Classic British Bikes Mirco De Cet, Andrew Kemp, 2015-07 This book deals with the golden age of the British motorcycle, featuring 100 machines shown in over 200 photographs. It offers a chronological survey of British motorcycles from the pioneers of 1900 through to the end of the 20th century. It features all the famous marques, such as AJS, Brough, BSA, Douglas, Greeves, Norton, Panther, Royal Enfield, Rudge, Scott, Sunbeam, Triumph, Velocette, Vincent and Zenith. Each entry includes information about the history of the bike, with specification panels detailing years in production, engine type, bore and stroke, capacity, gearbox, brakes, transmission, power, weight and top speed. From the beginning of the 20th century, the British motorcycle rapidly gained in reliability and sophistication. It began as a plaything of the leisured classes, until the war forced it into a utilitarian role. When peace returned in the 1920s, it was poised to fill a demand for mass transport, ushering in a golden age. Divided into four sections - The Pioneers, Vintage Days, The Classic Era, and Endings and Beginnings - this book profiles 100 of the best-loved machines that shaped a century of motorcycle design. It includes all the famous marques, each one illustrated with identification photographs, making it a book every bike enthusiast will want to own.

From Welbike to Corgi Peter Miller,2006 When I first wrote From Welbike to Corgi, I had not fully appreciated the great affection felt for these idiosyncratic scooters nor the enthusiasm they generate in owners, both past and present. It was surprising to me to sell all the copies printed, but also very pleasing as it provided the opportunity to revise the book and incorporate new information. I hope this new, extended edition will provide some further items of interest to existing owners and enlightenment for new owners and enthusiasts.--Foreword to the 2nd ed.
