Barbara Allan

Roadkill Barbara Ellen Brink, 2015-04-15 Blake and Shelby Gunner think they're living the perfect life. He's a hotshot homicide detective and she is doing what she loves best, small theatre acting. But after an arrest goes badly and Blake is shot and injured, they decide to leave the crime-ridden city for the quiet, quirky little hamlet where he grew up. Nestled along Lake Superior in the upper peninsula of Michigan, Port Scuttlebutt isn't as calm and serene as they anticipated. Below an innocent Mayberry surface are secrets as dangerous as the great lake's rip currents. Staying at The Drunken Sailor Bed and Breakfast, they learn that the proprietor's wife was killed in an unsolved hit-and-run and there's more to this mystery than meets the eye. The mayor, the librarian, a homeless man, and a rich old woman all have legitimate motives for murder. Can the Gunners figure it out before the killer's next victim is lying dead in the road? ~~Editorial Reviews: ROADKILL by Barbara E Brink has it all. It is an on the cozy-side mystery, fast-paced suspense, and laugh out loud humor. Her characters are strong, easy to like or not, and I found myself easily stepping into the world of Port Scuttlebutt, MI. Blake and Shelby Gunner are in the middle of a life-changing decision when murder and mayhem threaten to derail their dreams. Blake, a former cop is drawn into an old mystery fraught with personal danger. Shelby loves her man and isn't about to let him go solving mysteries and murders by himself, and decides she's the perfect woman for the job. Author Barbara E Brink's talents shine most brightly in this first book of the Double Barrel Mysteries series. -Joy DeKok, Author of Between the Lies.

Toward A Competitive Telecommunication Industry Gerald W. Brock, 2013-10-18 Providing an authoritative perspective on the best current research regarding telecommunication policy, this book is based on the 22nd Annual Telecommunications Policy Research Conference. The papers focus on the critical policy issues created by increasing competition in the industry. The book contains a careful analysis of local competition and interconnection, international competition, universal service issues, the Internet and emerging new methods of communication, and the first amendment problems created by changing telecommunication technology. It brings together -- in a convenient form -- a wide range of important scholarship on telecommunication policy that otherwise would require extensive research into a variety of journals, government filings, and unpublished papers.

Mindful Politics Melvin McLeod, 2006-07-17 Mindful Politics goes beyond right and left to get to the heart of what matters, and how everyone can participate in real political change. Mindful Politics is not a typical political book. It's not written at fever pitch, it doesn't employ the usual good vs. bad

binary, it doesn't get hung up on specific issues or policies, and it's not even specifically American. Instead, this timely book addresses the less-discussed but more important aspects of politics, such as whether religion — any religion, including Buddhism — has something to offer politics. It also discusses how dealing with emotional issues can help the activist move beyond the particulars of legislation and policy, so that personal growth and effective advocacy can occur together. Noted editor Melvin McLeod offers a brief, contextualizing introduction for each of these essays.

American Roadkill Don H. Corrigan, 2021-11-03 Slaughtered along our highways, roadkill may be observed regularly, but aren't likely to be given much thought. Research scientists, animal rights activists, roadkill artists, writers, ethicists and lyricists, however, are increasingly sounding the alarm. They report that we are killing the very animals we love, and are driving many of them to the brink of extinction. Detailing the death and destruction of mammals, reptiles, amphibians, and insect pollinators, this study examines the ways in which we are thus jeopardizing our own futures. Beginning in the Model T era, biologists counted the common carnage of the time--cottontails, woodchucks, and squirrels, mostly. That record-keeping continues today. Beyond the bleak statistics, zoologists are rerouting migratory paths of animals and are advocating for cat and dog companions. This book illuminates both our successes and failures in keeping animals out of harm's way and what those efforts reflect about ourselves and our capacity to care enough to alter the road ahead.

Roadkill Rob Thurman, 2010-03-02 New from the national bestselling author of *Deathwish* It's time to lock, load, and hit the road... Once, while half-human Cal Leandros and his brother Niko were working on a case, an ancient gypsy queen gave them a good old-fashioned backstabbing. Now, just as their P.I. business hits a slow patch, the old crone shows up with a job. She wants them to find a stolen coffin that contains a blight that makes the Black Death seem like a fond memory. But the thief

has already left town, so the Leandros brothers are going on the road. And if they're very, very lucky, there might even be a return trip...

Road Kill Dave Ebert,2015-04-15 Road Kill: Quest for Freedom bores a window back through time illuminating an era gone by. The story focuses on a place, and the events of a single Motorcycle Club during a period many call "The Golden Age of Motorcycle Clubs." The Vietnam War was not the only war fought by these young men. Road Kill fought another war, one that germinated deep inside his soul. This war was spawned by a quest he never fulfills. A "Quest for Freedom" ...and in the end, as this Club looks back, many older members tell their younger Brothers, "It's easy to see this was the most phenomenal period in our Club's long history."

Roadkill on the Highway to Heaven Chonda Pierce,2010-05-11 When life's left you flatter than a steamrolled possum, turn here for a little hope, humor, honesty, and encouragement from the Bible. It's the best of Chonda Pierce's celebrated Roadkill Reports to her fans, plus lots of new material, and it's perfect for reinflating your outlook--anytime, anywhere! Postcard from Chonda: I tell jokes for a living. It's adventurous. But to do that, I have to fly for hours. I have to take a bus for days. I have to walk up steep stairs in skinny heels. In short, I sometimes take a beating like roadkill on a country highway! Life really is one long journey to heaven. My travel journal is filled with what I've learned along the way--the hurts, the laughter, the victories, the failings, the crowds and the loneliness, and mostly, the times I've seen God at work. --Chonda

Rose is determined to save Charlie, but when the final verdict is read, her spirit is crushed by the outcome. After two encounters with Drake, she knows she will not survive a third. Yowliday Inn Susan C. Daffron, 2019-11-01 Since the accident that killed her fiancé, Erin Quinn's life has been on hold. Locked in grief, she's in no mood to embrace holiday cheer, but she runs out of excuses to avoid her family when her parents send her a plane ticket so she can spend the holidays with them in Alpine Grove. Erin hasn't been back to her hometown in more than two decades. And she never tells anyone that until she was twelve she lived in a hippie commune with no electricity or indoor plumbing. The years at the Dancing Cedars commune was a drama-filled part of her past she's worked hard to forget. When her childhood friend Dylan Bryant picks Erin up at the airport, the past starts to catch up with her. Since the commune disbanded, he's been working at his family's Christmas tree farm, a place chock full of elves, twinkle lights, questionable baked goods, and family crises. Sure, he might be three feet taller than the last time she saw him, but Dylan's offbeat personality hasn't changed. Neither has his ability to see through her defenses. At an eccentric Thanksgiving gathering, everyone discovers the old Hodgepodge Lodge at Dancing Cedars is filthy and overrun with feral cats--and maybe a skunk. Against her better judgment, Erin agrees to help Dylan clean up and repair the abandoned log structure, which has more holes than a cheese grater. In between bizarre dreams filled with oversized Santa possums and jingle bears, Erin reconnects with Dylan and finds herself increasingly drawn to the timeless serenity and beauty of the Dancing Cedars property. But when a developer makes a play for the land, they might need a miracle to save it.

Lascivious Something/Roadkill Confidential/That Pretty Pretty; Or, The Rape Play Sheila Callaghan,2011-01-01 Sheila Callaghan is one of the most distinctive playwrights working in the theater today. Fiercely political, unblinkingly experimental, yet emotionally true, her writing is a refreshing combination of the compelling and the controversial. This volume collects three of her most recent plays to date. It includes: *Lascivious Something*, a heart-rending and disturbing exploration of failed love and shattered idealism at the dawn of the Reagan era, it follows a lapsed activist's attempt to start life anew on a vineyard in Greece and what happens when the woman he left behind tracks him down; *Roadkill Confidential*, a noir-ish meditation on brutality and the intersection between fear and art, focused on an artist who uses the corpses of dead animals found on the side of the road as the medium for her creations; and *That Pretty Pretty; Or, the Rape Play*, which imagines our girls gone wild culture spiraling out to its most extreme ends while exploring issues of beauty, objectification, perversity, and naturalism in current society.

The Scream John Skipp,Craig Spector,2007 Rock 'n' Roll. Hell. Two great tastes that taste great together. Long before Elvis gyrated on the Sullivan Show or the Beatles toiled the smoky red-light bars of Hamburg, music has been sowing the seeds of liberation. Or damnation. With each new generation the edge of rebellion pushed farther. Rhythms quickened. Volume increased. Lyrics coarsened. The rules continued to be broken, until it seemed that there were no rules at all. And as waves of teens cranked it up and poured it on, parents built walls of accusation to explain their

offspring's seeming corruption. Sex and drugs, demon worship and violence are the effects. Music is the cause. Or so the self-styled guardians of morality would have us believe. Meet The Scream. Just your average everyday mega-cult band. Their music is otherworldly. Their words are disturbing. Their message is unholy. Their fans are legion. And they're not kidding. They're killing. Themselves. Each other. Everyone. Their gospel screams from the lips of babes. Their backbeat has a body count. And their encore is just the warm-up act to madness beyond belief. It emerged from a war-torn jungle, where insanity was just another word for survival. It arrived in America with an insatiable lust for power and the means to fulfill it. In the amplified roar of arena applause there beats the heart of absolute darkness.

The power to kill God Zhao Feng, eldest brother, you have taken care of me since I was a child, but I will never lose my child. Eldest brother, I know you are doing it for my own good, but I can't leave my child, let alone Yaoting. You help me take care of my child. My father will plead guilty, even if I die, I will go with him ... A Tsing Yi woman knelt down with her child in her arms, and the color of perseverance in her eyes showed itself and said firmly

Nearly Roadkill Caitlin Sullivan, Kate Bornstein, 1996 Two cybersex operators -- a man and a woman -- defy a U.S. law requiring a permit to use the Internet. Their campaign of protest leads to a general shutdown of e-mail operations across the world. By the author of *Gender Outlaw*.
