Protection Regulation (GDPR). The media's increasing access to the courts, particularly when considering the privacy of those who are suspected of sexual offences. Press regulators, broadcasting and advertising regulations, and film and video regulations. Election and party-political broadcast regulations, with a focus on social media and recent election fraud. The emergence of online music distribution services, internet radio and free digital streaming music services, and their effect on the music industry. The fourth edition also features a variety of pedagogical features to encourage critical analysis of case law and one's own beliefs.

**Suicide in the Entertainment Industry** David K. Frasier, 2015-09-11 This work covers 840 intentional suicide cases initially reported in *Daily Variety* (the entertainment industry's trade journal), but also drawing attention from mainstream news media. These cases are taken from the ranks of vaudeville, film, theatre, dance, music, literature (writers with direct connections to film), and other allied fields in the entertainment industry from 1905 through 2000.

Accidentally self-inflicted deaths are omitted, except for a few controversial cases. It includes the suicides of well-known personalities such as actress Peg Entwistle, who is the only person to ever commit suicide by jumping from the top of the Hollywood Sign, Marilyn Monroe and Dorothy Dandridge, who are believed to have overdosed on drugs, and Richard Farnsworth and Brian Keith, who shot themselves to end the misery of terminal cancer. Also mentioned, but in less detail, are the suicides of unknown and lesser-known members of the entertainment industry. Arranged alphabetically, each entry covers the person's personal and professional background, method of suicide, and, in some instances, includes actual statements taken from the suicide note.

*Love Saves the Day* Tim Lawrence,2004-01-12 Opening with David Mancuso's seminal "Love Saves the Day" Valentine's party, Tim Lawrence tells the definitive story of American dance music culture in the 1970s—from its subterranean roots in NoHo and Hell's Kitchen to its gaudy blossoming in midtown Manhattan to its wildfire transmission through America's suburbs and urban hotspots such as Chicago, Boston, San Francisco, Los Angeles, Newark, and Miami. Tales of nocturnal journeys, radical music making, and polymorphous sexuality flow through the arteries of *Love Saves the Day* like hot liquid vinyl. They are interspersed with a detailed examination of the era's most powerful djs, the venues in which they played, and the records they loved to spin—as well as the labels, musicians, vocalists, producers, remixers, party promoters, journalists, and dance crowds that fueled dance music's tireless engine. *Love Saves the Day* includes material from over three hundred original interviews with the scene's most influential players, including David Mancuso, Nicky Siano, Tom Moulton, Loleatta Holloway, Giorgio Moroder, Francis Grasso, Frankie Knuckles, and Earl Young. It incorporates more than twenty special dj discographies—listing the favorite records of the most important spinners of the disco decade—and a more general discography cataloging some six hundred releases. *Love Saves the Day* also contains a unique collection of more than seventy rare photos.

**Arts and Entertainment in Louisiana** Patricia Brady,2006 Essays on arts and entertainment during 19th and 20th centuries.

*Bad Music* Christopher Washburne, Maiken Derno, 2004 Why are some popular musical forms and performers universally reviled by critics and ignored by scholars-despite enjoying large-scale popularity? How has the notion of what makes good or bad music changed over the years-and what does this tell us about the writers who have assigned these tags to different musical genres? Many composers that are today part of the classical canon were greeted initially by bad reviews. Similarly, jazz, country, and pop musics were all once rejected as bad by the academy that now has courses on these and many other types of music. This book addresses why this is so through a series of essays on different musical forms and performers. It looks at alternate ways of judging musical performance beyond the critical/academic nexus, and suggests new paths to follow in understanding what makes some music popular even if it is judged to be bad. For anyone who has ever secretly enjoyed ABBA, Kenny G, or disco, *Bad Music* will be a guilty pleasure!
