La evolución de la identidad regional en los territorios del antiguo Reino de León SALGADO FUENTES, Carlos Javier,2016-06-15 La presente investigación estudia la problemática territorial existente en las provincias de Salamanca, Zamora y León, históricamente integradas en el Reino o Región de León. En ellas, se contraponen la aceptación de la comunidad de Castilla y León con el deseo, por parte de un sector de su población, de crear una autonomía que agrupe a estas tres provincias. Con el presente estudio se pretende dar respuesta, desde el punto de vista politológico, a todo lo concerniente a esta cuestión. Para ello, la investigación se ha apoyado, aparte de en la ciencia política, en otras áreas de conocimiento que poseen factores interesantes que aportar para comprender la problemática que se aborda, como la sociología, la economía, la historia o el derecho.
