A Political and Economic Dictionary of Western Europe Claire

Annesley, 2013-01-11 A Political and Economic Dictionary of Western Europe is an invaluable guide for those seeking clarification of terms, or a quick reference source. The range of entries is broad and encompasses the recent history and economy of each country of the region as well as political parties, geographical features, prominent individuals, international organizations and key businesses. It provides over 600 key definitions and presents an overview of the changing political dimensions of Western Europe and its relations with the European Union.

Historical Dictionary of the European Community Desmond Dinan, 1993 Begins a new series of historical dictionaries focusing on international organizations. Covers the modern European Community from the early 1950s through the Edinburgh Summit of December 1992, explaining the national and international players, the labyrinth of past and present organizations, events, plans, and other aspects. Includes an extensive bibliography, graphs,

tables, lists, and other paraphernalia. Annotation copyright by Book News, Inc., Portland, OR

An Universal European Dictionary of Merchandise Philipp Andreas Nemnich, 1799

The European Political Dictionary Ernest E. Rossi, Barbara P. McCrea, 1985

The European Dictionary Vincenzo Merolle, 2013 It is a common observation that the world has been changing, and, along with it, the way of studying languages. We Europeans are rediscovering our common past and the reasons for our cultural unity. This dictionary is intended to show what European togetherness is. Its basic principle is that words must be understood through their history. It is based on 'historical' principles; hence the relevance of etymology, which is the history of a word and of its meaning, departing from its oldest known origin. So far dictionaries have been 'national' and bilingual; from now onwards they must be 'European', both for the history and for the future of European and Western civilization.

An English-Romanian and Romanian-English Cultural Thematic Dictionary

Simona Şimon, Claudia Elena Stoian, 2019-01-08 Globalisation has reshaped the face of the world, turning the society in which we live into a multicultural one. In such a new world, there is a strong need to master the culture-specific vocabulary in the languages we speak. This book will mainly appeal

to translators, interpreters, students, and other professionals that work in the cultural field or in any other field in which intercultural communication plays an essential role, and in which the communication languages are English and Romanian. The dictionary approaches the cultural aspects of today's multicultural society from a broad linguistic perspective, focusing on several topics, such as cultural ideology, national identity, cuisine, clothing, holidays, language and sports. The general and semi-specialised vocabulary offered here is organised thematically and alphabetically. The book structure, the pairs of languages and the included thematic lists make the dictionary a unique and easy-to-use tool.
