Erasure Percival Everett,2011-10-25 Percival Everett's blistering satire about race and publishing, now adapted for the screen as AMERICAN FICTION, directed by Cord Jefferson and starring Jeffrey Wright and Tracee Ellis Ross Thelonious Monk Ellison's writing career has bottomed out: his latest manuscript has been rejected by seventeen publishers, which stings all the more because his previous novels have been critically acclaimed. He seethes on the sidelines of the literary establishment as he watches the meteoric success of We's Lives in Da Ghetto, a first novel by a woman who once visited some relatives in Harlem for a couple of days. Meanwhile, Monk struggles with real family tragedies—his aged mother is fast succumbing to Alzheimer's, and he still grapples with the reverberations of his father's suicide seven years before. In his rage and despair, Monk dashes off a novel meant to be an indictment of Juanita Mae Jenkins's bestseller. He doesn't intend for My Pafology to be published, let alone taken seriously, but it is—under the pseudonym Staggy R. Leigh—and soon it becomes the Next Big Thing. How Monk deals with the personal and professional fallout galvanizes this audacious, hysterical, and quietly devastating novel.

*Hotel Almighty* Sarah J. Sloat,2020-09-15 Visually arresting and utterly one-of-a-kind, Sarah J. Sloat's *Hotel Almighty* is a book-length erasure of *Misery* by Stephen King, a reimagining of the novel's themes of constraint and possibility in elliptical, enigmatic poems. Here, joy would crawl over broken glass, if that was the way. Here, sleep is “a circle whose diameter might be small, a circle pitifully small, a wrecked and empty hypothetical circle. Paired with Sloat's stunning mixed-media collage, each poem is a miniature canvas, a brief associative profile of the psyche—its foibles, obsessions, and delights.

**The History of Forgetting** Norman M. Klein,2020-05-05 Los Angeles is a city which has long thrived on the continual re-creation of own myth. In this extraordinary and original work, Norman Klein examines the process of memory erasure in LA. Using a provocative mixture of fact and fiction, the book takes us on an 'anti-tour' of downtown LA, examines life for Vietnamese immigrants in the City of Dreams, imagines Walter Benjamin as a Los Angeleno, and finally looks at the way information technology has recreated the city, turning cyberspace into the last suburb. In this new edition, Norman Klein examines new models for erasure in LA. He explores the evolution of the Latino majority, how the Pacific economy is changing the structure of urban life, the impact of collapsing infrastructure in the city, and the restructuring of those very districts that had been 'forgotten'.

**Anxiety of Erasure** Hanadi Al-Samman,2015-12-02 Far from offering another study that bemoans Arab women's repression and veiling, *Anxiety of Erasure* looks at Arab women writers living in the diaspora who have translated their experiences into a productive and creative force. In this book, Al-Samman articulates the therapeutic effects of revisiting forgotten histories and of activating two cultural tropes: that of the maw'udah (buried female infant) and that of Shahrazad in the process of revolutionary change. She asks what it means to develop a national, gendered consciousness from diasporic locals while staying committed to the homeland. Al-Samman presents close readings of the fiction of six prominent authors whose works span over half a century and define the current status of Arab diaspora studies—Ghada al-Samman, Hanan al-Shaykh, Hamida al-Na'na', Hoda Barakat, Samar Yazbek, and Salwa al-Neimi. Exploring the journeys in time and space undertaken by these women, *Anxiety of Erasure* shines a light on the ways in which writers remain participants in their homelands' intellectual lives, asserting both the traumatic and the triumphant aspects of diaspora. The result is a nuanced Arab women's poetic that celebrates rootlessness and rootedness, autonomy and belonging.

*Pain Erasure* Bonnie Prudden,2002-04-18 After twenty-five years in print, this book has been a godsend for hundreds of thousands of readers. When trigger points are released (and this book teaches how it is done) relief comes immediately.

**Inscription and Erasure** Roger Chartier,2008-08-25 Roger Chartier examines how authors transformed the material realities of writing or of publication into an aesthetic resource exploited for poetic, dramatic, or narrative ends.

*Chalk* Joshua Rivkin,2018-10-16 **\*\*A New York Times Editors Choice\*\*** The most substantive biography of the artist to date...propulsive, positive and persuasive.—Holland Cotter, New York Times Book Review **\*\*PEN / Jacqueline Bograd Weld Award for Biography Finalist\*\*** **\*\*A Marfield Prize Finalist\*\*** Cy Twombly was a man obsessed with myth and history—including his own. Shuttling between stunning homes in Italy and the United States where he perfected his room-size canvases, he managed his public image carefully and rarely gave interviews. Upon first seeing Twombly's remarkable paintings, writer Joshua Rivkin became obsessed himself with the mysterious artist, and began chasing every lead, big or small—anything that might illuminate those works, or who Twombly really was. Now, after unprecedented archival research and years of interviews, Rivkin has reconstructed Twombly's life, from his time at the legendary Black Mountain College to his canonization in a 1994 MoMA retrospective; from his heady explorations of Rome in the 1950s with Robert Rauschenberg to the ongoing efforts to shape his legacy after his death. Including previously unpublished photographs, *Chalk* presents a more personal and searching type of biography than we've ever encountered, and brings to life a more complex Twombly than we've ever known.

Female Erasure Ruth Barrett,2016-09-21 *Female Erasure* is an anthology that celebrate female embodiment while exposing the current trend of gender-identity politics as a continuation of female erasure and silencing as old as patriarchy itself.

**Crazy Brave: A Memoir** Joy Harjo,2012-07-09 A memoir from the Native American poet describes her youth with an abusive stepfather, becoming a single teen mom, and how she struggled to finally find inner peace and her creative voice.

Erasure Brad Buckley,John Conomos,2015 *Erasure: The Spectre of Cultural Memory* explores key issues around the increasing aesthetic and cultural erasure occurring in our society. It moves from the seminal act of the American Pop artist Robert Rauschenberg erasing a drawing by the painter Willem de Kooning in 1953, perhaps signalling that an echo or trace would be all that is valued in the future, to the impact that the new technologies - such as Twitter, Facebook, email, smartphones, snapchat and Instagram - are having on family, class, sex, time, speed and space. This erasure is driven by new media technology, globalisation, and new structures of education, work, home and consumption. *Erasure: The Spectre of Cultural Memory* is the first book that brings together artists, curators, scholars and thinkers who are, in their respective contexts, at the forefront of these compelling questions--Publisher's website.

**Derrida: Ethics Under Erasure** Nicole Anderson,2012-03-08 Derrida's work is controversial, its interpretation hotly contested. *Derrida: Ethics Under Erasure* offers a new way of thinking about ethics from a Derridean perspective, linking the most abstract theoretical implications of his writing on deconstruction and on justice and responsibility to representations of the practice of ethical paradoxes in everyday life. The book presents the development of Derrida's thinking on ethics by demonstrating that the ethical was a focus of Derrida's work at every stage of his career. In connecting Derrida's earlier work on language with the ethics implicated in his later work on justice and responsibility, Nicole Anderson traverses literary, linguistic, philosophical and ethical interpretative movements, thus recontextualising Derrida's entire oeuvre for a contemporary readership. She explores the positive ethical implications of Derrida's work for representation and practice and asks the reader to consider how this new ethical reading of Derrida's work might be applied to concrete instances of his or her own ethical experience.

*Gender Visibility and Erasure* Vasilikie Demos,Marcia Texler Segal,2022-08-15 *Gender Visibility and Erasure* offers a unique way of focusing on gender by identifying the multiple contexts in which issues of visibility, invisibility, and erasure manifest, considering who is seen and who is ignored, who has voice and who is silenced, who has agency and who is controlled.

**Suburban Erasure** Walter Greason,2013 *Suburban Erasure* explains how racial inequality adapted in the twentieth century in order to shape American society today. It celebrates the voices of unheralded civil rights leaders, while clearly explaining how suburbs reflect earlier patterns of segregation.

ECE is designed to run on any commodity server that meets the ECE minimum hardware requirements. ECE provides all the functionality, reliability, scalability, and performance of IBM Spectrum Scale with the added benefit of network-dispersed IBM Spectrum Scale RAID, which provides data protection, storage efficiency, and the ability to manage storage in hyperscale environments that are composed from commodity hardware. In this publication, we explain the benefits of ECE and the use cases where we believe it fits best. We also provide a technical introduction to IBM Spectrum Scale RAID. Next, we explain the key aspects of planning an installation, provide an example of an installation scenario, and describe the key aspects of day-to-day management and a process for problem determination. We conclude with an overview of possible enhancements that are being considered for future versions of IBM Spectrum Scale Erasure Code Edition. Overall knowledge of IBM Spectrum Scale Erasure Code Edition is critical to planning a successful storage system deployment. This paper is targeted toward technical professionals (consultants, technical support staff, IT Architects, and IT Specialists) who are responsible for delivering cost effective storage solutions. The goal of this paper is to describe the benefits of using IBM Spectrum Scale Erasure Code Edition for the creation of high performing storage systems.

Blurring Timescapes, Subverting Erasure Sarah Surface-Evans,Amanda E. Garrison,Kisha Supernant,2020-08-30 What happens when we blur time and allow ourselves to haunt or to become haunted by ghosts of the past? Drawing on archaeological, historical, and ethnographic data, *Blurring Timescapes, Subverting Erasure* demonstrates the value of conceiving of ghosts not just as metaphors, but as mechanisms for making the past more concrete and allowing the negative specters of enduring historical legacies, such as colonialism and capitalism, to be exorcised.

*The Attempted Erasure of the Khoekhoe and San* Jacob Cloete,2023-11-22 The Attempted Erasure of the Khoekhoe and San delves into the complex issue of problematic coloured identity and the ongoing erasure of the Khoekhoe and San people in South Africa. Despite the end of apartheid, this erasure continues to persist today, starting as far back as 1652. There were two types of erasure that took place - genocide and bureaucratic. While the former is acknowledged by President Thabo Mbeki in his “I Am an African” speech, the latter began in 1828 with Ordinance 50 in the Cape Colony. From this point, the Khoekhoe and San were bureaucratically erased, culminating in the 1950 Population Registration Act. Despite these attempts, the Khoekhoe and San people resisted and fought for their identity, resulting in their continued existence in the present day. This book documents their painful journey, highlighting their struggles against subjugation and erasure since 1652.
