*Suicidal Thoughts* Max Malikow,2008-10-20 Suicidal Thoughts is a compilation of some of the most moving and insightful writing accomplished on the topic of suicide. It presents the thoughts and experiences of fifteen writers who have contemplated suicide-some on a professional level, others on a personal level, and a few, both personally and professionally. Through this collection, the reader is able to bear witness to the struggle between life and death and to the devastating aftermath of suicide. Suicidal Thoughts provides readers with a better understanding of the reasons why some individuals give serious consideration to killing themselves.

Essential Papers on Suicide John T. Maltzberger,Mark Goldblatt,1996-08 In the context of a plateau in the development of new methodologies for using nuclear magnetic resonance to investigate the structure of macromolecules, 21 lectures and ensuing discussions, and three panel discussions evaluate the status of the field and the directions it might take. The keynote address discusses the possibilities and limitations of NMR studies of the intramolecular dynamics of biomolecules. Among the other topics are proteins involved in cell adhesion processes, incorporating motional properties into the interpretation of three-dimensional solution structures, the accurate measurement of internuclear distances by suppressing spin diffusion, and flexible molecules. Abstracts are also provided for about 70 poster papers. Annotation copyright by Book News, Inc., Portland, OR

**21 Immortals** Rozlan Mohd Noor,2020-08-18 21 Immortals introduces an exciting new voice in international noir—for readers of Jo Nesbø, Keigo Higashino, and John Burdett. Inspector Mislan Latif's final case after a long night's shift could be his last. Called to a wealthy neighborhood of Kuala Lumpur, he finds a crime scene unlike any he has encountered before: pristine, the victims a family seated at dinner, Mona Lisa smiles fixed to their faces, frozen mid-gesture around the traditional Chinese New Year dish of yee sang, signifying prosperity, longevity, many good things—though it's not that time of year. It makes an eerie, chilling tableau of death, but signifying what? The celebrity of the father, fashion magnate Robert Tham, has already drawn a media throng, and soon the upper echelons of the police have taken an interest, bringing pressure to solve the crime quickly. But every clue points to another unknown. This isn't the primary scene: where is it? What are the motives of Tham's younger business partner, the attractive Miss Irene? What of his connections to an old-school criminal gang and the triads? With rival units of the police seeking to co-opt and, he suspects, bury the case, Inspector Mislan's investigation takes him to every level of this modern, multi-ethnic, American-pop-culture-influenced society, to where moneyed power and influence demand their say. Maverick, hard-boiled yet tender, a single father raising a young child, Mislan must rely on his team—and the politically savvy woman leading Major Crimes who is his boss—to support, protect him from the corruption above, and help find a way to ensure the course of justice.

*Gothic Immortals (Routledge Revivals)* Marie Mulvey-Roberts,2016-05-05 First published in 1990, this book represents the first full-length study of into the group of novels designated 'Rosicrucian' and traces the emergence of this distinct fictional genre, revealing a continuous occult tradition running through seemingly diverse literary texts. Taking the Enlightenment as a starting point, the author shows how the physician's secular appropriation of the idea of eternal life, through the study of longevity and physical decay, attracted writers like William Godwin. It focuses on the bodily immortality of the Rosicrucian hero and investigates the novels of five major writers — Godwin, Percy Bysshe Shelley, Mary Shelley, Maturin, and Bulwer-Lytton.

Immortal Boy Ann Blainey,2016-03-31 Ann Blainey's work, first published in 1985, provides a sensitive study of Leigh Hunt and the literary climate that influenced his life, and fills a large gap in literary biography. Blainey brings a perceptive eye to a generally embittered man whose chaotic life seemed a tragic failure. This title will be of interest to students of literature.

Immortal Last Words Terry Breverton,2013-09-03 Immortal Last Words is a fascinating, diverse collection of history's most uplifting, entertaining and thought-provoking dying remarks and final farewells. The 370 entries in this book have been drawn from some of history's greatest statesmen, poets, scientists, novelists and warriors--the eminent men and women who have shaped events over the last four and a half millennia and whose final recorded words have often inspired great deeds or shed light on the nature of the human condition. There are also entries are from less well-known individuals who did not make such an impact on history but whose dying words are equally noteworthy as they encapsulate the spirit of the times or simply reflect the character of the speaker. And finally, the pages of this book contain the last words of some of most ignoble personalities in history--the monsters and maniacs whose final defiant utterances prompt us to reflect on the nature of evil and man's inhumanity to man. Arranged chronologically from antiquity to the present day, each entry is accompanied by contextual information giving a brief biography of the author and an explanation of the circumstances that gave rise to the quotation. Some of the sentiments expressed are unbelievably sad while others are optimistic; some final words have become famous while others have remained obscure, but all reflect the follies and greatness of mankind--its heroes and villains, war and peace and the absolute power of language to change our feelings and challenge our minds.

Reading Hume on Human Understanding : Essays on the First Enquiry Peter Millican,2002-03-14 Reading Hume on Human Understanding is a companion to the study of one of the great works of Western philosophy. David Hume's Enquiry concerning Human Understanding (1748) has long been recognized as one of the best 'classics' for introducing students to the subject; these essays, most of them specially written for this volume, show how much more than this it is. The aims of the volume are: to provide a general overview of the Enquiry, especially for those approaching it for the first time; to set it in the context of Hume's philosophical work as a whole and establish its importance in that context: to elucidate, analyse, and assess the philosophy of the Enquiry, and clarify its interpretation; and to discuss recent developments in Hume scholarship that are relevant to the Enquiry. The eminent contributors to this volume cover a broad range of topics: meaning, induction, scepticism, belief, personal identity, causation, freedom, miracles, probability, and religious belief. These topics remain at the centre of philosophical debate today, and Hume's treatment of them in the Enquiry continues to demand attention and attract controversy.

**Essays in Self-destruction** Edwin S. Shneidman,1967

*Life, Death & Meaning* David Benatar,2004 Do our lives have meaning? Should we create more people? Is death bad? Should we commit suicide? Would it be better if we were immortal? Should we be optimistic or pessimistic? Life, Death, and Meaning brings together key readings, primarily by English-speaking philosophers, on such 'big questions.'

**Death and the College Student** Edwin S. Shneidman,1972-01-01

**Immortal** Clay Jones,2020-04-28 Is There Life After Death? For many, death is terrifying. We try to live as long as possible while hoping that science will soon find a way to allow us to live, if not forever, then at least a very long time. Whether we deny our mortality though literal or symbolic immortality or try to turn death into something benign, our attempts fail us. But what if the real solution is not in denying death’s reality, but in acknowledging it while enjoying a hope for a wonderful forever? Clay Jones, a professor of Christian apologetics, explores the ways people face death and how these “immortality projects” are unsuccessful, even destructive. Along the way, he points to the hope of the only true immortality available to all—the truth that God already offers a path to our hearts’ deepest longing: glorious resurrection to eternal life.

*Immortals, Festivals, and Poetry in Medieval China* Donald Holzman,2019-05-23 First published in 1998, the papers in this second volume by Donald Holzman are concerned with the themes of religion and poetry and song in early medieval China. Religion is to the fore in the first two sections, dealing with Daoist immortals and their cult, as reflected in poetic works of the first three centuries ad, with songs used in religious ceremonies, and with the origins and history of the cold food festival. The last group of articles includes a major study of the poems of Ji Kang (223-262) as well as other poetry of the 4th-5th centuries, and an analysis of the changing image of the merchant from the 4th to the 9th centuries.
