Scott Barnes, Alyssa Giacobbe

Face to Face Brian Grazer, 2019-09-17 Featured on CBS This Morning, Squawk Box, MSNBC, CNN, Bloomberg, Forbes, Fast Company, The New York Times, and more. "Reading Face to Face is like being a fly on the wall, watching Brian Grazer work his magic. Utterly entertaining, this is how you become Hollywood's best producer." –Malcolm Gladwell, author of Talking to Strangers

Legendary Hollywood producer and author of the bestselling *A Curious Mind*, Brian Grazer is back with a captivating new book about the life-changing ways we can connect with one another. Much of Brian Grazer's success—as a #1 New York Times bestselling author, Academy Award-winning producer, father, and husband—comes from his ability to establish genuine connections with almost anyone. In *Face to Face*, he takes you around the world and behind the scenes of some of his most iconic movies and television shows, like *A Beautiful Mind*, *Empire*, *Arrested Development*, *American Gangster*, and *8 Mile*, to show just how much in-person encounters have revolutionized his life—and how they have the power to change yours. With his flair for intriguing stories, Grazer reveals what he's learned through interactions with people like Bill Gates, Taraji P. Henson, George W. Bush, Barack Obama, Eminem, Prince, Spike Lee, and the Afghani rapper activist Sonita: that the secret to a bigger life lies in personal connection. In a world where our attention is too often focused downward at our devices, Grazer argues that we are missing an essential piece of the human experience. Only when we are face to face, able to look one

another in the eyes, can we form the kinds of connections that expand our world views, deepen our self-awareness, and ultimately lead to our greatest achievements and most meaningful moments. When we lift our eyes to look at the person in front of us, we open the door to infinite possibility.

**Face to Face Book** Martí Guixé, 2014 In un'epoca in cui i rapporti diventano inesorabilmente virtuali e l'amicizia sembra un concetto da social network, con Face to Face Book Martí Guixé ci invita a ritrovarci fisicamente, seduti fronte a fronte. Per interagire, per guardarci in faccia, per disegnarci a

vicenda. I libri di Martí Guixé non sono quasi mai soltanto libri: sono divertenti provocazioni, dialoghi giocosi con il lettore-disegnatore in cui il gioco diventa spunto di riflessione. Ancora una volta Martí Guixé ci invita a sperimentare senza rischi e a seguire le regole della nostra originalità, con un nuovo libro da fare, divertente, ironico e leggero.

**Face/On** Sharrona Pearl, 2017-04-12 Are our identities attached to our faces? If so, what happens when the face connected to the self is gone forever—or replaced? In *Face/On*, Sharrona Pearl investigates the stakes for changing the face—and the changing stakes for the face—in both contemporary society and the sciences. The first comprehensive cultural study of face transplant surgery, *Face/On* reveals our true relationships to faces and facelessness, explains the significance we place on facial manipulation, and decodes how we understand loss, reconstruction, and transplantation of the face. To achieve this, Pearl draws on a vast array of sources: bioethical and medical reports,

newspaper and television coverage, performances by pop culture icons, hospital records, personal interviews, films, and military files. She argues that we are on the cusp of a new ethics, in an opportune moment for reframing essentialist ideas about appearance in favor of a more expansive form of interpersonal interaction. Accessibly written and respectfully illustrated, *Face/On* offers a new perspective on face transplant surgery as a way to consider the self and its representation as constantly present and evolving. Highly interdisciplinary, this study will appeal to anyone wishing to know more about critical interventions into recent medicine, makeover culture, and the beauty industry.

*Frida Kahlo* Judy Chicago, Frances Borzello, Frida Kahlo, 2010 The authors examine Kahlo's overall oeuvre, grouped into categories as a way to provide insights into the number of themes Kahlo tackled, with the aim of clarifying Kahlo's singular achievement.

Acting Face to Face John Sudol, 2013-05-15 *Acting Face to Face: the Actor's Guide to Understanding How Your Face Communicates Emotion for TV and Film* is the first book to define the significant difference between acting for the stage and acting for the camera. That difference being how your face communicates thought, feeling and emotion. The actor who has the tools and skills to create and control how and what their face communicates is the actor most suited to work in front of the camera. *Acting Face to Face* is also the first book in a series about the Language of the Face - or how the face

communicates nonverbally. The book is particularly useful for actors transitioning from stage to screen, by clearly defining the difference. On stage, you communicate with your body and voice; on camera you need to add a third means of communication - your face. When you understand this difference, you also understand why only a small percentage of actors get the majority of on-camera work. Acting Face to Face reveals the tools you'll need to level the playing field. Acting Face to Face exposes the myths and misconceptions about on-camera while addressing some of the major challenges most actors face when relying solely on their stage acting training to work in front of the camera. The book contains detailed photos and experiential exercises; it also helps you understand how you personally communicate and what's missing or misunderstood about your facial expressions, so you can take your acting to the next level. After working with thousands of actors and studying the work of leading researchers in the field of emotions for over 10 years, John Sudol - a veteran actor, director, casting director, Hollywood acting teacher and audition coach - has developed this book series, which stands to change the face of acting. Though developed specifically for actors, this book is also helpful to anyone in the communications business who would benefit from knowing how their face nonverbally speaks to others.\* The second book of the Language of the Face series, Acting Face to Face 2, How to Create Genuine Emotion for the Camera is now available. Whereas the first Acting Face to Face defined the challenges of On-Camera Acting, Acting Face to Face

2, reveals a step-by-step process to overcoming those challenges.
