Foundation iPhone App Development Nick Kuh, 2012-12-30 Taking a hands-on learning approach, *Foundation iPhone App Development: Build An iPhone App in 5 Days* with iOS 6 SDK quickly enables existing programmers to become familiar and comfortable coding Objective-C using Xcode 4.5, Storyboarding and the iOS 6 SDK to create apps for the iPhone. Nick Kuh, an experienced, Apple award-winning developer, will teach readers how to build an iOS 6 iPhone app from start to finish in 5 days. During a 5-day process you will learn how to build a professional, custom-designed, object-oriented iPhone App. You'll start with a PhotoShop PSD design and an app idea. Then, throughout the remainder of the book, Nick will guide you through each stage of building the app. But it's you who will build the app. You will learn how to think like an app developer, how to turn an idea into a beautiful iPhone app. In addition to the code and programming practices introduced, the book includes numerous tips, tricks and lessons learned to help new iPhone App developers succeed on the App Store: SEO, in-app marketing approaches and how to win more 5 star reviews. The 5-day learning process is divided into the following key stages: Day 1 begins with the initial planning, paper prototyping and Photoshop design phases of an app idea. You'll learn how to provision your iOS apps for deployment to your iPhone. By the end of your first day you'll get to learn on the job, creating an Object-Oriented Black Jack Game that implements the Model View Controller paradigm in Objective C. Day 2 is all about Storyboarding: creating and connecting all of the user interface views of our app. Day 3 begins with table views and data population. By the end of the third day you'll be knee-deep in Core Data: building a data model and creating an editable, persistent data storage solution for your app. By Day 4 you'll be learning how to communicate with Facebook using Apple's new Social framework introduced in iOS 6. Day 5 kicks off with code and methods to add in-app social network marketing to your app. With your completed app you'll then learn how to submit an App to Apple alongside numerous tips and tricks to improve your chances of success and visibility in this unique marketplace. From start to finish, this book inherits Nick's tried and tested methods to build beautiful native iPhone Apps efficiently. After reading and using this book, you'll come away with a core iOS development process and coding concepts that can be re-used and applied to your own iPhone app projects. Moreover, you'll gain an understanding of how to architect your own apps, write reusable code and implement best practices for faster productivity and maybe even make some money, too.

In Kathryn's Korner: A Memoir Kathryn Spira,2015-12-11 I've been writing a column for our local daily newspaper in Upstate New York for the Sunday edition for more than 20 years. It was never my goal to be a newspaper columnist. I wanted to be an actress or maybe sing and dance on stage. But along the way to my dream, I was diagnosed with MS. I can tell you that this diagnosis has turned into a gift that changed my perspective on life and what was important. Along the way, many people have been helpful, caring, loving and supportive. This book of my memoirs is a culmination of my experiences as well as a tribute to all those people, family and friends who have helped me along the way. This support has been overwhelming. I have so much to say and share due to all these people who have been in my, that is, In Kathryn's Korner!

This book isn't about that. This book is about life after Hollyweird, as she calls it--dealing with a life-changing diagnosis of MS and surprise! still looking forward to each day! For each lemon life has thrown at her she has made lemonade. From Hollyweird to the Back Woods is a special double volume that includes both In Kathryn's Korner and Training Wheels: How My MS Led to Plan B.

Hands Free Mama Rachel Macy Stafford, 2014-01-07 “Rachel Macy Stafford's post The Day I Stopped Saying Hurry Up was a true phenomenon on The Huffington Post, igniting countless conversations online and off about freeing ourselves from the vicious cycle of keeping up with our overstuffed agendas. Hands Free Mama has the power to keep that conversation going and remind us that we must not let our lives pass us by.” --Arianna Huffington, Chair, President, and Editor-in-Chief of the Huffington Post Media Group, nationally syndicated columnist, and author of thirteen books <http://www.huffingtonpost.com/> DISCOVER THE POWER, JOY, AND LOVE of Living “Hands Free” If technology is the new addiction, then multi-tasking is the new marching order. We check our email while cooking dinner, send a text while bathing the kids, and spend more time looking into electronic screens than into the eyes of our loved ones. With our never-ending to-do lists and jam-packed schedules, it's no wonder we're distracted. But this isn't the way it has to be. In July 2010, special education teacher and mother Rachel Macy Stafford decided enough was enough. Tired of losing track of what matters most in life, Rachel began practicing simple strategies that enabled her to momentarily let go of largely meaningless distractions and engage in meaningful soul-to-soul connections. She started a blog to chronicle her endeavors and soon saw how both external and internal distractions had been sabotaging her happiness and preventing her from bonding with the people she loves most. Hands Free Mama is the digital society's answer to finding balance in a media-saturated, perfection-obsessed world. It doesn't mean giving up all technology forever. It doesn't mean forgoing our jobs and responsibilities. What it does mean is seizing the little moments that life offers us to engage in real and meaningful interaction. It means looking our loved ones in the eye and giving them the gift of our undivided attention, leaving the laundry till later to dance with our kids in the rain, and living a present, authentic, and intentional life despite a world full of distractions. So join Rachel and go hands-free. Discover what happens when you choose to open your heart—and your hands—to the possibilities of each God-given moment.
