Ovid, Metamorphoses X Ovid,2015-02-12 Metamorphoses is an epic-style, narrative poem written in hexameters. Original, inventive and charming, the poem tells the stories of myths

featuring transformations, from the creation of the universe to the death and deification of Julius Caesar. This edition contains the Latin text as well as in-depth commentary notes that provide language support, explain difficult words and phrases, highlight literary features and supply background knowledge. The introduction presents an overview of Ovid and the historical and literary context, as well as a plot synopsis and a discussion of the literary genre. Suggested reading is also included.

Stephen Colbert's Midnight Confessions Stephen Colbert, The Staff of The Late Show with Stephen Colbert, 2017-09-05 Forgive him, Father, for Stephen Colbert has sinned. He knew it was

wrong at the time. But he went ahead and did it anyway. Now he's begging for forgiveness. Based on his popular segment from The Late Show, Stephen Colbert and his team of writers now reveal his most shameful secrets to millions (although, actually, he'd like you not to tell anyone). Midnight Confessions is an illustrated collection of Stephen Colbert at his most brilliant and irreverent.

I Never Metaphor I Didn't Like Dr. Mardy Grothe, 2009-10-06 The murals in restaurants are on a par with the food in museums. America is an enormous frosted cupcake in the middle of millions of starving people. Critics are like pigs at the pastry cart. Describing something by relating it to another thing is the essence of metaphorical thought. It is one of the oldest activities of humankind—and one of the most impressive when done skillfully. Throughout history, many masters of metaphor have crafted observations that are so spectacular they have taken up a permanent residence in our minds. In I Never Metaphor I Didn't Like, quotation maven Dr. Mardy Grothe fixes his attention on the three superstars of figurative language—analogies, metaphors, and similes. The result is an extraordinary compilation of nearly 2,000 feats of association that will entertain, educate, and occasionally inspire quotation lovers everywhere. In this intellectual smorgasbord, the author of Oxymoronica and Viva la Repartee explains figurative language in a refreshingly down-to-earth way before taking readers on a tour of history's greatest word pictures. In chapters on wit, love, sex, stage and screen, insults, politics, sports, and more, you will find quotations from Aristotle and Maya Angelou to George Washington and Oprah Winfrey.

Expository Apologetics Voddie Baucham Jr., 2015-10-31 Apologetics is for everyone. The Bible is clear that all believers are called to defend their faith. However, if apologetics is the formal process that we have come to expect, this sounds like an impossible task. But what if apologetics could be part of natural, normal conversation—both from the pulpit and in everyday life? Aimed at preparing

you to clearly and confidently defend your faith, Expository Apologetics sets forth an approach to apologetics that is rooted in Scripture and eminently accessible. Filled with real-world examples and practical advice, this book will equip you with the tools you need to think biblically and converse persuasively—offering unbelievers “a reason for the hope that is in you.”

Satires II Quintus Horatius Flaccus,1993

Tiberius Caesar George Philip Baker,2001 This astute and fair-minded biography of the reign of Tiberius Caesar (42 BC - 37 AD), second emperor of Rome, balances the portrait of an upright soldier-statesman - austere, just, and capable - with the infamy of the murderous tyrant known for his vices and depraved appetites.

Augustus Evelyn S. Shuckburgh,2023-12-23 Emperor Augustus, the nephew of Julius Caesar, was one of the greatest and, some say, the most successful Roman emperor. This book presents a history of his life and deeds, so it's not a mere biography; it analyzes his activity as a ruler and a Politian. The author follows the great emperor from his succeeding to the throne after the death of Julius Caesar, pays special attention to his reforms, a new constitution, his relations with the triumvirate, and his family life and worshippers. The author takes a deep insight into different sides of Augustus's life and follows the great emperor up to his death. Although the book is historical, it is written in a light and understandable manner and contains some interesting details, making it an easy, informative, and captivating read.
