## **Carpei Audientiam: Executive Level Presence** Dan

Brooks, 2014-07-07 This book can change the trajectory of your career. Carpei Audientiam develops the specific skills that move your agenda forward with strategic level personnel, those individuals who have P&L responsibility and leverage within their organizations to make quick decisions. Rather than just present, you will proactively seize the audience; whether one – on – one, one – on – many; seated or standing; external customers or internal management; concisely state your value proposition, project competence and instill confidence that you can get the job done. Critically, you will learn how to successfully engage the “tough crowd”. How to identify your “supporters”, pull the “fence sitters” over to your solution, and minimize the “mortal enemies” (most of us make the mistake of attempting to win them over and thereby see our recommendations derailed). You will never win over the “mortal enemy.” Stop wasting your precious time on that futile objective. In the final analysis, the techniques in Carpei Audientiam will provide you with the highest probability of gaining the decisions and support you need to achieve your business and financial objectives. Decisions that will impact your career! “All too often, when trying to drive our agenda, we spend the vast majority of our time talking about what is important to us. Unfortunately, what we say may or may not be important to audience, and in some cases can actually turn the audience against you. Thus, the objective should be to deliver our message as clearly and concisely as possible and then proactively engage the audience to read their reaction and understand what is important to them in order to obtain the desired outcomes.” -- Jeff Thompson, President, CEO & Chairman, Enaltus “Essential reading for anyone who must engage key stakeholders (whether

internal or external to your company) and deliver the solution with maximum impact.” --Dan Greenleaf, President & CEO, Home Solutions. “A career maker or breaker. The techniques all of us need to proactively engage our audience and differentiate ourselves as the solution.” --Ed Roberts, Vice President Managed Care & Workers Compensation, DJO

**Unleash Your BS (Best Self)** Jeff Black, Carol Hamilton, Kimberly Faith Madden, 2015-04-07 Based on a corporate crisis ripped from today’s headlines, *Unleash Your BS (Best Self)* tells the tale of Fortune 500 managers who are suddenly facing a post-merger downsizing. With their careers hanging in the balance, they are dropped into a leadership and communications training program that will either leave them in charge . . . or leave them behind. JT Black, the independent consultant known for his entertaining style and powerful results, is assigned the task of developing their leadership finesse, executive presence, and communication skills. In other words, cajoling them to lead and be heard. *Unleash Your BS* is for every manager ready to rise to the next level of his or her leadership. Whether you’re in a volatile work environment or are gearing up for your next promotion, this book offers concrete techniques for enhancing your executive presence and strengthening your personal brand.

**Eye Of The Storm** Ray Williams, 2015-05-02 Ray Williams is acknowledged as one of Canada's pre-eminent executive coaches, professional speakers and thought leaders on leadership, workplace culture, personal well being and mindfulness. With *Eye of the Storm*, he presents his first book exploring in-depth the problems of a chaotic workplace and powerful leadership strategies to institute mindfulness practices into personal lives and organizations. Ray Williams presents

fa powerful low-cost leadership strategy to address these issues--mindfulness practices. These practices include leaders demonstrating a mindful leadership style and specific practical mindful practices that include not only opportunities for meditation, but also informal mindfulness activities. He shows how these practices can have a practical and measurable impact on increasing and sustaining a productive and happy workplace.

**Executive Presence** Sylvia Ann Hewlett, 2014-06-03 Are you “leadership material?” More importantly, do others perceive you to be? Sylvia Ann Hewlett, a noted expert on workplace power and influence, shows you how to identify and embody the Executive Presence (EP) that you need to succeed. You can have the experience and qualifications of a leader, but without executive presence, you won’t advance. EP is an amalgam of qualities that true leaders exude, a presence that telegraphs you’re in charge or deserve to be. Articulating those qualities isn’t easy, however. Based on a nationwide survey of college graduates working across a range of sectors and occupations, Sylvia Hewlett and the Center for Talent Innovation discovered that EP is a dynamic, cohesive mix of appearance, communication, and gravitas. While these elements are not equal, to have true EP, you must know how to use all of them to your advantage. Filled with eye-opening insights, analysis, and practical advice for both men and women, mixed with illustrative examples from executives learning to use the EP, Executive Presence will help you make the leap from working like an executive to feeling like an executive.

*Seeing Eye to Eye* Jonathan Kettleborough, 2012-12-04 People Professionals are under pressure from all areas. They’re being asked to deliver more with less, to justify their existence and to show how

their activities have a positive benefit on the businesses they serve. Budgets are constantly under pressure and in some quarters are being slashed. Times are tight and are set to stay that way for some time to come. But it doesn't have to be this way. It's possible to rise above these issues and demonstrate that People Professionals can deliver lasting value, but to do that you must listen to the needs of your businesses, for if you do that, and do it right, then you can set yourselves up for long-term success. This book will guide you through the changes necessary to create alignment with your business. This means being able to say goodbye to constant budget cuts and lack of interest from senior executives, instead, with the right approach you'll be able to say hello to adding real value to your business and customers. You'll start to get the investment you deserve for your projects, to be approached by senior executives to solve complex business problems and to be thanked and praised by your Managing Director / Chief Executive Officer for all the positive changes you've made. It's your future and it's in your hands.

**Stand Out** Carol Kinsey Goman, 2020-09-10 WINNER:

Independent Press Awards 2021 - Business: Motivational

DISTINGUISHED FAVORITE: NYC Big Book Award 2021 -

Leadership Leadership presence doesn't come with a title or promotion - good leaders develop presence over time. Leadership presence is how you show up and contribute to meetings, and whether or not you can project confidence and poise under pressure - do you already have a presence? Leadership presence is that elusive we know it when we see it quality. You may have a leadership title or tremendous leadership potential, but that alone does not give you presence. Being perceived as a leader when interacting with customers, peers or executives is the essence of leadership presence.

Your leadership presence is evaluated by others based on how you show up and contribute in meetings, how well you project confidence and keep poise under pressure and whether you can engage others in ways that are authentic, empathetic and motivational. *Stand Out* walks you through achieving this presence so you get that next promotion and give your career that extra boost. *Stand Out* explains that the goal of leadership presence is to align other people's impression of you with your best authentic self. Body language expert and executive coach Carol Kinsey Goman teaches the five essential skills needed: composure, connection, confidence, credibility and charisma. She also explains how leadership presence is different for women, how nonverbal communication builds or destroys presence and why self-promotion is essential. This book shows aspiring and experienced leaders alike how to more positively influence the impression they make on others.

**Borish's Clinical Refraction - E-Book** William J.

Benjamin, 2006-06-21 Now updated and expanded to cover the latest technologies, this full-color text on clinical refraction uses an easy-to-read format to give optometry students and practitioners all the important information they need. Also covers a wide range of other aspects of the eye exam, including anterior and posterior segment evaluations, contact lens, ocular pharmacology, and visual field analysis. Four new chapters cover wavefront-guided refraction, optical correction with refractive surgeries, prosthetic devices, and patients with ocular pathology. Offer precise, step-by-step how-to's for performing all of the most effective refractive techniques. Presents individualized refractive approaches for the full range of patients, including special patient populations. Contributors are internationally recognized, leading authorities in the field. New full-color design

with full-color images throughout. Completely updated and expanded to include current technologies. A new chapter on Optical Correction with Refractive Surgeries, including keratoplasty, traditional refractive surgeries (e.g. LASIK and PRK), crystalline lens extraction with and without pseudophakia, the new presbyopic surgery, etc. A new chapter on Wavefront Guided Refraction provides information on the advantages and limitations the Hartmann-Shack Method for objective refraction plus aberrometry and the refraction and the use of in the correction of the eye with spectacles, contact lenses, and refractive surgery. A new chapter on Patients with Ocular Pathology reflects the most current knowledge of patients with ocular pathologies. Provides information on Optical Correction with Prosthetic Devices, including corneal onlays, stromal implants, phakic intraocular lenses, etc. Includes new chapters and/or discussions on such topics as: Aberrations of the Eye, Refractive Consequences of Eye Pathology, Diagnosis and Treatment of Dry Eye, Diagnosis of Pathology of the Anterior Segment, Diagnosis of Glaucoma, and Diagnosis of Pathology of the Posterior Segment. Visual Acuity chapter expanded to include the effect of refractive error on visual acuity and statistics on how much of a change in visual acuity is significant. Objective Refraction, Corneal Topography, and Visual Field Analysis chapters include the addition of new electro-optical and computer techniques and equipment. Chapters on Multifocal Spectacle Lenses and Contact Lenses now cover newer progressive addition lenses and contact lenses that are now on the market. Electrodiagnosis chapter revised to take a more clinical approach.

*Red Flags of IT Sector Frauds ,*

*Multireal* David Louis Edelman, 2009-09-18 Natch has just won his first battle with the Defense and Wellness Council for control of

MultiReal technology. But now the Council has unleashed the ruthless cunning of Lieutenant Executive Magan Kai Lee. Lee decides that if Natch's company can't be destroyed from without, it must be destroyed from within. As black code continues to eat away at Natch's sanity, he faces a mutiny from his own apprentices, a legal onslaught from the government, and the return of enemies old and new. In desperation, the entrepreneur turns to some unlikely allies: a radical politician with an agenda of his own, and a childhood enemy to whom he has done a terrible wrong. Natch's struggle will take him from the halls of power in Melbourne to the ruined cities of the diss. Hanging in the balance is the fate of MultiReal, a technology that could end the tyranny of the Council forever—or give the Council the ultimate weapon of oppression.

**Executive Presentations** Jacqui Harper, 2018-10-19 \*SHORT-LISTED FOR THE BUSINESS BOOK AWARDS 2019!\* This book equips executives to give compelling and clear presentations: the kind of presentations that drive corporate change and innovation AND make reputations. And it's all down to presence. Presence works at three levels - what you say, how you use your body, and your mindset. Level 1: Discover how to transform ideas and business messages with a simple 5-step tool. Level 2: Learn how to leverage your physical presence when speaking, including your style, body language and vocal presence. Level 3: Speak with confidence and resilience by developing your mindset, with four powerful tools to transform the way you think as you prepare to present. Jacqui Harper writes in a warm, authoritative style. Her rich blend of tools, tips and expert advice will help you become a consistently outstanding communicator.

**Business Intelligence Bull's-Eye** Heather L. Cole, 2018-03-07 A

simple parable for executive's wanting to learn the secret to becoming an analytic leader who transforms their organization, conquering market share and increasing profits with data and analytics. This book provides a discussion of the components necessary to succeed at business intelligence, analytics and artificial intelligence. It introduces the Business Intelligence Bull's-eye Framework, a pragmatic methodology executives, with no analytic or technical skills, can implement immediately. This book is the first step toward analytic leadership during the data revolution. Free downloadable tools and templates are available with this book.

Executive Advantage Jacqui Grey, 2013-02-03 The pressures on executives to succeed, both internal and external, are intense. They are constantly fighting to make sense of their changing worlds and to make the right decisions for themselves, their teams and their business. Executive Advantage gives ambitious leaders the powerful strategies they need to become authentic 21st century leaders. It makes sense of the complexities faced by organizations, especially in the face of aggressive growth or, conversely, recession and downsizing. Any change presents challenges and it's the leader's role to tackle these head on. Understanding human needs, and the

consequences of not meeting these needs, is key to effective handling of change, conflict and executive 'gremlins', the barriers and sticking points that can get in the way of optimal business performance. Leadership expert Jacqui Grey presents a 10 step solution for leaders who are looking to make a real difference in their business.

*Less Than Meets the Eye* Barbara Hinckley, 1994-06 Focusing on cases involving major military action, foreign aid authorization, and key controversial votes in both legislative branches, Hinckley shows that—appearances to the contrary—Congress more often than not votes with the President, and has done so for the last few decades. Despite occasional flurries of activity on carefully chosen symbolic issues, most foreign policy issues never even make the Congressional agenda. Those that do are often dispatched with demands for reports that are left unread or with tough restrictions having built-in escape provisions. Both branches, Hinckley argues, encourage this image of conflict and profit from the symbolic political capital it produces. This process comes to light in her analysis of aid to Nicaragua. What Hinckley reveals is sharply at odds with conventional wisdom and unflattering to both the executive and the legislative branches of government. More than a critical reassessment, this book also proposes reforms that might result in real congressional participation in the making of foreign policy. With its insight into how our system of checks and balances works—and doesn't—this book takes a first step toward making the peoples' representatives accountable for crucial American interests in foreign matters.

VCR and Film Catalog , 1987

Congress and the American Tradition James Burnham, 2017-11-30  
Most Americans would probably be surprised to hear that, in 1959, James Burnham, a leading political thinker questioned whether

Congress would survive, and whether the Executive Branch of the American government would become a dictatorship. In the last decade, members of Congress have impeached a president, rejected or refused to consider presidential nominees, and appear in the media criticizing the chief executive. Congress does not exactly appear to be at risk of expiring. Regardless of how we perceive Congress today, more than forty years after Congress and the American Tradition was written, Burnham's questions, arguments, and political analysis still have much to tell us about freedom and political order. Burnham originally intended Congress and the American Tradition as a response to liberal critics of Senator McCarthy's investigations of communist influence in the United States. He developed it into a detailed analysis of the history and functioning of Congress, its changing relationship with the Executive Branch, and the danger of despotism, even in a democratic society. The book is organized into three distinct parts. The American System of Government, analyzes the concept of government, ideology and tradition, power, and the place and function of Congress within the American government. The Present Position of Congress, explores its law-making power, Congressional commissions, treaties, investigatory power, and proposals for Congressional reform. The Future of Congress, discusses democracy and liberty, and ultimately asks, Can Congress Survive? Michael Henry's new introduction sheds much insight into Burnham's writings and worldview, combining biography and penetrating scholarly analysis. He makes it clear why this work is of continuing importance to political theoreticians, historians, philosophers, and those interested in American government. James Burnham (1905-1987) began his career as a professor of philosophy at New York University. He co-founded, with William F. Buckley, Jr.,

The National Review. His books include *The Managerial Revolution*, *The Machiavellians: Defenders of Freedom*, and *Suicide of the West*. Michael Henry received his advanced degree in political theory. He has been teaching philosophy at St. John's University in New York since 1977.

**Fostering Innovation** Andrew Laudato, 2022-02-09 Proven and practical strategies for leading IT teams and departments In *Fostering Innovation: How to Build an Amazing IT Team*, accomplished technology strategist, executive, and leader Andrew Laudato delivers an eye-opening exploration of how to design, build, staff, and run a high-performing IT department. The book is filled with universally applicable strategies and techniques that can transform any IT team into an all-star cast perfectly aligned with your organization's objectives. Incorporating proven and practical processes throughout the narrative, the book offers useful continuous improvement concepts the reader can apply to their team, company, and professional development. Readers will also find: Foolproof ways to put people before technology Detailed discussions of perennially important topics, like the importance of uptime, how to deploy redundancy, and creating the perfect organization chart Strategies for managing and motivating the wonderfully unique individuals we refer to as technologists. The perfect resource for newly minted Chief Information Officers and Chief Technology Officers, *Fostering Innovation* will also earn a place in the libraries of non-technical professionals who work closely with IT, and business leaders seeking a better understanding of how to lead an IT team.
