Mid-sized Cities and Their Urban Rail Systems Mike Strong,2017-09-21 In this atlas, seven rail systems in North America are compared with each other, and for additional perspective, the rail systems in seven similar European cities. These comparisons are primarily made through maps. A common scale and map symbologies are used to facilitate these comparisons. These maps not only compare size of each rail system, but other characteristics such as travel time, frequency and how much it costs to buy a ticket. The North American regions included in this atlas all have constructed modern rail systems since the 1970s. This atlas has focused on systems that have recently completed or are planning an expansion. These metropolitan areas and rail systems

include: North America: Calgary, Alberta (CTrain) Denver, Colorado (RTD Light Rail) Minneapolis, Minnesota (Metro Light Rail) Portland, Oregon (MAX Light Rail) San Diego, California (San Diego Trolley) Seattle (Link Light Rail) Vancouver, British Columbia, Canada (SkyTrain) Europe: Brussels, Belgium (Metro) Copenhagen, Denmark (Copenhagen Metro) Hamburg, Germany (U-Bahn) Helsinki, Finland (Helsinki Metro) Milan, Italy (Metro) Munich, Germany (U-Bahn) Stockholm, Sweden (Tunnelbana) Only medium-sized metropolitan areas have been included, defined as having between one and five million residents. All of the North American and European regions that are included in this atlas are broadly similar in size, demographics and economics. Each region has a healthy city center at its core.

Contemporary Ukraine on the Cultural Map of Europe Larissa M. L. Zaleska Onyshkevych, Maria G. Rewakowicz, 2014-12-18 The concept of a 'return to Europe' has been integral to the movement for Ukrainian national rebirth since the nineteenth century.

While the goal of a more fully reformed politics remains elusive, numerous expressions of Ukrainian culture continue to develop in the European spirit. This wide-ranging book explores Ukraine's European cultural connection, especially as it has been reestablished since the country achieved independence in 1991. The contributors discuss many aspects of Ukraine's contemporary culture - history, politics, and religion in Part I; literary culture in Part II; and language, popular culture, and the arts in Part III. What emerges is a fascinating picture of a young country grappling with its divided past and its colonial heritage, yet asserting its voice and preferences amid the diverse and at times conflicting realities of the contemporary political scene. Europe becomes a powerful point of reference, a measure against which the situation in post-independence Ukraine is gouged and debated. This framework allows for a better understanding of the complexities deeply ingrained in the social fabric of Ukrainian society.
