**Eve's Diary (Diversion Illustrated Classics)** Mark Twain, 2015-05-12 Introducing Diversion Classics, an illustrated series that showcases great works of literature from the world's most beloved authors. In this first-person story of the Garden of Eden, the world's first woman chronicles her daily life. Eve's observations of the natural world, her own existence, and of course, her husband, Adam, are both comical and poignant. From her entrance into Eden to her eventual death, EVE'S DIARY is Mark Twain's unique spin on one of the most well-known stories in history.

**Eve's Diary illustrated** Mark Twain, 2021-08-18 Eve's Diary illustrated Mark Twain - This story puts a new twist on a very old story: the story of Adam and Eve from the Bible. In the Bible story, Eve, the first woman, is created as a partner for Adam, the first man. When she tempts Adam into eating forbidden fruit, they are thrown out of the garden of Eden. Twain's story, however, is from Eve's point of view. It paints a picture of her as fully independent with likes, dislikes, joys, and sorrows. She is separate from Adam, and the story follows as she discovers him and eventually falls in love. Twain takes the original Adam and Eve story and puts Eve in a positive light, showing her as a complete person. Eve's Diary (1906) is one of Twain's best stories, in which he addresses gender equity issues, using his iconic wit and satire. We mention this story in The Unreliable Narrator as a Reliable Narrator in contrast with Extracts from Adam's Diary. On the first day of her existence in the Garden of Eden, Eve begins her diary, believing herself to be part of a great experiment. Eve demonstrates a profound appreciation of and curiosity about her surroundings and attempts to win the affection of the insensitive Adam. The two remain together after being expelled from the Garden, and after Eve's death, Adam

reflects that Eden existed wherever Eve did.

USAArtist, newspaper journalist, war correspondent, magazine illustrator and son of famous author and journalist Julian Ralph. Lester married Elsie Reasoner, America's first female war correspondent and well known accomplished artist and sculptor, in May 1904. After Elsie's unfortunate sudden death in 1913 while visiting her sister in Lloyd Florida, Lester married again to Pauline and they had a child before 1915, according to census records. Lester Ralph attracted attention by his illustrations of Mark Twain's *Eve's Diary*. Because of the graphic drawings, particularly those of Eve, the book was widely banned and the center of much controversy. Mark Twain himself was very pleased with the illustrations. Along with many libraries, when the Charleton Public Library in Pennsylvania in 1906 banned the book because of Lester Ralph's graphic illustrations, Twain referred to those making that decision as the Charleton Library freaks. In 2011 the library agreed to display the book for a week. *Eves' Diary* Mark Twain,2013-04-01 Eve's Diary is one of the most famous and notable entries in Mark Twain's series purporting to be the diaries of Adam and Eve. Like the others, it is a different take on the classic story; both humorous and thought-provoking, it recreates the famous scene with surprising plausibility and is very enjoyable. This begins somewhat more light-heartedly than the related stories, and is indeed quite funny, but ends with one of the

most powerfully affecting love meditations ever. It is hard to read without a tear, and anyone who has ever loved will be profoundly touched. Often seen as a tribute to Twain's recently deceased wife, this is a small masterpiece. Anyone interested in Twain should read it, especially those who enjoyed related pieces, and it is highly recommended for anyone interested in Genesis - and indeed for everyone, as its core element is the most universal of human feelings. Though well worth reading in itself, it is available in collections - The Bible According to Mark Twain, etc. - alongside related pieces and many other works, making a standalone hard to justify.

Excerpt from book: f-nr'0 iarij the other one, though I did make some close shots, for I saw the black blot of the clod sail right into the midst of the golden clusters forty or fifty times, just barely missing them, and if I could have held out a little longer maybe I could have got one. So I cried a little, which was natural, I suppose, for one of my age, and after I was rested I got a basket and started for a place on the extreme rim of the circle, where the stars were close to the ground and I could get them with my hands, which would be better, anyway, because I could gather

them tenderly then, and not break them. But it was farther than I thought, and at last I had to give it up; I was so tired I couldn't drag my feet another step; and be- Saturday sides, they were sore and hurt me very much. I couldn't get back home; it was too far, and turning cold; but I found some tigers, and nestled in among them and was most adorably comfortable, and their breath was sweet and pleasant, because they live on strawberries. I had never seen a tiger before, but I knew them in a minute by the stripes. If I could have one of those skins, it would make a lovely gown. To-day I am getting better ideas about distances. I was so eager to get hold of every pretty thing that I giddily grabbed for it, sometimes when it was too far off, and sometimes when it was but six inches away but seemed a foot alas, with Saturday thorns between! I learned a lesson; also I made an axiom, all out of my own head my very first one: The scratched Experiment shuns the thorn. I think it is a very good one for one so young. I followed the other Experiment around, yesterday afternoon, at a distance, to see what it might be for, if I could. But I was not able to make out. I think it is a man. I had never seen...
