Getting Things Done with Evernote Daniel LeFebvre, 2013-11-12 Implementing David Allen's Getting Things Done (GTD) methodology in Evernote is a double-edged sword. On one side it is a wonderful way to really customize exactly how your trusted system works. On the other hand,

because Evernote is not an out-of-the-box GTD system, getting things done in Evernote can mean the time to set it up. For some, this alone is enough to deter them from wanting to use Evernote for GTD. But it doesn't have to be. As an Evernote user since 2008 and an avid GTD'er since 2002, this book is an actionable exploration into my GTD implementation in Evernote. Since merging GTD workflow into Evernote, I've been able to stop the constant productivity app jumping to find that "perfect app" and stick to a single ecosystem that not only handles all of my reference material from years of Evernote-usage but also allows me to stay productive by managing all of my day-to-day tasks as well.

Part I: Basic Evernote concepts If you are brand new to using GTD with Evernote, this is where you should start reading the book. Start by looking at what Evernote is and what it is not. In so doing, we can set the expectations of what you'll be able to get out of Evernote.

Part II: Getting things done with Evernote This is a very in-depth explanation of the tools and methods to get things done in Evernote

Part III: How I get things done with Evernote (and you can, too) This section is the fastest and most-straightforward explanation of my GTD usage in Evernote. It is geared towards advanced GTD'ers and advanced Evernote users. In here, we'll go through my day-to-day process of how I get things done with Evernote in a manner that will allow you to get things done in Evernote also.

Don't Stick Your Dick in a Blender Jonathan Roseland, 2020-09-21 Women are dangerous. Good, yet naive, men routinely wreck their lives because they “stick their dick in a blender” — having sex

with the wrong kinds of women. STDs, unplanned pregnancies, false accusations, mental health headcases, and divorce make chasing skirts a dangerous game. While lesser men retreat from the pursuit of women into the pixel-powered pleasure world, you have faith that your hunt for a virtuous woman will be fruitful. You can't take a time-machine back to a more decent age to find a marriageable woman. You're not ready to give up on your genetic purpose and start banging sex robots, but you're tired of the transient, meaningless flings with mediocre women. You're likely underestimating just how risky sex, a relationship, or marriage is with the modern woman. But you're also underestimating just how rewarding it is to win the commitment of "a nice girl" — a truly feminine woman, not at war with the natural order — and intertwine your essence with hers. Don't Stick Your Dick in a Blender" is an irreverent, politically incorrect exposition of the state of dating in the current year. And a playbook of counter-intuitive approaches, advanced social dynamics lifehacks, along with filtering strategies for avoiding the time-wasters and inglorious skanks. How to meet a nice girl... Meeting a wife-material woman - Yes, it's still possible! Dating post-COVID-19 - The global pandemic/plandemic has changed the game, you must adapt. The truth about marrying an exotic foreign woman - Is it for you? Online dating - Navigating the digital minefield of fakers, flakes, liars, and scams. Mindset demystified - Deprogramming the mainstream (and counter-culture) mindsets that cost you love. Dating abroad - How to do it without getting royally screwed. Avoiding the friend zone - Advanced persuasion and sexual signaling methods. Seducing a virgin - Why this really matters and how to do it... Eliciting yielding Yin energy - Inspiring a woman to adopt your values. Cultivating her devotion - Get laid like a "lover" and get respect like a patriarchal provider. Tantric "sex hacks" - Up your bedroom skills with an arsenal of holistic biohacks (both ancient and cutting-edge) for life-changing sex. Losing your virginity - Perhaps you're a frustrated virgin or "Incel" disappointed with all

the crappy advice about how to lose your virginity. 33 steps are broken down for meaningfully losing your virginity. And in these pages, you'll get the "red pills" on dating, sex, and the fairer sex without the hopelessness and cynicism. You'll learn about the four red flags of a "blender" — deal-breakers that should make you back away slowly from a woman. You'll learn what qualifies as a virtuous woman who you might have a future with. And, why there's a lot of reasons to be optimistic about finding love and even getting married one day. This book is also a story of hope and redemption, the memoir of a reformed pickup artist who "enjoyed the decline" all the way from America and Colombia to Ukraine and found edifying joy and meaning between the voluptuous thighs of a beautiful Bulgarian woman on the edge of Europe.
