*Spatial Information Theory* Andrew U. Frank, Irene Campari, 1993-09-02 This volume collects the papers presented at the European Conference on Spatial Information Theory (COSIT '93) held on the island of Elba, Italy, in September 1993. Spatial information theory includes disciplinary topics and interdisciplinary issues dealing with the conceptualization and formalization of large-scale (geographic) space. It contributes towards a consistent theoretical basis for Geographic Information Systems (GIS). Geographic information systems are widely used in administration, planning, and science in many different countries, and for a wide variety of applications. Research results which relevant for GIS are distributed between many disciplines and contacts between researchers have been limited. At the same time, the development of GIS has been hindered by the lack of a sound theoretical base. This conference was intended to help remedies these problems.

**The Descendants** Laksh Maheshwari, Ashish Kavi, 2024-02-04 When a fiery meteor lands on the Somvanshi estate, Jay and his mentor Kaka are the first to find it, and Jay is mesmerized by the element he finds in the orb. Using his family-owned Vantra Labs, of which he is the CEO, Jay carries out extensive research into the material, along with his team of brilliant scientists. He names the material, the black element. Little does he know the chain of events that he is about to set off. Directed by the strings of fate, Jay is heading towards the truth concealed in family legend and a prophecy that can be traced back to the times of the Mahabharata war. When Jay realizes the supernatural possibilities that the black element is capable of, he is determined to use it for the greater good. But, as history has shown, when there is power in the wrong hands, greed takes prominence and compassion takes a back seat. Amid a succession of heists, ploys, twists, tragedies and discoveries, will Jay be able to see the true picture? Will he understand the balance between fate and free will and how they can amalgamate to fulfil his purpose? Will he realize the prophecy? And is all of this simply history repeating itself?

**The Great Indoors** Emily Anthes, 2020-06-23 An Architectural Record Notable Book A fascinating, thought-provoking journey into our built environment Modern humans are an indoor species. We spend 90 percent of our time inside, shuttling between homes and offices, schools and stores, restaurants and gyms. And yet, in many ways, the indoor world remains unexplored territory. For all the time we spend inside buildings, we rarely stop to consider: How do these spaces affect our mental and physical well-being? Our thoughts, feelings, and behaviors? Our productivity, performance, and relationships? In this wide-ranging, character-driven book, science journalist Emily Anthes takes us on an adventure into the buildings in which we spend our days, exploring the profound, and sometimes unexpected, ways that they shape our lives. Drawing on cutting-edge research, she probes the pain-killing power of a well-placed window and examines how the right office layout can expand our social networks. She investigates how room temperature regulates our cognitive performance, how the microbes hiding in our homes influence our immune systems, and how cafeteria design affects what—and how much—we eat. Along the way, Anthes takes readers into an operating room designed to minimize medical errors, a school designed to boost students' physical fitness, and a prison designed to support inmates' psychological needs. And she previews the homes of the future, from the high-tech houses that could monitor our health to the 3D-printed structures that might allow us to live on the Moon. *The Great Indoors* provides a fresh perspective on our most familiar surroundings and a new understanding of the power of architecture and design. It's an argument for thoughtful interventions into the built environment and a story about how to build a

better world—one room at a time.

***Invisible Child*** Andrea Elliott,2021-10-05 PULITZER PRIZE WINNER • A “vivid and devastating” (The New York Times) portrait of an indomitable girl—from acclaimed journalist Andrea Elliott “From its first indelible pages to its rich and startling conclusion, *Invisible Child* had me, by turns, stricken, inspired, outraged, illuminated, in tears, and hungering for reimmersion in its Dickensian depths.”—Ayad Akhtar, author of *Homeland Elegies* ONE OF THE TEN BEST BOOKS OF THE YEAR: The New York Times • ONE OF THE BEST BOOKS OF THE YEAR: The Atlantic, The New York Times Book Review, Time, NPR, Library Journal In *Invisible Child*, Pulitzer Prize winner Andrea Elliott follows eight dramatic years in the life of Dasani, a girl whose imagination is as soaring as the skyscrapers near her Brooklyn shelter. In this sweeping narrative, Elliott weaves the story of Dasani’s childhood with the history of her ancestors, tracing their passage from slavery to the Great Migration north. As Dasani comes of age, New York City’s homeless crisis has exploded, deepening the chasm between rich and poor. She must guide her siblings through a world riddled by hunger, violence, racism, drug addiction, and the threat of foster care. Out on the street, Dasani becomes a fierce fighter “to protect those who I love.” When she finally escapes city life to enroll in a boarding school, she faces an impossible question: What if leaving poverty means abandoning your family, and yourself? A work of luminous and riveting prose, Elliott’s *Invisible Child* reads like a page-turning novel. It is an astonishing story about the power of resilience, the importance of family and the cost of inequality—told through the crucible of one remarkable girl. Winner of the J. Anthony Lukas Book Prize • Finalist for the Bernstein Award and the PEN/John Kenneth Galbraith Award

***The Chornbook Mysteries*** George Chornbrook,2024-01-26 Sire, a dispatch arrived from Paris. From Duc d'Otrante. Marked 'Extremely Urgent.' What is it, Meneval? Claude-Francois Baron de Meneval took his time to respond. What is it? Napoleon repeated impatiently. Murder, Sire. Lady Margaret, the Empress's lady-in-waiting, was found dead in the antechamber at the Empress's bedroom. Madame Josephine is extremely upset. She believed that Lady Margaret prevented the assassination attempt by the price of her own life... She could be his wife, but she was not. He could be her husband, but he was not. Something came across the lives of those two people: Kevin Harrison and Lionna Dorset, making it impossible to think about marriage. It was the murder of her uncle, George Dorset the Fifth, a wealthy shipowner. Brian pulled out one of his favorite Cuban cigars, chopped off the end of the cigar with a silver cutter, and used a silver lighter to bring a small blue flame to lit it. Let us say I came here posthaste to save a certain fair lady from a destiny worse than death. Meaning? Looking to the skies, Alice drew from her Turkish cigarette in an ivory holder. Jail, said Brian laconically, and sent a string of perfect smoke rings to the air, one after another. Jail? Her laugh was like a silver bell. Who would dare to arrest Princess Alice Menshikoff, the grandniece of the czar? No one. Brian nodded. But they would gladly arrest Nancy Walker from Chicago. Poor girl, murmured Alice. I already feel sorry for her. What has she done, Brian? There were a couple of bank robberies in Chicago three months ago on the tune of two million dollars in gold...
