SHADES OF LOVE Michél D. Schofield,2015-06-12 Pen and paper are my canvas to painting a beautiful picture ...of self-expression

An Expression of Love Dave Rouhier,2019-10-08 This is a book of love and life. What is love? I have explained it in these poems: love for your mate or sweetheart; love for your parents and siblings; love for humanity; love for nature; and most of all, love for God. Along with these are poems about life situations. They will open your mind and touch your heart. The topics include poems of honesty, kindness and peace of mind to name a few. Love, and peace of mind, come from the deep stillness within yourself. Love is a facet of your Being, inseparable from whom you are. Inside this stillness is The Christ within, and the truth that God is True Love. True Love can be defined as the expression of the oneness of yourself with all of creation; the knowing that when you meet someone, or something, you are meeting yourself. This place within is where wisdom, knowing and truth are also found. There is a very deep abiding peace flowing from it. It has no shape, no form, but is who you are at your deepest level. This place contains infinite love because it is God within. It is eternal and never changes. It is consciousness itself. Your greatest source of Love, Joy and Peace is always within yourself. Peace is not found by rearranging "things" in your life, but by discovering who you are at your deepest level. These poems are cause to invoke emotions. Let them take you to that place deep within yourself where True Love and Peace reside. My greatest wish for you is that you too will experience the Love, Joy and Peace that dwell within you, drawn out by these poems.

Different Shades Of Love... Jaya Mishra,2020-12-13 I never expected myself to become a writer neither I was an avid reader. But one thing that triggered me to write this book was my disposition towards sexuality when I was in the first year of my graduation. So, I decided to explore more about this unexplored arena, unaware of the fact that I was entering the grey shade that existed in the world centuries ago but hardly people talked about it. Even now too most people avoid talking about sexuality. Well, the more I probed into this, the deeper I dived into it. I came across many factors that I thought to put into words and let the world know about the darker side of this arena called "sexuality". So, what now you are holding in your hand is something not filled with several colors but it definitely has some shades. And I urge you not to judge the characters without keeping yourself in their shoes. This book will take you to the world which you might have heard about it but have not observed it yet. Remember! Love is love and it needs not any validation about your attributes or your professed sexuality.

Aulsondro Novelist Hamilton,2015 The author, Aulsondro Novelist Hamilton's, 50 SHADES of L.O.V.E. - Learning Our Various Emotions, is a completion of poetic expressions that delve into life governed by Emotions and love. L.O.V.E. is the foundation on which all should stand on in order to better understand one another. Every day we go through various challenges, whether it's the highs or the lows, where the mood swings and the emotions change depending on the moments. The governance of love is a genetic part of who we are, in acknowledging and committing to understanding that, a person is committed to LOVE. In book one, 50 SHADES of L.O.V.E. - (Learning Our Various Emotions) the author hopes that the reader considers his poetic exploits as a tool for evoking thoughts that encourages and motivates them to want to LEARN LOVE and discover the beauty and depth of a person beyond the physical to the core

of their existence.

This volume is structured around important realms of human life and activity, each of which receives its own section: I. Family and Friendship II. Romance and Sex III. Politics and Society IV. Animals, Nature, and the Environment V. Art, Faith, and Meaning VI. Rationality and Morality VII. Traditions: Historical and Contemporary. This last section includes chapters treating love as a subject in both Western and non-Western philosophical traditions. The contributions, all appearing in print here for the first time, are written to be accessible and compelling to non-philosophers and philosophers alike; and the volume as a whole encourages professional philosophers, teachers, students, and lay readers to rethink standard constructions of philosophical canons.

Love Scenarios Glenn S. Adams, 2012-05-19 Love Scenarios presents a collection of poems and letters describing the feelings and emotions that are experienced in our everyday lives. These feelings are at the same time uniquely ours and also common to anyone who has ever experienced the ebb and flow of loving relationships. The verses of Love Scenarios can allow anyone to escape the daily stress and find some quiet sanctuary to relive, through its words, both our heartfelt fantasies and the harsh realities of life. It can also be used as a starting point for discussions of personal relationships, enabling us to share our experiences and relationships. Life is not perfect, but sharing these experiences through Love Scenarios provides an opportunity to open our hearts to the reality of everyday life. Imagine a beautiful scene with a lovely beginning brought to a climactic moment and a wonderful ending. Imagine walking the beach holding each others hand or in each others arms, watching the waves crashing on the sand. Its that first kiss that makes your heart skip a beat and the way he says your name that sweeps you off your feet. You cant wait for the girls to see your smile and that magic glow and to share in the wonderful high from your love scenario.

Shades of Love (HC) Haviv Elana Trocki-Videll, 2021-01-27 Shades of Love: Poetry of Life and Love Lost and Found By: Haviv Elana Trocki-Videll While others may write their thoughts in a diary, after a great date or horrific fight with friends and loved ones, Haviv Elana Trocki-Videll has written and continues to write poems inspired by her experiences. Shades of Love... is a book of 18 of these poems, inspired by the ups and downs of her personal experiences in life and love. She chose 18 of her poems for this book because the number 18 signifies life and also because she wanted to remind readers that in life we experience many shades of love (romantic, be it unrequited or reciprocal, platonic, unconditional, personal, even hatred is a shade of love and not its opposite, as it stems from feeling, caring). Each of these is an equally important experience. That as such, even if you think you have never found love, we have all experienced even romantic love in life. Love, like life, is a journey, not a destination. So one should face all shades of love and life with courage, bravery, and optimism, for love is never really lost.
