

Eternity For The Dying

Heinrich Zschokke

Crossing the Threshold of Eternity Robert L. Wise, 2007-10-01

If we learn to listen and observe carefully, the dying can teach us important things that we need to learn in preparing for the end of our own life's journey. From standing at the bedside of the dying, Dr. Robert Wise came to realize there were important patterns and steps that the dying were trying to describe. And, yet, many miss these life lessons when they go to great lengths to avoid a conversation or encounter with the dying. Wise learned by stopping and listening to the dying that we can get beyond our morbid fears of death, to come to a place of peaceful acceptance and to be able to look ahead to a dignified celebration of death. Inspiring stories of those with one foot stepping into eternity give us assurance, hope and a fresh expectation of what lies beyond the grave. We can all face it without fear. Here are fascinating stories offering reassurance and promise.

From Here to Eternity: Traveling the World to Find the Good Death Caitlin Doughty, 2017-10-03 A New York Times and Los Angeles Times Bestseller "Doughty chronicles [death] practices with tenderheartedness, a technician's fascination, and an unsentimental respect for grief." —Jill Lepore, The New Yorker

Fascinated by our pervasive fear of dead bodies, mortician Caitlin Doughty embarks on a global expedition to discover how other cultures care for the dead. From Zoroastrian sky burials to wish-granting Bolivian skulls, she investigates the world's funerary customs and expands our sense of what it means to treat the dead with dignity. Her account questions the rituals of the American funeral industry—especially chemical embalming—and suggests that the most effective traditions are those that allow mourners to personally attend to the body of the deceased. Exquisitely illustrated by artist Landis Blair, *From Here to Eternity* is an adventure into the morbid unknown, a fascinating tour through the unique ways people everywhere confront mortality.

Resurrected to Eternal Life Jürgen Moltmann, 2021-04-13 In this deeply personal and daring meditation, eminent theologian Jürgen Moltmann challenges many closely held beliefs about the experience of dying, the nature of death, and the hope of eternal life. Moving deftly between biblical, theological, and existential domains, Moltmann argues that while we know intimately the experience of dying—both our loved ones' dying and, ultimately, our own—death itself is a mystery. Are those who have died in fact dead? If the dead are alive, how or in what respect? When the

dead awaken to eternal life, who wakes? Moltmann's interrogations yield surprising and beautiful fruits. The living soul that awakens to eternal life is not a ghost in a machine, but the *Lebensgestalt*, the shape and story of a life, its human and divine contexts, its whole. Drawing on themes from his oeuvre's entire arc, *Resurrected to Eternal Life* testifies to the inner unity of Moltmann's theology: the cross, the Spirit, the kingdom, the end, and the hope that makes the end present here and now. Seasoned readers of Moltmann will find in these pages a capstone of a lifetime of theological exploration, while those new to his complex thought will find a concise and elegant entry point into his voluminous work.

Eternal Pity Richard John Neuhaus, 2020-12-15 Drawing upon a vast range of human experience and reflection, *The Eternal Pity: Reflections on Dying* demonstrates how people try to cope with the inevitability of death. Different cultures, informed by religious beliefs and sometimes desperate hope, teach people to respond to their own death and the deaths of others in modes as various as defiance, stoic resignation, and unbridled grief. In addition to examples from literature, poetry, and religious texts, Father Richard John Neuhaus provides an intensely personal account of his

encounter with death through emergency cancer surgery and reflects on how that encounter has changed the way he lives. While many writers have deplored the denial of death in our culture, *The Eternal Pity* shows how themes of death and dying are nevertheless perennial and pervasive. Society may be viewed as a disorganized march of multitudes waving little banners of meaning before the threat of nonbeing that is death. Some selections in this book depict people utterly surprised by their mortality; others highlight how the whole of one's life can be a preparation for what used to be called a good death. For some, life is a relentless effort to hold death at bay; for others, death is, although not welcomed, reflectively anticipated. Nothing so universally defines the human condition as the fact that we shall die. *The Eternal Pity* helps us to understand how the prospect of death compels decisions about how we might live.

Death and Eternal Life John Hick, 1994-01-01 In this cross-cultural, interdisciplinary study, John Hick draws upon major world religions, as well as biology, psychology, parapsychology, anthropology, and philosophy, to explore the mystery of death. He argues that scientific and philosophical objections to the idea of survival after death can be challenged, and he claims that human

inadequacy in facing suffering supports the basic religious argument for immortality.

Dying in Peace Dr. Samuel White, III, 2015-03-31 If you were told that you had a certain amount of time to live, what would you do? If you were aware that a family member, a friend or someone you know was terminally ill, what would you say to them or how would you help them? *Dying in Peace : Preparing for Eternity*, was written to help you answer these questions. This spiritual workbook will help us prepare for death by addressing our spiritual, psychological, social, and physical concerns. Our dying Savior Jesus Christ uttered seven last phrases from His cross which inspires us to forgive others, transcend our pain for paradise, share our love, pray thru our loneliness, express our passion, experience spiritual fulfillment and deliverance. *Dying in Peace*, provides important end of life information on how to prepare your funeral or memorial service, Last Will and Testament, Obituary, Patient Advocate, and DNR. Furthermore, it encourages us to perform a Spiritual Self-Assessment, fulfill our Spiritual Bucket List and record our Life Story. This spiritual and practical information can be used by clergy, healthcare professionals and everyone who cares for the

terminally ill. Dying in Peace, can be used in a group bible study. Its Christ centered approach to the subject of death is spiritually enlightening and empowering for people of every church, race, class, nationality and level of spirituality. Dying in Peace :

Preparing for Eternity, help us face our mortality and enhances our spirituality that we may have peace with God, others and our self.

With the End in Mind Kathryn Mannix,2018-01-16 For readers of Atul Gawande and Paul Kalanithi, a palliative care doctor's breathtaking stories from 30 years spent caring for the dying.

Modern medical technology is allowing us to live longer and fuller lives than ever before. And for the most part, that is good news.

But with changes in the way we understand medicine come changes in the way we understand death. Once a familiar,

peaceful, and gentle -- if sorrowful -- transition, death has come to be something from which we shield our eyes, as we prefer to fight

desperately against it rather than accept its inevitability. Dr. Kathryn

Mannix has studied and practiced palliative care for thirty years. In

With the End in Mind , she shares beautifully crafted stories from a

lifetime of caring for the dying, and makes a compelling case for the therapeutic power of approaching death not with trepidation, but with openness, clarity, and understanding. Weaving the details of her own experiences as a caregiver through stories of her patients, their families, and their distinctive lives, Dr. Mannix reacquaints us with the universal, but deeply personal, process of dying. With insightful meditations on life, death, and the space between them, *With the End in Mind* describes the possibility of meeting death gently, with forethought and preparation, and shows the unexpected beauty, dignity, and profound humanity of life coming to an end.

The Intense Reality of Eternity John Carpenter, 2020-11-20

Mankind has pondered the existence of life beyond death for centuries. Religions propose a variety of interesting but differing beliefs. So what does actually happen? Initially, science assumed it was some kind of neurological process sparking memory fragments at the moment of death. Having studied thousands of firsthand experiences, science now finds undeniable credibility and fascinating patterns of details that cannot be easily dismissed. These witnesses are from various cultures and countries around the world—yet they report the same types of visual, auditory, and

sensory details. People, blind since birth, are seeing and testifying to the same sights that sighted people are also reporting.

Preschool children are claiming the same experiences as mature, educated, worldly individuals. Atheists are stunned into becoming devoted to God. What is going on? Author John Carpenter returns with his third book, providing the reader with a breath-taking and inspirational journey through three realms of the afterlife. Instead of recounting hundreds of individual tales as in other books, he constructs a unique experience by orchestrating one composite journey, illustrated by hundreds of firsthand witnesses. Crafting the fascinating pieces of their testimonies into a masterful flowing collection creates an unforgettable journey for the reader.

Masterminding this jigsaw puzzle of credible experiences takes the reader where no other book has gone before! But it can be intense—in its joy, love, and beauty—or its nightmarish and dark terrors. Be not afraid. Learn the truth of what people are reporting so that you can navigate your own spiritual journey wisely toward your future place in eternity.

Eternity and Me Allan Kellehear, 2019-06-04 The 40 short reflections in this book address the ways in which we face the prospect of death and loss. The first 20 reflections are designed to be read by (or to) anyone living with a life-threatening illness; the other 20 are reflections on living with grief, especially bereavement. Each reflection is based on a single story drawn from one of three sources: Dr. Kellehear's professional experience with individuals living with dying or loss; his own experiences and stories from childhood; and the retelling of some of the great myths and legends about life, love, and death, selected from around the world—from Ireland to Japan, from Melanesia to China. The book is written to be accessible to a wide general audience. It can be read from beginning to end like a conventional book; each self-contained piece is also suitable for reading on a bus, train, or plane journey, or before bed at night. Each piece can be selected as a stand-alone meditation for use as a discussion topic in pastoral care, counseling, or sermons. These reflections are stories about how

we can make the most of life in the shadow of death and loss. They are designed to instill hope and meaning in the difficult times that can accompany human mortality.

A Time to Die Nicolas Diat ,2019-06-13 Behind monastery walls, men of God spend their lives preparing for the passage of death. Best-selling French author Nicolas Diat set out to find what their deaths can reveal about the greatest mystery faced by everyone—the end of life. How to die? How to respond to our fear of death? To answer these and other questions, Diat travelled to eight European monasteries including Solesmes Abbey and the Grande Chartreuse. Through extraordinary interviews with monks, he learned that their death experiences are varied and unique, with elements of peace, pain, humility, sorrow, and joy. These monks have the same fears, torments, and sorrows as everyone else, Diat discovered. What is exemplary about them is their humility and simplicity. When death approaches, and its hand reveals its strength, they are like happy and naïve children who wait with impatience to open a gift. They have complete confidence in the mercy of God.

A Glimpse of Eternity Jenny Sharkey, 2014-12-08

A Glimpse of Eternity is the incredible true story of one man's encounter with death and the realms beyond it. Stung by five box jellyfish while diving off the coast of Mauritius, Ian McCormack later died in hospital and was dead for 15-20 minutes. During this time he experienced both hell and heaven and came back to tell the story! Dying was Ian's doorway to true life and his story is transforming lives around the world as it touches on some of the deepest questions we all eventually ask.

Death, Immortality, and Eternal Life T Ryan Byerly, 2021-05-16

This book offers a multifaceted exploration of death and the possibilities for an afterlife. By incorporating a variety of approaches to these subjects, it provides a unique framework for extending and reshaping enduring philosophical debates around human existence up to and after death. Featuring original essays from a diverse group of international scholars, the book is arranged in four main sections. Firstly, it addresses how death is or should be experienced, engaging with topics such as near-death experiences, continuing bonds with the deceased, and attitudes toward dying. Secondly, it looks at surviving death, addressing the metaphysics of human persons, the nature of time, the nature of

the true self, and the nature of the divine. It then evaluates the value of mortality and immortality, drawing upon the resources of the history of philosophy, meta-analysis of contemporary debates, and the analogy between individual death and species extinction. Finally, it explores what an eternal life might be like, examining the place of selflessness, embodiment, and racial identity in such a life. This volume allows for a variety of philosophical and theological perspectives to be brought to bear on the end of life and what might be beyond. As such, it will be a fascinating resource for scholars in the philosophy of religion, theology, and death studies.

The Eternal Pity Richard John Neuhaus, 2000 Drawing upon a vast range of human experience and reflection, this book seeks to demonstrate how people have tried to cope with the inevitability of death. Different cultures teach people to respond to their own death and the death of others in different ways.
