Forming the Leader's Soul Morris Dirks,2013-09-11 Forming the Leader's Soul: An Invitation to Spiritual Direction encourages Christian leaders to recover the much-needed ancient discipline of spiritual direction as a pathway to nurture spiritual and emotional health amid the challenges of leading a ministry.Many Christian leaders are finding the nature of ministry to be unsustainable in today's culture, and are searching for help. They realize their initial enthusiasm and ministry training are simply not enough

to reach the finish line. Leaders are discovering spiritual direction as a proven pathway to recover spiritual life and the sustainable ministry that follows. Several years ago spiritual direction was almost unheard of in the Protestant world. Today, this ministry is referred to in articles and books as well as highlighted at conferences. This book seeks to give the reader a starting point from which to explore the ministry of spiritual direction. It offers an inside look at the history, theological foundation, and the praxis of this spiritual discipline creating a desire for further exploration and participation. The author seeks to strengthen the reader's appreciation of spiritual direction by drawing upon his own experience as a pastor for over three decades. He uses his personal journey into spiritual direction (both as a directee and director) as a window and an invitation to discover more. Each chapter ends with a short, real-life story from a leader who participates in spiritual direction.

The Finisher Peter Lovesey,2020 On the 50th anniversary of the publication of his first novel, Peter Lovesey, Mystery Writers of America Grand Master and titan of the British detective novel, returns to the subject of his very first mystery--running. Through a particularly tragic series of events, couch potato Maeve Kelly, an elementary school teacher whose mother always assured her curvy girls shouldn't waste their time trying to be fit, has been forced to sign up for the Other Half, Bath's springtime half-marathon. The training is brutal, but she must disprove her mother and collect pledges for her aunt's beloved charity. What Maeve doesn't know is just how brutal some of the other runners are. As race day draws closer, an undocumented Albanian man named Spiro makes a run for freedom on the other side of town, escaping the chain gang that has held him hostage and its murderous foreman, who is known to his charges as The Finisher. The Finisher has killed for disobedience before, and Spiro knows there's a target on his back as he tries to lose

himself in the genteel medieval city of Bath. Meanwhile Detective Peter Diamond is tasked with crowd control on the raucous day of the race--and catches sight of a violent criminal he put away a decade ago, and who very much seems to be up to his old tricks now that he is paroled. Diamond's hackles are already up when he learns that one of the runners never crossed the finish line--disappeared without a trace. Was Diamond a spectator to the prelude to a murder?
